Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for [school board members](#), [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see *'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact reportcard@doe.nj.gov with any questions about the reports

Overview & Resources

School Contact Information

This table contains contact information including principal name, address, phone number, email address, and social media information, if provided.

Type	Contact Information
County	Bergen
District	Lodi School District
Principal Name	Mr. Michael Attanasio
Address	99 Putnam Street, Lodi, NJ 07644
Phone Number	973-478-6100
Email Address	michael.attanasio@lodi.k12.nj.us
Website	https://www.lodinjschools.org/LHS
Twitter	https://twitter.com/LodiHS.NJ

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2021-22	2022-23	2023-24
9	225	207	213
10	238	234	212
11	214	246	228
12	226	216	261
Total	903	903	914

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Student Group	2021-22	2022-23	2023-24
Female	44.0%	46.0%	47.0%
Male	56.0%	54.0%	53.0%
Non-Binary/Undesignated Gender	≤1%	≤1%	≤1%
Economically Disadvantaged Students	40.7%	54.4%	52.4%
Students with Disabilities	9.3%	11.9%	11.9%
Multilingual Learners	5.1%	6.5%	7.5%
Students Experiencing Homelessness	0.3%	0.7%	1.2%
Students in Foster Care	0.1%	0.1%	0.0%
Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.0%

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2021-22	2022-23	2023-24
White	22.5%	21.8%	19.9%
Hispanic	62.5%	63.4%	63.5%
Black or African American	7.9%	8.5%	9.8%
Asian	5.1%	4.5%	5.0%
Native Hawaiian or Pacific Islander	0.8%	0.8%	0.7%
American Indian or Alaska Native	0.2%	0.1%	0.1%
Two Or More Races	0.9%	0.8%	1.0%

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Full and Shared Time Status

This table shows the number of full- and shared-time students for the last three years. The full-time equivalent is the number of full-time students plus half the number of shared-time students.

Enrollment Status	2021-22	2022-23	2023-24
Full Time Students	886	892	901
Shared Time Students	33	19	23
Full Time Equivalent	903	902	913

Report Key:

* Data is not displayed in order to protect student privacy

** Accountability calculations require 20 or more students

N No Data is available to display

† This indicates a table specific note, see note below table

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

English Language Arts and Mathematics Performance Trends

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students who met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students who were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

ELA Proficiency Rate for Federal Accountability

Math Proficiency Rate for Federal Accountability

Performance Measure	2021-22 ELA	2022-23 ELA	2023-24 ELA	2021-22 Math	2022-23 Math	2023-24 Math
Participation Rate	97.0%	96.5%	97.4%	97.7%	95.4%	97.2%
Proficiency Rate for Federal Accountability	52.5%	53.6%	64.7%	20.4%	32.4%	32.8%
Annual Target	46.7%	48.8%	55.1%	36.2%	38.9%	34.7%
Met Annual Target?	Met Target	Met Target	Met Target	Not Met	Not Met	Met Target†
Statewide Proficiency Rate for Federal Accountability	49.0%	51.3%	52.2%	36.0%	38.2%	40.2%

† Target was met within a confidence interval.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

English Language Arts Assessment - Participation and Performance

This table shows performance on statewide assessments for English language arts (ELA) both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results for ELA include only students in grades 3 through 9. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the [NJDOE Accountability page](#). More information and additional data can also be found on the [NJDOE Academic Achievement page](#).

Student Group	Valid Scores	% of students taking test	School: % of testers met/exceeded expectations	District: % of testers met/exceeded expectations	State: % of testers met/exceeded expectations	Proficiency Rate for Federal Accountability	Annual Target	Met Annual Target

Mathematics Assessment - Participation and Performance

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include students taking end-of-grade assessments in grades 3 through 8, as well as end-of-course assessments (Algebra I, Geometry, Algebra II) in middle school and high school. High school mathematics assessment results include all results for Algebra I and Geometry and/or Algebra II results only for students who took Algebra I in middle school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the [NJDOE Accountability page](#). More information and additional data can also be found on the [NJDOE Academic Achievement page](#).

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

Mathematics Assessment - Performance Trends

This graph shows the percentage of students who met or exceeded expectations on each grade level or end-of-course exam on the New Jersey Student Learning Assessment (NJSLA) for Mathematics for the past three years.

† Grade level results do not include students who took the Algebra I, Geometry, or Algebra II end of course tests.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student is in grade 9.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

Mathematics Assessment - Performance By Test: Algebra II

This table shows performance on the NJSLA Algebra II end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

Student Group	Valid Scores	School Mean Scale Score	District Mean Scale Score	State Mean Scale Score	% Level 1: Did not yet meet expectations	% Level 2: Partially met expectations	% Level 3: Approached expectations	% Level 4: Met expectations	% Level 5: Exceeded expectations	% of testers met or exceeded expectations	State: % of testers met or exceeded expectations

Report Key:

* Data is not displayed in order to protect student privacy

** Accountability calculations require 20 or more students

N No Data is available to display

† This indicates a table specific note, see note below table

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

DLM Alternate Assessment - Participation

This table shows the number and percentage of students taking the Dynamic Learning Maps (DLM) alternate assessment, which tests academic progress in English Language Arts (ELA) and Mathematics for students with the most significant intellectual disabilities.

Grade	ELA: # Students Tested	ELA: Participation Rate	Math: # Students Tested	Math: Participation Rate
11	*	*	*	*

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of multilingual learner students taking the ACCESS for ELLs Assessment for English language proficiency and the number and percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

Years in District	# Students Tested	# Students with Overall Score Below 4.5	% Students with Overall Score Below 4.5	# Students with Overall Score of 4.5 or Above	% Students with Overall Score 4.5 or Above
0-2	39	*	>90%	*	<10%
3-4	17	*	>90%	*	<10%
5 or more	*	*	*	*	*

English Language Progress to Proficiency

This table shows the percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

Student Group	Percent of English learners making expected growth to proficiency	Annual Target	Met Target?
Schoolwide/Multilingual Learners	34.1%	22.7%	Met Goal

† Target was met within a confidence interval.

Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the [NJSLA-Science website](#) for more information about NJSLA-S. These results do not include students who took the Dynamic Learning Maps (DLM) Science assessment. Visit the [assessment reports page](#) for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

NJSLA Science Assessment: Grade 11 Summary

This table shows how students performed on the NJSLA Science assessment. Students scoring at Level 3 or 4 are considered proficient.

Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the [NJSLA-Science website](#) for more information about NJSLA-S. These results do not include students who took the Dynamic Learning Maps (DLM) Science assessment. Visit the [assessment reports page](#) for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

NJSLA Science Assessment: Grade 11

This table shows how students performed on the NJSLA Science assessment for the school year, both overall and by student group. Students scoring at level 3 or 4 are considered proficient.

