

County: Cumberland

## Upper Deerfield Township School District (11-5300)

2023-2024

Superintendent: Dr. Peter Koza

**District Website** 

856-455-2267 x 3201

:0:

1385 Highway 77 Seabrook, NJ 08302-4261

District: Upper Deerfield Township School District

935 Total Students

PK-08 Grades Offered

## Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- . Learn more about the school and the district
- . Start conversations with school community members and ask questions
- Engage with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- . One-page guides to help start conversations for school board members, administrators, educators, elementary, and middle and high school families
- Reference Guide with details on all the data in these reports
- Frequently Asked Questions
- Understanding Adjusted Cohort Graduation Rates
- Understanding Student Growth Percentiles
- Data Privacy Rules (why you see \*'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our feedback survey. Contact reportcard@doe.nj.gov with any questions about the reports

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs outside of the district are not included in enrollment counts and percentages.

#### **Enrollment Trends by Grade**

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2021-22	2022-23	2023-24
PK	129	158	142
KG	86	84	95
1	100	94	82
2	82	101	98
3	82	90	98
4	79	81	87
5	87	83	80
6	81	87	86
7	100	85	80
8	99	97	87
Total	925	960	935

#### **Enrollment Trends by Student Group**

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Student Group	2021-22	2022-23	2023-24
Female	49.0%	51.0%	51.0%
Male	51.0%	49.0%	49.0%
Non-Binary/Undesignated Gender	≤1%	≤1%	≤1%
Economically Disadvantaged Students	48.8%	53.9%	57.0%
Students with Disabilities	23.1%	24.6%	27.3%
Multilingual Learners	7.0%	6.8%	5.8%
Students Experiencing Homelessness	0.0%	0.6%	0.6%
Students in Foster Care	0.8%	0.1%	0.5%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.2%	0.1%	0.2%

## **Enrollment by Racial and Ethnic Group**

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2021-22	2022-23	2023-24
White	40.3%	38.4%	36.4%
Hispanic	32.3%	34.8%	36.3%
Black or African American	21.0%	19.9%	20.4%
Asian	1.6%	1.5%	1.1%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%
American Indian or Alaska Native	0.3%	0.3%	0.4%
Two Or More Races	4.4%	5.1%	5.5%

## Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An SGP below 35 indicates low growth, an SGP between 35 and 65 indicates typical growth, and an SGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The NJDOE Student Growth page has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only.

(11-5300) 2023-2024

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### **English Language Arts and Mathematics Performance Trends**

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students who met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students who were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDDE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### **English Language Arts Assessment - Participation and Performance**

This table shows performance on statewide assessments for English language arts (ELA) both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results for ELA include only students in grades 3 through 9. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the NJDOE Accountability page. More information and additional data can also be found on the NJDOE Academic Achievement page.

Student Group	Valid Scores	% of students taking test	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Targ

#### **Mathematics Assessment - Participation and Performance**

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include students taking end-of-grade assessments in grades 3 through 8, as well as end-of-course assessments (Algebra II) in middle school and high school. High school mathematics assessment results include all results for Algebra II results only for students who took Algebra II in middle school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the <a href="MJDDE Accountability page">MJDDE Accountability page</a>. More information and additional data can also be found on the <a href="MJDDE Academic Achievement page">MJDDE Accountability page</a>.

Student Group	Valid Scores	% of students taking test	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Target

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### Mathematics Assessment - Performance By Grade: Grade 6

This table shows performance on the mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students who took the NJSLA, which includes students who were enrolled less than half a year.

Students in sixth grade who were enrolled in an Algebra I or Geometry course were required to take both the corresponding end-of-course assessment (Algebra I or Geometry) and the Grade 6 mathematics assessment. The results of the Grade 6 mathematics assessment are included in this data. The Algebra I or Geometry results will be used when the student is in grade 9.

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student in in grade 9.

