Grades Offered

Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for [school board members](#), [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see *s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact reportcard@doe.nj.gov with any questions about the reports

Overview & Resources

District Contact Information

This table contains contact information including superintendent name, address, phone number, email address, and social media information, if provided.

Type	Contact Information
County	Morris

Overview & Resources

Schools in this District

Click on a school name below to access the detailed school-level report for each school.

School Name	Grades Offered
Aaron Decker School	PK-04
Butler High School	09-12
Richard Butler School	05-08

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2021-22	2022-23	2023-24
PK	18	27	30
KG	77	61	64
1	75	76	66
2	63	79	81
3	74	60	82
4	70	73	63
5	68	71	77
6	71	71	74
7	82	74	76
8	81	84	73
9	133	127	115
10	104	141	128
11	101	104	142
12	112	115	111
Total	1,129	1,163	1,182

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Student Group	2021-22	2022-23	2023-24
Female	46.0%	46.0%	46.0%
Male	53.0%	54.0%	53.0%
Non-Binary/Undesignated Gender	≤1%	≤1%	≤1%
Economically Disadvantaged Students	17.1%	24.6%	26.0%
Students with Disabilities	22.8%	22.0%	21.5%
Multilingual Learners	5.8%	6.6%	6.8%
Students Experiencing Homelessness	0.9%	0.8%	0.4%
Students in Foster Care	0.1%	0.1%	0.0%
Military-Connected Students	0.4%	0.3%	0.3%
Migrant Students	0.0%	0.0%	0.0%

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2021-22	2022-23	2023-24
White	63.0%	62.8%	60.9%
Hispanic	29.2%	31.2%	32.7%
Black or African American	3.1%	1.8%	1.9%
Asian	2.4%	2.2%	2.2%
Native Hawaiian or Pacific Islander	0.4%	0.3%	0.3%
American Indian or Alaska Native	0.2%	0.2%	0.2%
Two Or More Races	1.7%	1.5%	1.9%

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Full / Half Day PK and KG

This table shows number of students in full day and half day Pre-Kindergarten (PK) and Kindergarten (KG) for the past three school years.

Grade	2021-22	2022-23	2023-24
PK - Half Day	16	27	30
PK - Full Day	2	0	0
KG - Half Day	0	0	0
KG - Full Day	77	61	64

Enrollment Trends by Full and Shared Time Status

This table shows the number of full- and shared-time students for the last three years. The full-time equivalent is the number of full-time students plus half the number of shared-time students.

Enrollment Status	2021-22	2022-23	2023-24
Full Time Students	1,122	1,156	1,173
Shared Time Students	13	13	16
Full Time Equivalent	1,129	1,163	1,181

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs outside of the district are not included in enrollment counts and percentages.

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An SGP below 35 indicates low growth, an SGP between 35 and 65 indicates typical growth, and an SGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The [NJDOE Student Growth page](#) has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only.

Student Growth Trends and Progress

These graphs illustrate trends in student growth over the last three years. Student growth is measured by median student growth percentile. The table below tells us how student growth over the last three years compares to the state standard of 40-59.5 and to the statewide median.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations.

ELA Median Student Growth Percentile

Math

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students who met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students who were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

ELA Proficiency Rate for Federal Accountability

Math Proficiency Rate for Federal Accountability

Performance Measure	2021-22 ELA	2022-23 ELA	2023-24 ELA	2021-22 Math	2022-23 Math	2023-24 Math
Participation Rate	98.9%	98.6%	99.1%	97.6%	98.3%	99.1%
Proficiency Rate for Federal Accountability	52.0%	60.0%	60.5%	40.7%	41.5%	40.5%
Annual Target	62.0%	63.1%	61.3%	58.3%	59.7%	43.5%
Met Annual Target?	Not Met	Met Target†	Met Target†	Not Met	Not Met	Met Target†
Statewide Proficiency Rate for Federal Accountability	49.0%	51.3%	52.2%	36.0%	38.2%	40.2%

† Target was met within a confidence interval.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English language arts (ELA) both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results for ELA include only students in grades 3 through 9. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the [NJDOE Accountability page](#). More information and additional data can also be found on the [NJDOE Academic Achievement page](#).