Student Group	School % Level 1	School % Level 2	School % Level 3	School % Level 4	State % Level 1	State % Level 2	State % Level 3	State % Level 4

Academic Achievement

Graduation Proficiency Assessment (NJGPA) Trends

These graphs show trends in performance on the New Jersey Graduation Proficiency Assessment (NJGPA) for the last two years. Students are identified as either Graduation Ready or Not Yet Graduation Ready for both English Language Arts (ELA) and mathematics based on their scores on the assessment. These results only include the performance of 11th graders taking the assessment in the given year.

Important Note for 2023-24: The NJGPA was administered as a field test in 2021-2022, so the results were not reported.

ELA Graduation Ready Rate

Math Graduation Ready Rate

Performance Measure	2022-23 ELA	2023-24 ELA	2022-23 Math	2023-24 Math
Graduation Ready Rate	88.2%	78.1%	52.4%	36.1%
Statewide Graduation Ready Rate	80.5%	82.5%	55.0%	55.6%

Academic Achievement

Graduation Proficiency Assessment (NJGPA) : Grade 11

This table shows how grade 11 students performed on the New Jersey Graduation Proficiency Assessment (NJGPA), both overall and by student group. Students are identified as either Graduation Ready or Not Yet Graduation Ready for both English Language Arts (ELA) and mathematics based on their scores on the assessment.

Student Group	ELA Valid Scores	School % Graduation Ready:	District % Graduation Ready:	State % Graduation Ready:	Math Valid Scores	School % Graduation Ready:	District % Graduation Ready:	State % Graduation Ready:

College and Career Readiness

Information about participation and performance on the PSAT, SAT, and ACT exams comes directly from College Board and ACT.

PSAT, SAT, & ACT - Participation

This table shows information about participation in the PSAT, SAT, and ACT exams. PSAT participation is the percentage of 10th and 11th graders that took the PSAT 10 or PSAT NMSQT exam during the reported school year. SAT and ACT participation rates show the percentage of 12th graders that have taken the SAT or ACT this year or in prior years.

Participation Type	School Participation Rate	State Participation Rate
10th and 11th graders taking PSAT 10/NMSQT in 2023-2024	100.0%	80.7%
12th graders taking SAT in 2023-2024 or prior years	44.5%	62.7%
12th graders taking ACT in 2023-2024 or prior years	1.5%	7.8%

PSAT, SAT, & ACT - Performance

This table shows how students performed on the PSAT, SAT, and ACT tests by subject area. The table includes average test scores, college readiness benchmarks, and the percentage of students who scored at or above these benchmarks. Benchmarks were defined by College Board and ACT and students that score at or above these benchmarks have a high chance of success in credit-bearing college courses.

Participation Type	School Average Score	State Average Score	College Readiness Benchmarks	School - Students Scores at or above Benchmark	State - Students Scores at or above Benchmark
PSAT 10/NMSQT - Reading and Writing	410	459	Grade 10: 430 Grade 11: 460	36%	54%
PSAT 10/NMSQT - Math	409	454	Grade 10: 480 Grade 11: 510	14%	32%
SAT - Reading and Writing	513	530	480	64%	65%
SAT - Math	492	519	530	40%	46%
ACT - Reading	*	24	22	*	63%
ACT - English	*	24	18	*	76%
ACT - Math	*	23	22	*	58%
ACT - Science	*	23	23	*	55%

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Coursework – Participation and Performance

This chart shows the percentage of 11th and 12th graders who enrolled in one or more AP or IB courses, who took one or more AP or IB exams, and who had one or more exams with an AP score of 3 or higher or IB score of 4 or higher.

Students enrolled in one or more AP or IB course

Students taking one or more AP or IB exam

Students with one or more exams with a score of at least 3 on AP exams or 4 on IB exam

Dual Enrollment Coursework - Participation

This graph shows the percentage of 11th and 12th graders who were enrolled in at least one dual enrollment course during the school year. Dual enrollment courses allow high school students to enroll in college courses for credit prior to their high school graduation.

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB and Dual Enrollment Participation by Student Group

This table shows the percentage of 11th and 12th graders who were enrolled in one or more AP or IB and dual enrollment courses, with a comparison to the state.

Student Group	% Enrolled in one or more AP or IB course	% Enrolled in one or more Dual Enrollment course	State: % Enrolled in one or more AP or IB course	State: % Enrolled in one or more Dual Enrollment course
Schoolwide	27.5%	0.0%	35.9%	26.9%
White	40.4%	0.0%	41.8%	33.0%
Hispanic	24.4%	0.0%	23.2%	20.9%
Black or African American	15.7%	0.0%	20.3%	17.4%
Asian, Native Hawaiian, or Pacific Islander	42.3%	0.0%	70.5%	32.5%
American Indian or Alaska Native	*	*	30.4%	28.6%
Two or More Races	*	*	41.0%	29.0%
Female	32.6%	0.0%	41.4%	30.2%

Multilingual Learners	2.8%	0.0%	9.8%	8.8%
Students experiencing homelessness	*	*	12.6%	15.1%
Students in Foster Care	N	N	4.5%	10.6%
Military-Connected Students	N	N	30.1%	29.2%
Migrant Students	N	N	0.0%	7.1%

College and Career Readiness

Students in high schools begin to demonstrate college readiness behaviors long before they actually graduate from high school. These include participating in advanced course work such as **Advanced Placement (AP)** or **International Baccalaureate (IB)** courses and exams and **dual enrollment** courses where high school students can enroll in college courses for credit.

AP/IB Courses Offered

This table shows the list of AP/IB Courses that were offered by the school or for which students took the corresponding AP/IB exam along with the number of students enrolled and the number of students taking the exam. Students do not need to take a course to take the exam and not all students enrolled in a course take the exam. The last two rows show the total number of exams taken and the number of exams with AP scores of 3 or higher or IB scores of 4 or higher. Students who take multiple examples are counted more than once in the last two rows.

AP/IB Course	Students Enrolled	Students Tested
AP 3-D Art and Design	0	1
AP Biology	41	41
AP Calculus AB	21	21
AP Chemistry	11	11
AP Computer Science Principles	10	10

Exams with scores of at least 3 on AP exams or 4 on IB exams		120

College and Career Readiness

Seal of Biliteracy

The New Jersey Department of Education State Seal of Biliteracy identifies graduating high school students who are able to demonstrate proficiency in English in addition to one or more languages. This table shows the number of Seals of Biliteracy earned by language and the percentage of grade 12 students earning a seal in each language. Students may be counted more than once if they earned Seals across more than one language. The table provides the overall number of seals earned and the total unique number of students earning seals. This table also shows the number and percentage of current and former multilingual learners who earned a Seal. Visit the [NJDOE Seal of Biliteracy website](#) for more information.