#### **English Language Proficiency Test - Participation and Performance**

This table shows, by years in district, the number of multilingual learner students taking the ACCESS for ELLs Assessment for English language proficiency and the number and percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	# Students with Overall Score Below 4.5	% Students with Overall Score Below 4.5	# Students with Overall Score of 4.5 or Above	% Students with Overall Score 4.5 or Above
0-2	22	*	>90%	*	<10%
3-4	16	*	>90%	*	<10%
5 or more	12	*	>90%	*	<10%

#### **English Language Progress to Proficiency**

This table shows the percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/Multilingual Learners	31%	22.7%	Met Goal
t Target was met within a confidence interval

## Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the <a href="https://www.njslandards.nih.gov/">NJSLA-Science website</a> for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

# Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

## **Chronic Absenteeism Trends**

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the district. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Performance Measure	2021-22	2022-23	2023-24
Chronic Absenteeism Rate	32.5%	21.6%	20.6%
ESSA Target (State Average for Grades Served)	17.3%	16.0%	13.8%
Met ESSA Target	Not Met	Not Met	Not Met
Statewide Chronic Absenteeism Rate (All Grades)	18.1%	16.6%	14.9%

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

## Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	7
Total Unique Incidents	7
Incidents Per 100 Students Enrolled	0.75

ncident Type	Incidents Reported to Police
iolence	0
/eapons	0
andalism	0
ubstances	0
arassment, Intimidation, Bullying (HIB)	0
ther Incidents Leading to Removal	0

## **Student Disciplinary Removals: By Student Group**

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended district schools are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide received a type of disciplinary action to protect student privacy.

Student Group		% of Students with at least one In-School Suspension	# of Students with at least one Out-of-School Suspension	% of Students with at least one Out-of-School Suspension	# of Students with Any Suspension	% of Students with Any Suspension		% of Students with a Removal to other education program	# of Students with an Expulsion	% of Students with an Expulsion

## Students Arrested by Type of Incident Leading to Arrest: By Student Group

This table shows the number and percentage of students in select student groups who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended district schools are included in the arrested student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide were involved to protect student privacy.

Student Group	# of Students Arrested	Students	# of students nvolved in at least one violent ncident that led to arrest	violent incident		% of students involved in a vandalism incident that led to arrest	# of students involved in at least one substance related incident that led to arrest		# of students involved in at least one weapons related incident that led to arrest	% of students involved in a weapons related incident that led to arrest	# of students involved in at least one HIB incident that led to arrest	% of students involved in an HIB incident that led to arrest	# of students involved in at least one other type of incident that led to arrest	% of students involved in an other type of incident that led to arrest
Districtwide	0	0%	0	0%	0	0%	0	0%	0	0%	0	0%	0	0%

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

## Students Arrested by Type of Incident Leading to Arrest: By Grade Level

This table shows the number and percentage of students in each grade level who were involved in at least one incident that led to their arrest. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended district schools are included in the arrested student counts. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide were involved to protect student privacy.

# Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### Teachers - Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the School Performance Staff page.

Category	Teachers in District	Teachers in State
Total Number of teachers	87	119,239
Average years experience in public schools	15.3	12.6
Average years experience in district	12.6	11.3
Number of Teachers with 4 or more years experience in the district	67	87,243
Percentage of Teachers with 4 or more years experience in the district	77.0%	73.6%
Number of out-of-field teachers	5	2,931
Percentage of out-of-field teachers	5.7%	2.5%
Number of Teachers with Provisional Credentials	2	9,065
Percentage of Teachers with Provisional Credentials	2.3%	7.6%

### Administrators - Experience

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	7	10,170
Average years experience in public schools	21.9	16.2
Average years experience in district	8.6	12.5
Number of Administrators with 4 or more years experience in the district	5	7,734
Percentage of Administrators with 4 or more years experience in the district	71.4%	76.8%

## Staff Counts

This table shows the number of staff members assigned to the district and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only, but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system.

Staff Category	District: Total Staff Members	State: Total Staff Members
Teachers	87	119,239
Administrators	7	10,170
Librarians/Media Specialists	2	1,160
Nurses	3	3,025
School Counselors	2	4,673
Child Study Team Members	4	9,654
School Psychologists	1	2,185
School Social Workers	1	2,750
Student Assistance Coordinators	N	400
School Safety Specialists	1	681

(11-5300) 2023-2024

# Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### **Student and Staff Ratios**

This table shows ratios of students and staff members in the district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system.