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include students taking end-of-grade assessments in grades 3 through 8, as well as end-of-course assessments (Algebra I, Geometry, Algebra II) in middle school and high school. High school mathematics assessment results include all results for Algebra I and Geometry and/or Algebra II results only for students who took Algebra I in middle school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the [NJDOE Accountability page](#). More information and additional data can also be found on the [NJDOE Academic Achievement page](#).

Student Group	Valid Scores	% of students taking test	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Target

Mathematics Assessment - Performance By Grade: Grade 6

This table shows performance on the mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students who took the NJSLA, which includes students who were enrolled less than half a year.

Students in sixth grade who were enrolled in an Algebra I or Geometry course were required to take both the corresponding end-of-course assessment (Algebra I or Geometry) and the Grade 6 mathematics assessment. The results of the Grade 6 mathematics assessment are included in this data. The Algebra I or Geometry results will be used when the student is in grade 9.

Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student is in grade 9.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of multilingual learner students taking the ACCESS for ELLs Assessment for English language proficiency and the number and percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	# Students with Overall Score Below 4.5	% Students with Overall Score Below 4.5	# Students with Overall Score of 4.5 or Above	% Students with Overall Score 4.5 or Above
0-2	38	*	>90%	*	<10%
3-4	21	17	81%	4	19%
5 or more	*	*	*	*	*

English Language Progress to Proficiency

This table shows the percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/Multilingual Learners	33.3%	22.7%	Met Goal

† Target was met within a confidence interval.

Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the [NJSLA-Science website](#) for more information about NJSLA-S. These results do not include students who took the Dynamic Learning Maps (DLM) Science assessment. Visit the [assessment reports page](#) for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

NJSLA Science Assessment: Grade 5 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

NJSLA Science Assessment: Grade 8 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

Academic Achievement

Graduation Proficiency Assessment (NJGPA) Trends

These graphs show trends in performance on the New Jersey Graduation Proficiency Assessment (NJGPA) for the last two years. Students are identified as either Graduation Ready or Not Yet Graduation Ready for both English Language Arts (ELA) and mathematics based on their scores on the assessment. These results only include the performance of 11th graders taking the assessment in the given year.

Important Note for 2023-24: The NJGPA was administered as a field test in 2021-2022, so the results were not reported.

ELA Graduation Ready Rate

Math Graduation Ready Rate

Performance Measure	2022-23 ELA	2023-24 ELA	2022-23 Math	2023-24 Math
Graduation Ready Rate	74.8%	>90%	47.7%	65.1%
Statewide Graduation Ready Rate	80.5%	82.5%	55.0%	55.6%

Academic Achievement

Graduation Proficiency Assessment (NJGPA) : Grade 11

This table shows how grade 11 students performed on the New Jersey Graduation Proficiency Assessment (NJGPA), both overall and by student group. Students are identified as either Graduation Ready or Not Yet Graduation Ready for both English Language Arts (ELA) and mathematics based on their scores on the assessment.

Student Group	ELA Valid Scores	District % Graduation Ready: ELA	State % Graduation Ready: ELA	Math Valid Scores	District % Graduation Ready: Math	State % Graduation Ready: Math

College and Career Readiness

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation in the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam during the reported school year. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	District Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2023-2024	100.0%	80.7%
12th graders taking SAT in 2023-2024 or prior years	47.1%	62.7%
12th graders taking ACT in 2023-2024 or prior years	4.5%	7.8%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students who scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	District Average Score	State Average Score	College Readiness Benchmarks	District - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	443	459	Grade 10: 430 Grade 11: 460	54%	54%
PSAT 10/NMSQT - Math	442	454	Grade 10: 480 Grade 11: 510	30%	32%
SAT - Reading and Writing	553	530	480	81%	65%
SAT - Math	509	519	530	46%	46%
ACT - Reading	*	24	22	*	63%
ACT - English	*	24	18	*	76%
ACT - Math	*	23	22	*	58%
ACT - Science	*	23	23	*	55%

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Students enrolled in one or more AP or IB course

Students taking one or more AP or IB exam

Students with one or more exams with a score of at least 3 on AP exams or 4 on IB exam

Dual Enrollment Coursework - Participation

This graph shows the percentage of 11th and 12th graders who were enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB and Dual Enrollment Participation by Student Group

This table shows the percentage of 11th and 12th graders who were enrolled in one or more AP or IB and dual enrollment courses, with a comparison to the state.