Language	Students Earning a Seal of Biliteracy	Percentage of 12th Graders
Arabic	*	*
Filipino	*	*
French	*	*
Portuguese	*	*
Spanish	36	13.8%
Total Seals Earned	40	
Total Unique Students Earning Seals	39	15.0%
Current and Former Multilingual Learners Earning Seals	12	23.5%†

†This represents the percentage of 12th grade current and former multilingual learners who have earned a seal.

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, work-based learning, and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the [NJDOE's Career and Technical Education website](#).

Career and Technical Education Participation

The graphs below show the percentage of students in grades 9 through 12 who were enrolled in courses in approved Career and Technical Education (CTE) programs. Students enrolled in shared-time Career and Technical Education programs in a county vocational school district are included in the percentages for both the county vocational school and their sending school.

CTE Participants

(completed only one course in an approved CTE program)

CTE Concentrators

(completed two or more courses in a single approved CTE program and/or completed the entire CTE program)

College and Career Readiness

This section contains information about participation in approved Career and Technical Education (CTE) programs, work-based learning, and students earning Industry-Valued Credentials. For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the [NJDOE's Career and Technical Education website](#).

Career and Technical Education Participation by Student Group

This table shows the percentage of students, both overall and by student group, in grades 9 through 12 who were enrolled in courses in approved Career and Technical Education (CTE) programs. CTE participants have completed only one course in an approved CTE program. CTE concentrators have completed two or more courses in a single approved CTE program and/or have completed the entire CTE program. Students enrolled in shared-time CTE programs in a county vocational school district are included in the percentages for both the county vocational school and their sending high school.

Student Group	School: % CTE Participants	School: % CTE Concentrators	State: % CTE Participants	State: % CTE Concentrators
Schoolwide	0.4%	0.7%	7.6%	10.4%
White	0.6%	1.7%	6.1%	10.0%
Hispanic	0.3%	0.3%	9.3%	10.8%

For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the [NJDOE's Career and Technical Education website](#).

Work-Based Learning Participation by Career Cluster

This table shows the number and percentage of students in an approved CTE program/program of study in grades 9 through 12 who participated in a work-based learning experience during the school year by career cluster. Work-based learning can include career exploration (e.g., community service, job shadowing, school-based enterprise, service learning, or volunteering), career preparation (e.g., cooperative education experience or paid/unpaid internships), or career training (e.g., pre-apprenticeship/apprenticeship registered with the USDOL-OA). This table only includes students enrolled in an approved CTE program/program of study. See the Structured Learning Experiences table for information on all high school students (both CTE and non-CTE).

Career Cluster	Number of Students Participating in Work-Based Learning	Percentage of Students Participating in Work-Based Learning
Agriculture, Food & Natural Resources	*	*
Architecture & Construction	*	*
Arts, A/V Technology & Communications	*	*
Health Science	*	*

For more information about Career and Technical Education in New Jersey, and the Perkins State-Wide Performance Data report, please visit the [NJDOE's Career and Technical Education website](#).

Industry-Valued Credentials by Career Cluster

This table shows by Career Cluster the number of students enrolled in approved Career and Technical Education programs, the number of students who earned one or more industry-valued credentials, and the total number of credentials earned. Students are only enrolled in one career cluster, but they may earn credentials in multiple clusters or earn multiple credentials within one cluster. Career Clusters without approved credentials are grayed out. Career Cluster rows will be hidden if no students were enrolled and no credentials were earned. The last row provides unique counts of students enrolled and students earning one or more credentials across all clusters.

Career Cluster	Students Enrolled in Program	Students Earning at least one Credential	Total credentials earned
Agriculture, Food & Natural Resources	*	*	*
Architecture & Construction	*	*	*
Arts, A/V Technology & Communications	*	*	*
Health Science	*	*	*
Human Services	*	*	*
Information Technology	*	*	*
Transportation, Distribution & Logistics	*	*	*
Total	20	*	*

College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website. An English course participation table is not included below because students are required to take four years of English in high school. Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Mathematics - Course Participation

This table shows the number of students who were enrolled in Mathematics courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Algebra I	Geometry	Algebra II	Pre-Calculus	Calculus	Statistics	Grade Level and Other Math
9	184	15	0	0	0	0	187
10	6	189	19	0	0	0	39
11	1	7	182	25	0	0	173
12	4	6	24	45	21	4	145
Total	195	217	225	70	21	4	544
Enrolled in AP/IB Course					21	4	0
Enrolled in Dual Enrollment Course	0	0	0	0	0	0	0

Science - Course Participation

This table shows the number of students who were enrolled in Science courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	Biology	Chemistry	Earth and Space Science	Environmental Science	Physics	Other Science
9	213	0	0	1	0	23
10	15	36	0	0	0	51
11	14	132	0	61	0	47
12	44	5	0	28	14	53
Total	286	173	0	90	14	174
Enrolled in AP/IB Course	41	11		8	14	0
Enrolled in Dual Enrollment Course	0	0	0	0	0	0

College and Career Readiness

Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Social Studies and History - Course Participation

This table shows the number of students who were enrolled in Social Studies and History courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas. The last two rows show the number of students enrolled in Advanced Placement (AP) or International Baccalaureate (IB) courses and Dual Enrollment courses by subject area. Subject areas where AP/IB courses are not offered are grayed out.

Grade	World History	US History I & II	Economics	Psychology	Sociology	Other Social Studies or History
9	0	207	0	0	0	0
10	0	209	0	6	0	0
11	8	38	0	22	8	27
12	0	45	0	57	39	9
Total	8	499	0	85	47	36
Enrolled in AP/IB Course	0	40	0	51		36
Enrolled in Dual Enrollment Course	0	0	0	0	0	0

World Languages - Course Participation

This table shows the number of students who were enrolled in World Languages courses by grade and language. Students are counted more than once if they were enrolled in courses across multiple languages. The last three rows show the number of students enrolled in level 3 or higher courses (such as French II or IV), Advanced Placement (AP) or International Baccalaureate (IB) courses, and Dual Enrollment courses by language.

Grade	Spanish	French	Italian	Latin	German	Chinese	Other Languages
9	124	0	57	0	0	0	0
10	154	32	3	0	0	0	0
11	25	1	2	0	0	0	0
12	33	1	1	0	0	0	0
Total	336	34	63	0	0	0	0
Enrolled in AP/IB Course	4	1	0	0	0	0	0
Enrolled in Dual Enrollment Course	0	0	0	0	0	0	0
Enrolled in Level 3 or Higher	48	0	0	0	0	0	0

An English course participation table is not included below because students are required to take four years of English in high school. Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Visual and Performing Arts – Course Participation

The first set of graphs below show the percentages of students who were enrolled in any Visual and Performing Arts classes during the school year. The second set of charts show the percentages of students enrolled in at least one course within each of the four arts disciplines during the school year.