Ratio	District Ratio
Students to Teachers	11:1
Students to Administrators	134:1
Teachers to Administrators	12:1
Students to Librarians/Media Specialists †	468:1
Students to Nurses †	312:1
Students to Counselors †	468:1
Students to Child Study Team Members †,††	64:1
Students to School Psychologists †	935:1
Students to School Social Workers †	935:1
Students to Student Assistance Coordinators †	N
Students to School Safety Specialists †	935:1

- † In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school
- †† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

### **Teachers and Administrators – Demographics**

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Category	Students in District	Teachers in District	Administrators in District	Students in State	Teachers in State	Administrators in State
Female	51.0%	85-90%	*	48.0%	77.0%	57.0%
Male	49.0%	10-15%	*	52.0%	23.0%	43.0%
Non-Binary/Undesignated Gender	≤1%	≤5%	*	≤1%	≤1%	≤1%
White	36.4%	91.9%	71.4%	38.2%	81.8%	74.5%
Hispanic	36.3%	2.3%	0.0%	34.0%	8.6%	8.6%
Black or African American	20.4%	2.3%	14.3%	14.2%	6.4%	14.4%
Asian	1.1%	2.3%	0.0%	10.1%	2.5%	1.6%
American Indian or Alaska Native	0.4%	1.2%	0.0%	0.2%	0.1%	0.0%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%	0.2%	0.4%	0.5%
Two or More Races	5.5%	0.0%	14.3%	3.1%	0.3%	0.4%

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

## **Teachers by Subject Area**

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area.

Subject Area	Total Number of Teachers		% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American		% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

# Per-Pupil Expenditures

# **Per-Pupil Expenditures by Source**

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE\*\*) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage ESSA School Level Reporting Information. More in-depth information about district and charter school spending can be found in the User Friendly Budget and the Annual Comprehensive Financial Report (ACFR) and Auditor Management Reports (AMRs).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

### Link to District Summary of 2023-24 School-Level Per Pupil Expenditures by Source

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Upper Deerfield Twp	Federal	State & Local	Total	ADE**
District Level Total Expenditures	\$1,489	\$17,506	\$18,995	949.4
District Level Central Expenditures		\$1,064	\$1,064	949.4
Charles F. Seabrook School	\$671	\$12,325	\$12,996	421.5
Elizabeth F. Moore School	\$1,843	\$16,026	\$17,869	268.5

# Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability SystemNew Jersey's school accountability system identifies schools in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's approved ESSA state plan, NJDOE will identify schools in the following four federal categories every three years:

- · Comprehensive Support and Improvement (CSI): Overall Low Performing:
  - Title I schools with a summative score in the bottom 5% of Title I schools.
- Comprehensive Support and Improvement (CSI): Low Graduation Rate:
- All high schools with a four-year graduation rate of 67% or less
- Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):
  - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- · Comprehensive Support and Improvement (CSI): Chronically Low Performing:
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.

Annually, NJDOE will identify schools in the following federal category:

- Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):
  - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

The NJDOE identified schools for CSI and ATSI status in fall 2023 based on data from the 2022-2023 school year, so the NJDOE did not identify schools for CSI or ATSI status based on 2023-2024 school year data. The NJDOE only identified schools for TSI status based on data from the 2023-2024 school year.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the NJDOE accountability page.

# Accountability

# **ESSA Accountability Progress**

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. **ELA and Math Proficiency**: Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) **ELA and Math Growth**: For 2022-23 and 2023-24, this data reflects median student growth percentiles (mSGPs). For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. **Four- and five-year graduation rates**: The federal adjusted cohort graduation rate. Prior year graduation rates are used for ESSA Accountability, so the graduation rates shown for 2023-2024 represent the Cohort 2023 4-year and Cohort 2022 5-year rates. **Progress toward English Language Proficiency**: The percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English language proficiency. **Chronic absenteeism**: The percentage of K-12 students who were absent for 10% or more of the days enrolled during the school year.

Important Note for 2023-24: The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE resumed using mSGPs in 2022-2023, so 2021-22 growth data should not be compared to other years.