Student Group	% Enrolled in one or more AP or IB course	% Enrolled in one or more Dual Enrollment course	State: % Enrolled in one or more AP or IB course	State: % Enrolled in one or more Dual Enrollment course
Districtwide	27.0%	18.7%	35.9%	26.9%
White	32.9%	24.0%	41.8%	33.0%
Hispanic	9.4%	9.4%	23.2%	20.9%
Black or African American	*	*	20.3%	17.4%

Migrant Students	N	N	0.0%	7.1%

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested
AP Biology	25	25
AP Calculus AB	10	8
AP Computer Science Principles	11	7
AP English Language and Composition	0	23
AP English Literature and Composition	0	15
AP Physics 1	0	7
AP Physics C	8	0
AP Psychology	6	6

AP Statistics	13	12
AP U.S. History	32	32
Total Exams taken		140
Exams with scores of at least 3 on AP exams or 4 on IB exams		114

College and Career Readiness

Seal of Biliteracy

The New Jersey Department of Education State Seal of Biliteracy identifies graduating high school students who are able to demonstrate proficiency in English in addition to one or more languages. This table shows the number of Seals of Biliteracy earned by language and the percentage of grade 12 students earning a seal in each language. Students may be counted more than once if they earned Seals across more than one language. The table provides the overall number of seals earned and the total unique number of students earning seals. This table also shows the number and percentage of current and former multilingual learners who earned a Seal. Visit the [NJDOE Seal of Biliteracy website](#) for more information.

Language	Students Earning a Seal of Biliteracy	Percentage of 12th Graders
Spanish	*	*
Turkish	*	*
Ukrainian	*	*
Total Seals Earned	*	
Total Unique Students Earning Seals	*	*
Current and Former Multilingual Learners Earning Seals	*	*†

†This represents the percentage of 12th grade current and former multilingual learners who have earned a seal.

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, work-based learning, and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the [NJDOE's Career and Technical Education website](#).

Career and Technical Education Participation

The graphs below show the percentage of students in grades 9 through 12 who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants

(completed only one course in an approved CTE program)

CTE Concentrators

(completed two or more courses in a single approved CTE program and/or completed the entire CTE program)

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, work-based learning, and students earning Industry-Valued Credentials. Work-Based Learning Participation by Career Cluster

This table shows the number and percentage of students in an approved CTE program/program of study in grades 9 through 12 who participated in a work-based learning experience during the school year by career cluster. Work-based learning can include career exploration (e.g., community service, job shadowing, school-based enterprise, service learning, or volunteering), career preparation (e.g., cooperative education experience or paid/unpaid internships), or career training (e.g., pre-apprenticeship/apprenticeship registered with the USDOL-OA). This table only includes students enrolled in an approved CTE program/program of study. See the Structured Learning Experiences table for information on all high school students (both CTE and non-CTE).

Career Cluster	Number of Students Participating in Work-Based Learning	Percentage of Students Participating in Work-Based Learning

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students who earned one or more industry-valued credentials, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website. An English course participation table is not included below because students are required to take four years of English in high school. Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Mathematics - Course Participation

This table shows the number of students who were enrolled in Mathematics courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Algebra I	Geometry	Algebra II	Pre-Calculus	Calculus	Statistics	Grade Level and Other Math
6	0	0	0	0	0	0	74
7	15	0	0	0	0	0	64
8	17	0	0	0	0	0	56
9	96	21	0	0	0	0	0
10	4	103	25	0	0	1	0
11	0	10	64	36	0	3	38
12	1	5	5	15	10	9	45
Total	133	139	94	51	10	13	277
Enrolled in AP/IB Course					10	13	0
Enrolled in Dual Enrollment Course	0	0	0	0	0	0	0