Grades 9-12: Students enrolled in one or more visual and performing arts classes

Students enrolled in one or more classes by discipline:

College and Career Readiness

Information about [New Jersey Student Learning Standards](#) can be found on the NJDOE website. An English course participation table is not included below because students are required to take four years of English in high school. Detailed information about students enrolled in AP/IB courses in English Language Arts and other subject areas is available in the AP/IB Courses Offered table in the College and Career Readiness Section of this report.

Structured Learning Experiences Participation

The graph below shows the percentage of all (CTE and non-CTE) students in grades 11 and 12 who participated in Structured Learning Experiences (SLEs) during the school year. SLEs include work-based learning (WBL) programs. Examples of WBL experiences include job shadowing, school-based enterprise, community service, service learning, volunteering, internships, cooperative education experiences, and apprenticeships. Depending on the type of WBL experience, these may be paid or unpaid.

Important Note for 2023-24: The calculation of this measure for the 2023-24 has been changed to be based on 11th and 12th graders to better reflect the population of students participating in SLEs. In prior years, the calculation was based on all students in grades 9-12, so the 2023-24 percentages should not be compared to prior years.

Structured Learning Experiences

School 0.0%
State 4.6%

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Graduation Rate Trends and Progress

These graphs show the 4-year and 5-year adjusted cohort graduation rates for the most recent three cohorts of students. These charts and tables are based on the state graduation rate, which reflects all students who receive a state-endorsed diploma.

4-Year Graduation Rate Trends

5-Year Graduation Rate Trends

Performance Measure	Cohort 2022 4-Year Rate	Cohort 2023 4-Year Rate	Cohort 2024 4-Year Rate	Cohort 2021 5-Year Rate	Cohort 2022 5-Year Rate	Cohort 2023 5-Year Rate
Graduation Rate	93.2%	94.6%	91.9%	91.5%	94.8%	94.6%
Statewide Graduation Rate	90.9%	91.1%	91.3%	92.5%	92.7%	92.6%

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modification or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Federal Graduation Rates

This table shows the federal version of the Cohort 2024 4-year, Cohort 2023 5-year, and Cohort 2022 6-year graduation rates. To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they graduated, regardless of their graduation cohort. Any students with disabilities who did not meet requirements because of a modification or exemption in their IEP were not included in the graduates count (the numerator) but were included in the adjusted cohort (the denominator). For accountability purposes, graduation data from the prior school year is used, so these graduation rates will be used when the NJDOE runs the accountability system for the 2024-25 school year (along with 2024-25 assessment, growth, and chronic absenteeism data) and will be included in the accountability profiles in fall 2025.

Student Group	2024 4-Year Federal Graduation	2023 5-Year Federal Graduation	2022 6-Year Federal Graduation	State: 2024 4-Year Federal Graduation	State: 2023 5-Year Federal Graduation	State: 2022 6-Year Federal Graduation
	Rate	Rate	Rate	Rate	Rate	Rate

Graduation/ Postsecondary

Graduation rates are calculated based on the adjusted cohort graduation rate calculation. Beginning in the 2020-2021 school year, the NJDOE was required to make changes to the methodology used to calculate the adjusted cohort graduation rate for federal reporting and accountability purposes. The United States Department of Education (USED) determined that the NJDOE must only include students who receive a diploma that is fully aligned with the state's standards, meaning they have met the state's graduation assessment requirements, course requirements, and local attendance requirements. This means that students with disabilities who did not meet some or all graduation requirements because of a modifications or exemption in their Individualized Education Program (IEP) may not be counted as graduates in the calculation of the adjusted cohort graduation rate used for federal reporting and accountability purposes. It is important to note that this was only a change to how graduation rates are calculated for federal reporting. It does not affect requirements to earn a diploma or the type of diploma that the state awards to students with disabilities.

As a result of these changes, the NJDOE began calculating two versions of the adjusted cohort graduation rate starting with 2021 graduation rates. The "federal version" aligns with ESSA requirements and USED guidance and is used for federal reporting and ESSA school accountability only. The "state version" continues to use the same methodology used prior to 2021 and reflects all students who received a state-endorsed diploma.

To be included as a graduate in the federal version of the graduation rate, students must have met state course requirements and local attendance requirements for graduation. Additionally, students must meet the graduation assessment requirements in place based on the year they are graduating, regardless of their graduation cohort. The graduation assessment requirements for the classes of 2022 through 2024 have differed as a result of executive orders in response to the pandemic and new legislation. As a result, the calculation of the federal version of the graduation rate has also changed.

In this section of the reports, the Graduation Rate Trends and Progress charts and Graduation Cohort Profiles (4-Year, 5-Year, and 6-Year), as well as the graduation rates reported in the Summary Reports, reflect the "state version" of the graduation rate. The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Accountability Graduation Rates

This table shows Cohort 2023 4-year and Cohort 2022 5-year graduation rates both overall and by student group. For accountability and annual targets, graduation data from the prior year is used. These graduation rates are the "federal version" of the graduation rate, which means that students with disabilities who did not meet either the state course, local attendance, and/or state graduation assessment requirements are not included as graduates (the numerator), but they are included in the adjusted cohort (the denominator).

Student Group	Cohort 2023: 4-Year Graduation Rate	Cohort 2023: Annual Target	Cohort 2023: Met Target	Cohort 2022: 5-Year Graduation Rate	Cohort 2022: Annual Target	Cohort 2022: Met Target
Schoolwide	94.6%	91.4%	Met Target	92.8%	N	N
White	94.5%	85.9%	Met Target	89.1%	N	N

The Federal Graduation Rates and Accountability Graduation Rates tables reflect the "federal version" of the graduation rate. More information and links to graduation resources can be found on the [NJDOE Graduation Rate page](#).

Graduation Pathways

This table shows the percentage of Cohort 2024 graduates who met the [high school graduation assessment requirements](#) through each type of graduation pathway for both English Language Arts (ELA) and Math.

Graduation Pathway	% of Graduates Meeting ELA Requirements by Pathway	% of Graduates Meeting Math Requirements by Pathway
Statewide Assessment	83.6%	52.7%
Substitute Competency Test	12.2%	44.3%
Portfolio Appeals Process	2.3%	0.4%
Alternate Requirements Specified in IEP	0.8%	1.5%
Unknown/Other	1.1%	1.1%

Dropout Rate Trends

This table shows the percentage of students in grades 9 through 12 who dropped out during each of the past three school years.