ESSA Acountability Indicator	2021-22	2022-23	2023-24
ELA Proficiency	30.0%	28.5%	30.2%
Math Proficiency	21.2%	18.5%	20.3%
ELA Growth†	38	42	51
Math Growth†	77	48	52
4-Year Graduation Rate (Prior Year)++	N	N	N
5-Year Graduation Rate (Prior Year)††	N	N	N
Progress toward English Language Proficiency	34.1%	32.1%	31.0%
Chronic Absenteeism	32.5%	21.6%	20.6%

†An alternate measure of growth was used for the 2021-2022 school year because median student growth percentiles were not available.

††The graduation rates in this table reflect the rates used for the accountability process for the given year, which are the rates from the prior school year.

# Accountability

# Accountability Summary by Student Group - 2023-24 School Year

This table shows whether the district and each student group met annual ESSA accountability targets for each indicator.

For more information about accountability determinations, indicators, and annual targets, see the NJDOE Accountability page.

Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism

# **Narrative**

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

- Our district is part of the Educational Excellence through Equity Network and we continue to support and promote diversity, equity, and inclusion to meet the needs of all students and staff.
- Curriculum updates are in place to promote social-emotional learning and academic achievement to provide for student growth and development during their elementary and middle school years.
- Our district preschool program has been recognized as a quality program by NIEER and we continue to demonstrate progress in areas of academics and performing arts with student growth and achievement.

Mission, Vision, Theme:

The mission of the Upper Deerfield Township School District is to prepare students to become contributing citizens in both their school community and in communities that represent the world in which they live. To accomplish this, Upper Deerfield Township is committed that all students achieve the New Jersey Student Learning Standards and will maintain a staff of professionals dedicated to these standard as well as the Standards for Professional Development.

**Awards, Recognition, Accomplishments:** 

Our district has been recognized for its work in Performing Arts, mentoring, community service, safety, and student growth. Our safety and security measures in place meet the expectations of the Homeland Security Team and we continue to work in concert with them to maintain a safe and orderly environment. The ACE Music Program continues to perform at Phillies Games, Sixers Games, Temple University Athletic Events, Disney Programs, and New York Theatrical Events. Our new STEM Club has been recognized for the work it is doing and continues to thrive with a high level of student engagement.

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Courses, Curriculum, Instruction:

Students are offered rigorous curriculum aligned to the Common Core State Standards. We provide individual chrome books for each student to incorporate technology in the daily lessons. Students are instructed in Reading, Language Arts, Science, Social Studies, and Mathematics while cycling through a diversity of special are subjects which include Art, Music, Health/Physical Education, World Language, and Computer Technology. Students also have STEAM activities incorporated into the curriculum to better prepare them for the high school career. There are programs and activities for students to showcase their skills and talents as well.

**Sports and Athletics:** 

Sports Offered: Cheerleading (Girls), Field Hockey (Girls), Soccer (Boys & Girls)

Our sports programs provide our students with an opportunity to compete against other schools while promoting good sportsmanship and the opportunity to learn and acquire skills in the athletic arena.

There are after school programs available for students in all schools to expand on their academic and social skills. Clubs and Athletic programs are offered to students in-house as well as with agencies whom we have partnerships to meet the needs of all students. We highly encourage our students to participate in these activities to help them reach full potential as a well-rounded student and contributing citizen in the community.

There are after school programs available for students in all schools to expand on their academic and social skills. We highly encourage our students to participate in these activities to help them reach full potential as a well-rounded student. Programs are inclusive of all students and include academic and social support from our district and partnerships with agencies.

# **Before and After School Programs:**

Staff and Professional Learning:

Professional development with a focus on technology, DEI, SEL, and academic achievement offers our staff opportunities to meet the needs of all learners. We continue to offer both internal and external PD for our staff to promote professional growth. Professional Learning Communities per grade level analyze data, discuss student academic needs, and develop strategic learning solutions for the school. Teachers have the opportunity to attend PD sessions and are encouraged to do so as we provide in-service training, articulation among and between grade levels and model lessons. In addition, we also analyze our data to determine our PD plan and address areas identified as a need to improve instructional practice.