Science - Course Participation

This table shows the number of students who were enrolled in Science courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Biology	Chemistry	Earth and Space Science	Environmental Science	Physics	Other Science
9	116	0	0	0	0	0

Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Structured Learning Experiences Participation

The graph below shows the percentage of all (CTE and non-CTE) students in grades 11 and 12 who participated in Structured Learning Experiences (SLEs) during the school year. SLEs include work-based learning (WBL) programs. Examples of WBL experiences include job shadowing, school-based enterprise, community service, service learning, volunteering, internships, cooperative education experiences, and apprenticeships. Depending on the type of WBL experience, these may be paid or unpaid.

Important Note for 2023-24: The calculation of this measure for the 2023-24 has been changed to be based on 11th and 12th graders to better reflect the population of students participating in SLEs. In prior years, the calculation was based on all students in grades 9-12, so the 2023-24 percentages should not be compared to prior years.

Structured Learning Experiences

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have meet state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Graduation Rate Trends and Progress

These graphs show the 4-year and 5-year adjusted cohort graduation rates for the most recent three cohorts of students. These charts and tables are based on the state graduation rate, which reflects all students who receive a state-endorsed diploma.

4-Year Graduation Rate Trends

5-Year Graduation Rate Trends

Performance Measure	Cohort 2022 4-Year Rate	Cohort 2023 4-Year Rate	Cohort 2024 4-Year Rate	Cohort 2021 5-Year Rate	Cohort 2022 5-Year Rate	Cohort 2023 5-Year Rate
Graduation Rate	90.8%	96.5%	95.5%	95.5%	90.8%	97.4%
Statewide Graduation Rate	90.9%	91.1%	91.3%	92.5%	92.7%	92.6%

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modification or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Federal Graduation Rates

This table shows the federal version of the Cohort 2024 4-year, Cohort 2023 5-year, and Cohort 2022 6-year graduation rates. To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they graduated, regardless of their graduation cohort. Any students with disabilities who did not meet requirements because of a modification or exemption in their IEP were not included in the graduates count (the numerator) but were included in the adjusted cohort (the denominator). For accountability purposes, graduation data from the prior school year is used, so these graduation rates will be used when the NJDOE runs the accountability system for the 2024-25 school year (along with 2024-25 assessment, growth, and chronic absenteeism data) and will be included in the accountability profiles in fall 2025.

Student Group	2024 4-Year Federal Graduation	2023 5-Year Federal Graduation	2022 6-Year Federal Graduation	State: 2024 4-Year Federal Graduation	State: 2023 5-Year Federal Graduation	State: 2022 6-Year Federal Graduation

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Accountability Graduation Rates

This table shows Cohort 2023 4-year and Cohort 2022 5-year graduation rates both overall and by student group. For accountability and annual targets, graduation data from the prior year is used. These graduation rates are the "federal version" of the graduation rate, which means that students with disabilities who did not meet either the state course, local attendance, and/or state graduation assessment requirements are not included as graduates (the numerator), but they are included in the adjusted cohort (the denominator).

Student Group	Cohort 2023: 4-Year Graduation Rate	Cohort 2023: Annual Target	Cohort 2023: Met Target	Cohort 2022: 5-Year Graduation Rate	Cohort 2022: Annual Target	Cohort 2022: Met Target
Districtwide	96.5%	87.8%	Met Goal	87.5%	N	N

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Graduation Pathways

This table shows the percentage of Cohort 2024 graduates who met the [high school graduation assessment requirements](#) through each type of graduation pathway for both English Language Arts (ELA) and Math.

Graduation Pathway	% of Graduates Meeting ELA Requirements by Pathway	% of Graduates Meeting Math Requirements by Pathway
Statewide Assessment	83.2%	52.3%
Substitute Competency Test	4.7%	25.2%
Portfolio Appeals Process	12.1%	22.4%
Alternate Requirements Specified in IEP	0.0%	0.0%
Unknown/Other	0.0%	0.0%

Dropout Rate Trends

This table shows the percentage of students in grades 9 through 12 who dropped out during each of the past three school years.