School Year	School Rate	State Rate
2023-2024	0.0%	1.0%
2022-2023	0.0%	1.2%
2021-2022	0.0%	1.2%

Graduation/ Postsecondary

Information about students enrolling in colleges and universities after graduation is collected from the [National Student Clearinghouse \(NSC\)](#), which collects data from at least 97% of higher education institutions nationwide. New Jersey graduates are matched to postsecondary enrollment data by NSC each year. While most students who enroll in a postsecondary institution each year are able to be matched by NSC, there are some students each year who cannot be matched. Some reasons that students may not be matched are: 1. Postsecondary enrollment cannot be shared with the NJDOE if students request a FERPA block on their postsecondary enrollment records; 2. Students who attend a college or university outside of the United States are not included in NSC data; 3. Certain colleges or universities may not participate in sharing data with NSC or may fail to report data for a certain semester or a certain group of students; and 4. NSC may not be able to match a student's name or date of birth in NJ SMART to the information provided by the postsecondary institution(s) with a high level of confidence.

In 2023, NSC implemented an additional manual review process to reduce the number of students who do not match due to #4 above, which may result in NSC matching additional students to postsecondary records moving forward. As a result, the NJDOE is not including trend data from prior to 2022-2023 in the reports.

Note for 2023-2024: Postsecondary enrollment data for the 2023-2024 school year is not yet available. The NJDOE expects to release the data in the coming months. Please refer to the 2022-2023 reports for the most recently available postsecondary enrollment rates.

Apprenticeship

This table shows, by year of graduation, the number of graduates who were enrolled into United States Department of Labor (USDOL) registered apprenticeship programs as of June 2024. This only includes students who enrolled in an apprenticeship program in New Jersey after high school graduation.

Year of Graduation	Graduates enrolled in apprenticeship programs
2023	*
2022	*
2021	*
2020	*
2019	*
2018	*
2017	*
2016	*

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism Trends

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. Pursuant to N.J.S.A. 18A:38-25.1, any school where 10 percent or more of the students enrolled are chronically absent must develop a corrective action plan to improve chronic absenteeism rates. The Requires Corrective Action Plan column in the table indicates whether the school's chronic absenteeism rate is 10% or higher, meaning that the school must complete a corrective action plan. The NJDOE Data-based Decision Making for Addressing Chronic Absenteeism guidance document (found on the [NJDOE attendance page](#) under Chronic Absenteeism) provides districts with guidance on responding to chronic absenteeism and includes sample corrective action plan templates.

The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the school. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

Performance Measure	2021-22	2022-23	2023-24
Chronic Absenteeism Rate	7.1%	6.5%	4.3%
ESSA Target (State Average for Grades Served)	19.8%	18.1%	17.2%
Met ESSA Target	Met	Met	Met
Statewide Chronic Absenteeism Rate (All Grades)	18.1%	16.6%	14.9%

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Percentage of Days Absent

This graph shows the percentage of K-12 students by the percentage of days enrolled that the students were absent during the school year. The last three bars, 10% to 12.9%, 13% to 19.9%, and 20% or higher represent students who were chronically absent.

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism by Grade

This graph shows the percentage of students by grade level who were chronically absent during the school year with a state comparison.

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	9
Weapons	1
Vandalism	3
Substances	8
Harassment, Intimidation, Bullying (HIB)	8
Total Unique Incidents	28
Incidents Per 100 Students Enrolled	3.07

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	7
Weapons	1
Vandalism	2
Substances	8
Harassment, Intimidation, Bullying (HIB)	4
Other Incidents Leading to Removal	0

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	1	1
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	1	3	4
Disability	0	1	1
Other	1	4	5
No Identified Nature	8		8

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Student Disciplinary Removals: By Student Group

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

Student Group	# of Students with at least one In-School Suspension	% of Students with at least one In-School Suspension	# of Students with at least one Out-of-School Suspension	% of Students with at least one Out-of-School Suspension	# of Students with Any Suspension	% of Students with Any Suspension	# of Students with a Removal to other education program	% of Students with a Removal to other education program	# of Students with an Expulsion	% of Students with an Expulsion
Schoolwide	12	1%	27	3%	34	4%	0	0%	0	0%

Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Students Involved in Police Notifications: By Grade Level

This table shows the number and percentage of students who were involved in at least one incident that led to police notification by grade level. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the counts of students involved in incidents leading to police notification. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide were involved to protect student privacy.

Grade	# of Students involved in at least one incident	% involved in an incident	# of Students involved in at least one violent incident	% of Students involved in a violent incident	# of Students involved in at least one vandalism incident	% of Students involved in a vandalism incident that led to police notification	# of Students involved in at least one substance related incident	% of Students involved in a substance related incident	# of Students involved in at least one weapons related incident	% of Students involved in a weapons related incident	# of Students involved in at least one HIB incident	% of Students involved in an HIB incident that led to police notification	# of Students involved in at least one other incident type	% of Students involved in an other incident type
Schoolwide	28	3%	11	1%	4	0%	8	1%	1	0%	6	1%	1	0%
9	10	4%	3	1%	<5	<5.00%	3	1%	<5	<5.00%	5	2%	<5	<5.00%
10	8	4%	2	1%	<5	<5.00%	1	0%	<5	<5.00%	1	0%	<5	<5.00%
11	8	3%	6	2%	<5	<5.00%	3	1%	<5	<5.00%	0	0%	<5	<5.00%
12	2	1%	0	0%	<5	<5.00%	1	0%	<5	<5.00%	0	0%	<5	<5.00%

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Students Arrested by Type of Incident Leading to Arrest: By Student Group

This table shows the number and percentage of students in select student groups who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the arrested student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide were involved to protect student privacy.

Student Group	# of Students Arrested	% of Students Arrested	# of students involved in at least one violent incident that led to arrest	% of students involved in a violent incident that led to arrest	# of students involved in at least one vandalism incident that led to arrest	% of students involved in a vandalism incident that led to arrest	# of students involved in at least one substance related incident that led to arrest	% of students involved in a substance related incident that led to arrest	# of students involved in at least one weapons related incident that led to arrest	% of students involved in a weapons related incident that led to arrest	# of students involved in at least one HIB incident that led to arrest	% of students involved in an HIB incident that led to arrest	# of students involved in at least one other type of incident that led to arrest	% of students involved in an other type of incident that led to arrest

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

School Days Missed due to Out-of-School Suspensions

This table shows the total number of days missed due to out-of-school suspension for all students during the school year.

School Days Missed due to Out-of-School Suspensions

122

Climate and Environment

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:00 AM
Typical End Time	2:35 PM
Length of School Day	6 Hrs. 35 Mins.
Full Time - Instructional Time	5 Hrs. 30 Mins.
Shared Time - Instructional Time	3 Hrs. 13 Mins.