**Student Supports and Services:** 

Counseling services and mentoring are provided to our students along with intervention for academic support. Programs and assemblies are provided during the year to assist students and provide an opportunity for social and emotional support as well as internet safety. We have additional outside support for mentoring as well as mental health services to meet the needs of our students.

Nursing services and nutritional programming are available. Assemblies in these areas are provided to students as well. We are part of the foodbank at Woodruff and offer programs to meet health needs and dental needs through medical and dental partnerships. We have mentoring and counseling available along with health and wellness activities to support social, emotional, physical and social health and nutritional needs.

**Parent and Community Involvement:** 

Our schools are involved in the community through partnerships with businesses and schools to share services and programs for students. We continue to work together with our community to overcome any hurdles and expand our commitment to our students. Strong community involvement, and a highly devoted teaching staff are essential parts that make our school special. The PTO provides support as do parents who volunteer their time to work with students in our school activities. This provides additional support in many ways and strengthens the educational efforts of our district. Our district continues to focus on communication with parents and community by promoting parental and community support for student learning and achievement with active district/school and community partnerships. We access local talent and expertise to support our goals and objectives.

We maintain a safe and secure environment by maintaining our facilities and upgrading equipment to do so. In addition, we provide resources and training for the staff to keep current in sanitary practices. Updates to our security measures includes regular district safety team meetings; installation of barriers around playground equipment; re-routing of our traffic; safety film on windows; and locks being updated for added security. There are three schools in our district and we are exploring expansion and upgrades given the increase in our enrollment. The buildings continue to stay current to meet the needs of our students and staff.

The priority is keeping students safe and our camera system enables 24 hour monitoring. The vestibules keep people from freely entering the building to add to security. We now have two full-time security/safety officers on site and our maintenance staff and administration provide routine perimeter checks and the maintenance staff also is stationed in traffic areas during arrival and dismissal. We have additional support from our state police, sheriff's office, and homeland security who have been on site daily to assist with perimeter and building checks as well as observation of our security drills and plans. We maintain a safe and secure environment through PBSIS, our school security officers, relationship with the state police, municipal alliance, the office of the sheriff, office of the prosecutor, and student information sharing.

Students have 1:1 devices for their daily lessons and are involved in coding programs. STEAM activities have been incorporated to expand the horizons of our students through real life and virtual activities involving Science, Technology, Engineering, Arts, and Math. The new STEM Club has been working with a HAM Radio Club and launching balloons to track as well as work on radio signals to communicate.

There is a great interest in our high quality preschool program as enrollment has gone beyond our capacity. The program is full day for students in preK 3 and preK four that is for our residents to provide educational and social growth for our students at an early age. We are in the process of expanding our facilities to provide the classroom space and opportunities to give our preschool students the optimal experience in the classroom for the social, emotional, and academic growth.

We continue to make progress and educate our students to the best of our abilities. Our Summer Programs and after school academic assistance programs provide enrichment and assistance to accelerate learning and have opportunities to expand their horizons. We have been able to adjust our programs to meet student needs via technology and planning. The support of our community allows us to maintain programs and provide additional opportunities for our students with this partnership. A total school community effort among our parents, students, staff and administration is the vital component of our success and ability to meet the needs of all learners.

Our diverse student population in Upper Deerfield Township School District has created for multi-faceted approach to learning. We provide encouragement to promote collegial interaction; enhance both student and adult learning through current educational research; a safe and supportive environment; a strengthened the role of parents and community members in the school setting; plus continues to develop a district dedicated to the belief that life-long learning is a vital part of the educational process and will be the shared responsibility of the total community. The most important facet of a school district is to ensure that there is effective communication with our parents, staff and students to apprise them of all information available. Educating our children well is work which is shared by our school and our community. With school board members, parents and teachers working together collaboratively with our police, fire fighters and emergency departments sharing their time and expertise and with enumerable members of our community visiting our classrooms and contributing to the educational progress, helps us achieve our goal of excellence in the education for our children. The collaborative partnership with our State Police, Sheriff's Office and Homeland Security and our School Safety/Security Officers is a great benefit for our district in keeping students and staff safe while providing additional resources for our programs and safety measures. kozap@udts.org