School Year	District Rate	State Rate
2023-2024	0.2%	1.0%
2022-2023	0.2%	1.2%
2021-2022	0.4%	1.2%

Graduation/ Postsecondary

Information about students enrolling in colleges and universities after graduation is collected from the [National Student Clearinghouse \(NSC\)](#), which collects data from at least 97% of higher education institutions nationwide. New Jersey graduates are matched to postsecondary enrollment data by NSC each year. While most students who enroll in a postsecondary institution each year are able to be matched by NSC, there are some students each year who cannot be matched. Some reasons that students may not be matched are: 1. Postsecondary enrollment cannot be shared with the NJDOE if students request a FERPA block on their postsecondary enrollment records; 2. Students who attend a college or university outside of the United States are not included in NSC data; 3. Certain colleges or universities may not participate in sharing data with NSC or may fail to report data for a certain semester or a certain group of students; and 4. NSC may not be able to match a student's name or date of birth in NJ SMART to the information provided by the postsecondary institution(s) with a high level of confidence.

In 2023, NSC implemented an additional manual review process to reduce the number of students who do not match due to #4 above, which may result in NSC matching additional students to postsecondary records moving forward. As a result, the NJDOE is not including trend data from prior to 2022-2023 in the reports.

Note for 2023-2024: Postsecondary enrollment data for the 2023-2024 school year is not yet available. The NJDOE expects to release the data in the coming months. Please refer to the 2022-2023 reports for the most recently available postsecondary enrollment rates.

Apprenticeship

This table shows, by year of graduation, the number of graduates who were enrolled into United States Department of Labor (USDOL) registered apprenticeship programs as of June 2024. This only includes students who enrolled in an apprenticeship program in New Jersey after high school graduation.

Year of Graduation	Graduates enrolled in apprenticeship programs
2023	*
2022	*
2021	*
2020	*
2019	*
2018	*
2017	*
2016	*

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism Trends

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the district. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Performance Measure	2021-22	2022-23	2023-24
Chronic Absenteeism Rate	7.6%	9.3%	9.0%
ESSA Target (State Average for Grades Served)	18.1%	16.6%	14.9%
Met ESSA Target	Met	Met	Met
Statewide Chronic Absenteeism Rate (All Grades)	18.1%	16.6%	14.9%

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	8
Weapons	0
Vandalism	0
Substances	14
Harassment, Intimidation, Bullying (HIB)	9
Total Unique Incidents	31
Incidents Per 100 Students Enrolled	2.62

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	7
Weapons	0
Vandalism	0
Substances	6
Harassment, Intimidation, Bullying (HIB)	2
Other Incidents Leading to Removal	2

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	3	3	6
Religion	0	0	0
Ancestry	1	0	1
Gender	4	1	5
Sexual Orientation	1	2	3
Disability	2	0	2
Other	11	6	17
No Identified Nature	13		13

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Student Disciplinary Removals: By Student Group

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended district schools are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide received a type of disciplinary action to protect student privacy.

Student Group	# of Students with at least one In-School Suspension	% of Students with at least one In-School Suspension	# of Students with at least one Out-of-School Suspension	% of Students with at least one Out-of-School Suspension	# of Students with Any Suspension	% of Students with Any Suspension	# of Students with a Removal to other education program	% of Students with a Removal to other education program	# of Students with an Expulsion	% of Students with an Expulsion

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Students Involved in Police Notifications: By Grade Level

This table shows the number and percentage of students who were involved in at least one incident that led to police notification by grade level. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the counts of students involved in incidents leading to police notification. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide were involved to protect student privacy.