Device Ratios

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAX survey and reflects data submitted as of October 2024, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

School Year	Student to Device Ratio
2023-2024	1:1

Student Access to Technology and Internet

The NJDOE collects information on student device types, device owners, and internet connectivity. [Reports about student access to technology and internet connectivity](#) can be found on the NJDOE website.

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the [School Performance Staff page](#).

Category	Teachers in School	Teachers in State
Total Number of teachers	66	119,239
Average years experience in public schools	7.1	12.6
Average years experience in district	7.1	11.3
Number of Teachers with 4 or more years experience in the district	35	87,243
Percentage of Teachers with 4 or more years experience in the district	53.0%	73.6%
Number of out-of-field teachers	1	2,931
Percentage of out-of-field teachers	1.5%	2.5%
Number of Teachers with Provisional Credentials	20	9,065
Percentage of Teachers with Provisional Credentials	30.3%	7.6%

Administrators – Experience

This table shows information about the experience of administrators assigned to this school and across the state.

Category	Admin. in School	Admin. in State
Total Number of administrators	11	10,170
Average years experience in public schools	14.3	16.2
Average years experience in district	14.3	12.5
Number of Administrators with 4 or more years experience in the district	8	7,734
Percentage of Administrators with 4 or more years experience in the district	72.7%	76.8%

Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	66	245	119,239
Administrators	11	28	10,170
Librarians/Media Specialists	N	5	1,160
Nurses	N	1	3,025
School Counselors	5	13	4,673
Child Study Team Members	2	18	9,654
School Psychologists	2	6	2,185
School Social Workers	N	4	2,750
Student Assistance Coordinators	1	1	400
School Safety Specialists	N	1	681

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Ratio	School Ratio	District Ratio
Students to Teachers	14:1	13:1
Students to Administrators	83:1	111:1
Teachers to Administrators	6:1	9:1
Students to Librarians/Media Specialists †	N	622:1
Students to Nurses †	N	3109:1
Students to Counselors †	183:1	239:1
Students to Child Study Team Members †,††	54:1	20:1
Students to School Psychologists †	456:1	518:1
Students to School Social Workers †	N	777:1
Students to Student Assistance Coordinators †	913:1	3109:1
Students to School Safety Specialists †		3109:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State
Female	47.0%	60-65%	*	48.0%	77.0%	57.0%
Male	53.0%	35-40%	*	52.0%	23.0%	43.0%
Non-Binary/Undesignated Gender	≤1%	≤5%	*	≤1%	≤1%	≤1%
White	19.9%	83.3%	90.9%	38.2%	81.8%	74.5%
Hispanic	63.5%	7.6%	0.0%	34.0%	8.6%	8.6%
Black or African American	9.8%	0.0%	0.0%	14.2%	6.4%	14.4%
Asian	5.0%	9.1%	9.1%	10.1%	2.5%	1.6%
American Indian or Alaska Native	0.1%	0.0%	0.0%	0.2%	0.1%	0.0%
Native Hawaiian or Pacific Islander	0.7%	0.0%	0.0%	0.2%	0.4%	0.5%
Two or More Races	1.0%	0.0%	0.0%	3.1%	0.3%	0.4%

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2022-23 Teachers: Same district 2023-24	84.0%	89.5%
2022-23 Administrators: Same district 2023-24	88.9%	87.9%

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Subject Area	Total Number of Teachers	% Female	% Male	% Non-binary or Undesignated Gender	% White	% Hispanic	% Black or African American	% Asian	% Native Hawaiian, Pacific Islander	% American Indian or Native American	% Two or More Races	% 4 or more years experience in the district	% Bachelor's Degree(Highest Degree)	% Master's Degree(Highest Degree)	% Doctoral Degree(Highest Degree)

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE**) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Annual Comprehensive Financial Report \(ACFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

[Link to District Summary of 2023-24 School-Level Per Pupil Expenditures by Source](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Lodi Borough	Federal	State & Local	Total	ADE**
District Level Total Expenditures	\$1,755	\$20,566	\$22,321	2,424.5
District Level Central Expenditures		\$851	\$851	2,424.5
Lodi High School	\$1,365	\$15,342	\$16,707	904.2
Columbus School	\$1,486	\$16,242	\$17,728	257.7
Hilltop School	\$1,464	\$16,216	\$17,680	319.7
Thomas Jefferson Middle School	\$13,914	\$161,045	\$174,959	70.3
Roosevelt School	\$1,368	\$14,947	\$16,315	155.5
Washington School	\$1,289	\$14,359	\$15,648	363.2
Wilson School	\$1,443	\$16,074	\$17,517	353.9

Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's [approved ESSA state plan](#), NJDOE will identify schools in the following four federal categories every three years:

- **Comprehensive Support and Improvement (CSI): Overall Low Performing:**
 - Title I schools with a summative score in the bottom 5% of Title I schools.
- **Comprehensive Support and Improvement (CSI): Low Graduation Rate:**
 - All high schools with a four-year graduation rate of 67% or less
- **Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):**
 - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- **Comprehensive Support and Improvement (CSI): Chronically Low Performing:**
 - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.

Annually, NJDOE will identify schools in the following federal category:

- **Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):**
 - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

The NJDOE identified schools for CSI and ATSI status in fall 2023 based on data from the 2022-2023 school year, so the NJDOE did not identify schools for CSI or ATSI status based on 2023-2024 school year data. The NJDOE only identified schools for TSI status based on data from the 2023-2024 school year.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the [NJDOE accountability page](#).

Accountability

ESSA Accountability Status

The table below provides the school's federal school status for the 2025-26 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the [NJDOE Accountability page](#) includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

Status for 2025-26 School Year	Not in Status
Category of Identification	n/a
Year Eligible to Exit Status	n/a
Student Group Status: White	
Student Group Status: Hispanic	
Student Group Status: Black or African American	
Student Group Status: Asian, Pacific Islander, Native Hawaiian	
Student Group Status: American Indian or Alaska Native	
Student Group Status: Two or More Races	
Student Group Status: Economically Disadvantaged Students	
Student Group Status: Students with Disabilities	
Student Group Status: Multilingual Learners	

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Additional Targeted Support and Improvement.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. **ELA and Math Proficiency:** Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) **ELA and Math Growth:** For 2022-23 and 2023-24, this data reflects median student growth percentiles (mSGPs). For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. **Four- and five-year graduation rates:** The federal adjusted cohort graduation rate. Prior year graduation rates are used for ESSA Accountability, so the graduation rates shown for 2023-2024 represent the Cohort 2023 4-year and Cohort 2022 5-year rates. **Progress toward English Language Proficiency:** The percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English language proficiency. **Chronic absenteeism:** The percentage of K-12 students who were absent for 10% or more of the days enrolled during the school year.

Important Note for 2023-24: The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE resumed using mSGPs in 2022-2023, so 2021-22 growth data should not be compared to other years.