Grade	# of Students involved in at least one incident	% involved in an incident	# of Students involved in at least one violent incident	% of Students involved in a violent incident	# of Students involved in at least one vandalism incident	% of Students involved in a vandalism incident that led to police notification	# of Students involved in at least one substance related incident	% of Students involved in a substance related incident	# of Students involved in at least one weapons related incident	% of Students involved in a weapons related incident	# of Students involved in at least one HIB incident	% of Students involved in an HIB incident that led to police notification	# of Students involved in at least one other incident type	% of Students involved in an other incident type
Districtwide	26	2%	12	1%	0	0%	6	0%	0	0%	2	0%	8	1%

NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Students Arrested by Type of Incident Leading to Arrest: By Student Group

This table shows the number and percentage of students in select student groups who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended district schools are included in the arrested student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students districtwide were involved to protect student privacy.

Student Group	# of Students Arrested	% of Students Arrested	# of students involved in at least one violent incident that led to arrest	% of students involved in a violent incident that led to arrest	# of students involved in at least one vandalism incident that led to arrest	% of students involved in a vandalism incident that led to arrest	# of students involved in at least one substance related incident that led to arrest	% of students involved in a substance related incident that led to arrest	# of students involved in at least one weapons related incident that led to arrest	% of students involved in a weapons related incident that led to arrest	# of students involved in at least one HIB incident that led to arrest	% of students involved in an HIB incident that led to arrest	# of students involved in at least one other type of incident that led to arrest	% of students involved in an other type of incident that led to arrest

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

School Days Missed due to Out-of-School Suspensions

This table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Days Missed due to Out-of-School Suspensions

92

Report Key:

* Data is not displayed in order to protect student privacy
** Accountability calculations require 20 or more students
N No Data is available to display
† This indicates a table specific note, see note below table

Climate and Environment

Student Access to Technology and Internet

The NJDOE collects information on student device types, device owners, and internet connectivity. [Reports about student access to technology and internet connectivity](#) can be found on the NJDOE website.

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the [School Performance Staff page](#).

Category	Teachers in District	Teachers in State
Total Number of teachers	115	119,239
Average years experience in public schools	10.4	12.6
Average years experience in district	9.7	11.3
Number of Teachers with 4 or more years experience in the district	71	87,243
Percentage of Teachers with 4 or more years experience in the district	61.7%	73.6%
Number of out-of-field teachers	3	2,931
Percentage of out-of-field teachers	2.6%	2.5%
Number of Teachers with Provisional Credentials	3	9,065
Percentage of Teachers with Provisional Credentials	2.6%	7.6%

Administrators – Experience

This table shows information about the experience of administrators assigned to this district and across the state.

Category	Admin. in District	Admin. in State
Total Number of administrators	10	10,170
Average years experience in public schools	14.5	16.2
Average years experience in district	7.9	12.5
Number of Administrators with 4 or more years experience in the district	4	7,734
Percentage of Administrators with 4 or more years experience in the district	40.0%	76.8%

Staff Counts

This table shows the number of staff members assigned to the district and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only, but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system.

Staff Category	District: Total Staff Members	State: Total Staff Members
Teachers	115	119,239
Administrators	10	10,170
Librarians/Media Specialists	N	1,160
Nurses	4	3,025
School Counselors	5	4,673
Child Study Team Members	8	9,654
School Psychologists	2	2,185
School Social Workers	2	2,750
Student Assistance Coordinators	2	400
School Safety Specialists	1	681

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Student and Staff Ratios

This table shows ratios of students and staff members in the district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system.

Ratio	District Ratio
Students to Teachers	10:1
Students to Administrators	118:1
Teachers to Administrators	12:1
Students to Librarians/Media Specialists †	N
Students to Nurses †	295:1
Students to Counselors †	236:1
Students to Child Study Team Members †,††	32:1
Students to School Psychologists †	591:1
Students to School Social Workers †	591:1
Students to Student Assistance Coordinators †	591:1
Students to School Safety Specialists †	1181:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Category	Students in District	Teachers in District	Administrators in District	Students in State	Teachers in State	Administrators in State
Female	46.0%	70-75%	*	48.0%	77.0%	57.0%
Male	53.0%	25-30%	*	52.0%	23.0%	43.0%
Non-Binary/Undesignated Gender	≤1%	≤5%	*	≤1%	≤1%	≤1%
White	60.9%	96.5%	90.0%	38.2%	81.8%	74.5%
Hispanic	32.7%	1.7%	10.0%	34.0%	8.6%	8.6%
Black or African American	1.9%	0.0%	0.0%	14.2%	6.4%	14.4%
Asian	2.2%	1.7%	0.0%	10.1%	2.5%	1.6%
American Indian or Alaska Native	0.2%	0.0%	0.0%	0.2%	0.1%	0.0%
Native Hawaiian or Pacific Islander	0.3%	0.0%	0.0%	0.2%	0.4%	0.5%
Two or More Races	1.9%	0.0%	0.0%	3.1%	0.3%	0.4%