ESSA Accountability Indicator	2021-22	2022-23	2023-24
ELA Proficiency	52.5%	53.6%	64.7%
Math Proficiency	20.4%	32.4%	32.8%
ELA Growth†	N	N	N
Math Growth†	N	N	N
4-Year Graduation Rate (Prior Year)††	90.6%	91.2%	94.6%
5-Year Graduation Rate (Prior Year)††	93.3%	91.1%	92.8%
Progress toward English Language Proficiency	45.8%	22.7%	34.1%
Chronic Absenteeism	7.1%	6.5%	4.3%

† An alternate measure of growth was used for the 2021-2022 school year because median student growth percentiles were not available.

†† The graduation rates in this table reflect the rates used for the accountability process for the given year, which are the rates from the prior school year.

Accountability

Accountability Indicator Scores and Summative Ratings - 2023-24 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state.

Schools are only identified for comprehensive support and improvement every three years. The NJDOE identified schools for support based on data from the 2022-2023 school year, so schools will not be identified for comprehensive support based on data from the 2023-2024 school year. As a result, this table will not flag whether schools met the identification criteria for comprehensive support and improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see the [NJDOE Accountability page](#).

ESSA Accountability Indicator	Actual Performance	Indicator Score	Weight
ELA Proficiency	64.7%	56.56	15.0%
Math Proficiency	32.8%	58.97	15.0%
ELA Growth	N	N	N
Math Growth	N	N	N
4-Year Graduation Rate (Prior Year)†	94.6%	61.54	20.0%
5-Year Graduation Rate (Prior Year)†	92.8%	65.78	20.0%
Progress toward English Language Proficiency	34.1%	81.82	20.0%
Chronic Absenteeism	4.3%	91.98	10.0%
Summative Score	68.4		
Summative Rating (Percentile Rank)	74.8		
Comprehensive Support: Overall Low Performing	N/A		
Comprehensive Support: Low Graduation Rate	N/A		

† Weights indicated by this symbol were adjusted due to data availability.

††A modified summative score was calculated using only available data.

Accountability

Accountability Summary by Student Group - 2023-24 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) annually and for Additional Targeted Support and Improvement (ATSI) every three years. Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

The NJDOE identified schools for ATSI status based on data from the 2022-2023 school year, so schools will not be identified for ATSI status based on data from the 2023-2024 school year. The table below will show the summative score for each student group, but it will not show a cut-off score or indicate that a student group has been identified for ATSI status since it is not an identification year.

Schools will be identified for TSI status based on data from the 2023-2024 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year. If at least one student group did not meet all targets and also did not meet all targets in the 2022-23 school year, then the school will be identified as requiring TSI.

For more information about accountability determinations, indicators, and annual targets, see the [NJDOE Accountability page](#).

Student Group	Summative Score	Summative Score Cut-Off for Additional Targeted Support	Requires Additional Targeted Support: Low Performing Student Group	ELA Proficiency	Math Proficiency	ELA Growth	Math Growth	4-Year Graduation Rate	5-Year Graduation Rate	Progress toward English Language Proficiency	Chronic Absenteeism	Requires Targeted Support: Consistently Underperforming Student Group
Schoolwide				Met Target	Met Target†	**	**	Met Target	N	Met Goal	Met	No

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- LHS provides students with a comprehensive HS program designed to prepare them for their post-secondary education. LHS offers 17 AP Courses as well as other opportunities to earn college credit.
- Students are provided a wide variety of opportunities to participate in clubs and on interscholastic athletic teams to pursue their extra-curricular interests.
- The new Media Center Innovation Lab will feature a Glowforge, Sublimation Printer, Long Armed Quilting Machine, Sewing Machines, Cricuts, and a Bamboo 3D Printer.

Mission, Vision, Theme:

Lodi High School provides a safe and supportive environment which supports the social, emotional and physical development and engagement of all students. We are committed to focusing on high expectations, individual academic success and responsibility. Students are respected members of our community who are challenged to act ethically, think critically and make good decisions. We offer a rigorous curriculum which enables all students to reach their full potential.

Awards, Recognition, Accomplishments:

Ms. Virginia Fasulo, a science teacher at LHS, was a recipient of the prestigious Milken Award for her extensive work with students in the areas of Biology, Anatomy and Exercise science. Of particular note is her work with the pre-med Club in a lab setting which mimics a hospital setting. The High School Graduation rate was above 90% for the eighth consecutive year. Many students participate in Advanced Placement Courses and take at least one AP Exam with the opportunity to earn college credit. Students have been accepted to very selective Colleges and Universities including Harvard, Princeton, Columbia and The College of New Jersey.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Courses, Curriculum, Instruction:

LHS offers a variety of Advanced Courses and programs for our gifted and talented students including 17 AP Courses, the Anatomy and Physiology Summer Program, The Felician University/Lodi High School Academy of Research and Advanced Academics and the Junior Academy for gifted 8th grade students. An increased focus on reading and writing across all curricular areas has been a priority for preparing students for success in college and 21st century careers. We have added courses in Computer Science, Engineering and Construction Technology as part of an increased focus on STEM related course offerings. In the medical field, we are offering courses in Principles of Bio Medicine, Dynamics of Healthcare and Premed Survey: Science of Health Profession.

Sports and Athletics:

Sports Offered: Baseball (Boys), Basketball (Boys & Girls), Bowling (Boys & Girls), Cheerleading (Boys & Girls), Cross Country (Boys & Girls), Football (Boys), Soccer (Boys & Girls), Softball (Girls), Tennis (Boys & Girls), Track and Field - Spring (Boys & Girls), Track and Field - Winter (Boys & Girls), Volleyball (Boys & Girls), Wrestling (Boys & Girls)

Through their participation in Athletic Programs at Lodi High School, our students are provided with meaningful opportunities to develop critical leadership skills such as teamwork, sportsmanship, and time management. Sports offered at Lodi High School include: Baseball, Basketball, Bowling, Cheerleading, Cross Country, Football, Soccer, Softball, Tennis, Winter and Spring Track and Field, Volleyball, Wrestling, and Intramural Strength and Conditioning.

Clubs and Activities:

Lodi High School offers a wide array of clubs and activities which provide students with several opportunities to pursue their interests while becoming involved with the school community. Clubs provide opportunities in Performing Arts, Academics, Technology, Volunteer Community Service, Student Government and Medicine. Examples of some ECAs offered to LHS Students include: Pre-Med Club, National Honor Society, Rocket Club, Rampage (Online, Student Newspaper), Interact Club and Key Club. The following clubs were recently added such as Surf Club, Construction Technology, Hiking, Red Cross, and HOSA.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Before and After School Programs:

We offer Saturday instruction providing students with tutoring by certified Math and Language Arts teachers. LHS also offers a before school and after school homework club providing tutoring and assistance. An after school writing program is offered to assist students with writing assignments throughout the curriculum as well as assisting them with essays for their college entrance and scholarship applications. Summer programs provide supplemental instruction in Math and Language Arts. Our summer Anatomy and Physiology Course supplements instruction for advanced students who plan on pursuing medical careers. LHS offers a summer STEM Program for students in Grades 5-8 each summer in collaboration with the Boys and Girls Club Leap Program. LHS offers an Extended Year Program for IEP Students in all areas of instruction.