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2022-23 Teachers: Same district 2023-24	92.0%	89.5%
2022-23 Administrators: Same district 2023-24	100.0%	87.9%

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Subject Area	Total Number of Teachers	% Female	% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American	% Two or More Races	% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE**) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the NJDOE webpage [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Annual Comprehensive Financial Report \(ACFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

[Link to District Summary of 2023-24 School-Level Per Pupil Expenditures by Source](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Butler Boro	Federal	State & Local	Total	ADE**
District Level Total Expenditures	\$598	\$19,119	\$19,717	1,215.1
District Level Central Expenditures		\$1,013	\$1,013	1,215.1
Butler High School	\$456	\$18,882	\$19,338	510.2
Aaron Decker School	\$666	\$16,133	\$16,799	401.9
Richard Butler School	\$748	\$19,415	\$20,163	303.0

Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's [approved ESSA state plan](#), NJDOE will identify schools in the following four federal categories every three years:

- **Comprehensive Support and Improvement (CSI): Overall Low Performing:**
 - Title I schools with a summative score in the bottom 5% of Title I schools.
- **Comprehensive Support and Improvement (CSI): Low Graduation Rate:**
 - All high schools with a four-year graduation rate of 67% or less
- **Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):**
 - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- **Comprehensive Support and Improvement (CSI): Chronically Low Performing:**
 - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.

Annually, NJDOE will identify schools in the following federal category:

- **Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):**
 - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

The NJDOE identified schools for CSI and ATSI status in fall 2023 based on data from the 2022-2023 school year, so the NJDOE did not identify schools for CSI or ATSI status based on 2023-2024 school year data. The NJDOE only identified schools for TSI status based on data from the 2023-2024 school year.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the [NJDOE accountability page](#).

Accountability

Schools Identified as Requiring Comprehensive or Targeted Support – Districtwide

The table below provides the list of schools in the district that have been identified for either comprehensive or targeted support for the 2025-26 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the [NJDOE ESSA Accountability webpage](#) includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

There are currently no schools identified as requiring comprehensive or targeted support during the 2025-26 school year.

Accountability

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. **ELA and Math Proficiency:** Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) **ELA and Math Growth:** For 2022-23 and 2023-24, this data reflects median student growth percentiles (MSGPs). For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. **Four- and five-year graduation rates:** The federal adjusted cohort graduation rate. Prior year graduation rates are used for ESSA Accountability, so the graduation rates shown for 2023-2024 represent the Cohort 2023 4-year and Cohort 2022 5-year rates. **Progress toward English Language Proficiency:** The percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English language proficiency. **Chronic absenteeism:** The percentage of K-12 students who were absent for 10% or more of the days enrolled during the school year.

Important Note for 2023-24: The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE resumed using MSGPs in 2022-2023, so 2021-22 growth data should not be compared to other years.

ESSA Accountability Indicator	2021-22	2022-23	2023-24
ELA Proficiency	52.0%	60.0%	60.5%
Math Proficiency	40.7%	41.5%	40.5%
ELA Growth†	11	63	61
Math Growth†	3	57	54
4-Year Graduation Rate (Prior Year)††	91.0%	87.5%	96.5%
5-Year Graduation Rate (Prior Year)††	96.2%	91.0%	87.5%
Progress toward English Language Proficiency	37.2%	34.0%	33.3%
Chronic Absenteeism	7.6%	9.3%	9.0%

†An alternate measure of growth was used for the 2021-2022 school year because median student growth percentiles were not available.

††The graduation rates in this table reflect the rates used for the accountability process for the given year, which are the rates from the prior school year.

Accountability

Accountability Summary by Student Group - 2023-24 School Year

This table shows whether the district and each student group met annual ESSA accountability targets for each indicator.

For more information about accountability determinations, indicators, and annual targets, see the [NJDOE Accountability page](#).

Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism
Districtwide	Met Target†	Met Target†	Exceeds Standard	Met Standard	Met Goal	N	Met Goal	Met
White	Met Target	Met Target†	Exceeds Standard	Met Standard	Met Goal	N		Met
Hispanic	Met Target†	Met Target†	Exceeds Standard	Met Standard	Met Target	N		Met
Black or African American	**	**	**	**	**	**		Met
Asian, Native Hawaiian, or Pacific Islander	**	**	**	**	**	**		Met
American Indian or Alaska Native	**	**	**	**	**	**		**
Two or More Races	**	**	**	**	**	**		Met
Economically Disadvantaged Students	Not Met	Not Met	Exceeds Standard	Met Standard	Met Goal	N		Met
Students with Disabilities	Met Target†	Not Met	Met Standard	Met Standard	Met Goal	N		Met
Multilingual Learners	Met Target†	Met Target†	Met Standard	Met Standard	**	**	Met Goal	Not Met

†Target was met within a confidence interval.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Our district works to incorporate our Vision for Learning established within our Portrait of a Graduate into our curriculum, activities, social/emotional learning efforts, and our culture and climate.

Mission, Vision, Theme:

The Butler School District proudly combines our tradition with future-ready education and skills attainment in order to create a learning environment that embraces our small district Persona, providing students with a learning environment that embraces their individuality, preparing them for success today and tomorrow.

Awards, Recognition, Accomplishments:

* NAMM Best Schools For Music Education * EverFi Champion School Award * US News and World Reports Top High Schools * US News and World Reports Top Middle Schools * Superintendent Recipient of MCCEA Friends of Education Award * National School of Character Recipient, New Jersey Schools to Watch for our Middle School

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Bowling (Coed), Cheerleading (Coed), Cross Country (Boys & Girls), Fencing (Coed), Field Hockey (Girls), Football (Boys), Golf (Boys & Girls), Soccer (Boys & Girls), Softball (Girls), Track and Field - Spring (Boys & Girls), Track and Field - Winter (Boys & Girls), Wrestling (Boys & Girls)

Before and After School Programs:

* Bulldog Hour Academic Assistance and Tutoring run by teachers and NHS students.

Staff and Professional Learning:

* In-person workshops with Literacy Coach, SEL Coach, and through varied resources for teaching * Asynchronous PD created by district leadership team offering choice and flexibility for timing * PLC/Team meetings for self-directed learning based on data from assessment practices, delayed opening short districtwide PD sessions facilitated by the administrative team

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Student Supports and Services:

* Supports and services for English Language Learners at each school * Support and services for Students with disabilities through a variety of in-district programming including a post-graduation program * Academic Assistance periods built into every school's schedule to provide extra-help to students throughout the school day * Robust Response to Intervention Program K-12, SEL/Mindfulness built into the daily schedule at the elementary school

Student Health and Wellness:

* Physical Education classes based on student choice and focused on life-long fitness * Nutrition or breakfast programs offered * Nursing lessons provided to students

Parent and Community Involvement:

*PTA * SEPAG * BBEA Educational Foundation * Booster Club

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Facilities:

* Upgraded HVAC Systems in Elementary School and High School * Completion of a Turf Field and Track at our Athletics Facility * Upgraded windows. * Upgraded Roofs

School Safety:

* School Security Officers * Visitor Management System * Upgraded camera systems, buzz in systems, and door security systems, new security vestibules integrated into all schools

Technology and STEM:

* New Robotics Lab at the high school * K-8 STEAM classes, clubs, and programs at the school through Renzuli Whole School Enrichment model in State-of-the-Art Makerspaces provided by BBEA Ed Foundation * K-12 Chrome device 1:1 program, WiFi Hot Spots, upgraded infrastructures, 24 hour security monitoring on all district devices, 6-12 broadcasting program for students