Staff and Professional Learning:

Lodi High School is committed to providing our Staff with high quality professional learning opportunities. New teachers are provided with a summer orientation program as well as a first year mentoring program which provides them with rich opportunities to develop effective instructional practices. Professional Development days and after school PD Meetings provide teachers with the opportunity to collaborate with their peers in Professional Learning Communities to revise and develop curriculum and share best practices for implementing highly effective instructional strategies. Our Educational Technology Committee researches and experiments with new educational technology applications and provides turnkey training to the instructional staff. A continued focus for professional development has been placed on the dangers of anxiety related disorders, strategies for relieving anxiety and for supporting student, teacher and staff social emotional wellness.

Postsecondary Information:

At LHS we offer a variety of programs to support the college process such as college admissions counselor information sessions, EOF Advisory Panel, ML College Parent Night, College Visit Field Trips, Senior Parent College Night, Junior Post-Secondary Planning Night, College Kick Off Week, National College Decision Day, NJ Stars Information Session, Instant Decision Day, FAFSA Day, Alumni Panel and Career Week. In addition, all students in grades 9-11 take the PSAT NMSQT at no expense to the student. Post-graduate plans include the following: 27.4% - 2 Yr College, 62.5% - 4 Yr College, 3.5% - Career Education, 3.5 % - Employment, 3.1% - Military. Recent graduates have been accepted to Princeton, Stanford, Columbia, Johns Hopkins, Duke, Vassar, Amherst, UCLA and other highly selective and prestigious post-secondary institutions. Several students in the top 15% of the senior class participate in the NJ Stars Program which affords them the opportunity to attend Bergen Community College.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Student Supports and Services:

Lodi High School provides a Comprehensive Program which provides a wide array of support services to meet the diverse needs of all students. Our programs include support services for Special Education Students, students with 504 plans and English Language Learners. Our school counseling program provides supports and services which address our students' academic, social-emotional, and mental health needs. School counselors provide students with a wide variety of post-secondary planning events and individual counseling sessions to assist them in developing and pursuing their individual post-secondary plans. Our Intervention and Referral Services Team provides our teaching staff with support and guidance to develop high quality I&RS plans which are designed to assist students who are experiencing difficulties. The School Counseling Department provides group counseling sessions on topics such as transitioning for new transfer students and post-secondary transitioning for HS seniors.

Student Health and Wellness:

Lodi High School is committed to providing a comprehensive Health and Wellness program to our students. A Driving Safety Program was instituted in collaboration with Hackensack University Medical Center. Students participated in a hands only CPR curriculum through their Health Courses. Several substance abuse prevention programs are offered annually by the SAC in collaboration with the Bergen County Sheriff's Department.

Parent and Community Involvement:

The Genesis Parent Portal provides parents with timely information regarding their student's grades, attendance and conduct. ESL courses are offered to our students' parents in collaboration with Bergen County Technical Schools. Parents are invited to attend PTA Back to School Night and Holiday Programs. A senior/junior Parent College Planning Night and an ELL Parent College Night is offered through our School Counseling Department. Our Student Resource Officer provides a mandatory Pre-Prom Safety Meeting for all parents. Students participate in a Thanksgiving Food drive and a Holiday Toy Drive. LHS conducts a Scholarship Night where students receive scholarships from Local Businesses, Lodi High School Clubs and other Community Organizations.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Facilities:

The facilities at LHS help to create a strong learning environment for all students. The halls are decorated with orange and blue motivational quotes and statements which are directly related to our school's core values. This creates a sense of school spirit and high expectations for academic achievement and personal growth. Our modern classrooms are equipped with interactive Promethean panels, high speed hard wired and wireless internet access with access to chromebook carts. Chromebooks are provided to all students. Our Media Center has a computer lab, a College and Career Center, and Innovations Lab. Our athletic facilities include an oversized gymnasium, state of the art Turf Athletic Field, Wrestling/Auxiliary Gymnasium, a recently renovated Athletic Trainer's Facility, and newly equipped weight room. We have added a multipurpose, state of the art Bio/Chemistry, Anatomy, Pre-Medicine Lab and hope to continue renovating science labs.

School Safety:

Lodi High School has a Comprehensive School Safety program. The school is monitored by our School Resource Officer and two School Safety Officers. Additional monitoring is provided through an indoor/outdoor security camera system. We conduct monthly School Security Drills to ensure that all students and staff are trained in how to respond to school security events. In the past, we have provided our staff with training in Trauma Informed Instruction and provided all district staff with a one day Interactive Threat Seminar provided by Tomahawk Strategic Solutions, national experts on school safety. Representatives from the Bergen County Prosecutor's Office, Bergen County Swat team, the Lodi Police Department and Tomahawk Strategic Solutions conducted a review of our school safety measures at Lodi High School as well as our physical building and applauded our school for our efforts in planning for school safety.

Technology and STEM:

All classrooms at LHS are equipped with Promethean Panels. Students are provided with individual Chromebook as part of our 1:1 initiative. Teachers have implemented Google Classrooms to provide students with rich opportunities to use technology throughout their learning process. Students will have the opportunity to participate in several new STEM Courses in Computer Science, Engineering and Construction Technology which have been added to the HS program. With the addition of a new Engineering and Construction Technology Lab at Lodi High School students have access to state of the art technology, facilities, and equipment to pursue their interest in STEM related post-secondary programs/careers. We have created a state of the art Bio/Chemistry Lab to support the educational goals of our Science Department. The lab includes Smart Manikins used in conjunction with 3D goggles to simulate medical training scenarios for students.

Narrative

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Attendance is essential for student success. We systematically analyze attendance data to identify trends and provide targeted support for students at risk of chronic absenteeism. Our schools utilize positive reinforcement strategies, including recognition programs that celebrate students with perfect or improved attendance. We also prioritize family engagement through consistent communication about the importance of attendance, offering resources to help address barriers such as transportation challenges or health issues. Furthermore, our attendance team conducts home visits when needed, ensuring that students receive the necessary support to maintain regular attendance. Through these collaborative efforts, we aim to cultivate a culture that values attendance and fosters a supportive learning environment.

Narrative

Other Information:

Lodi High School is a progressive high school offering a supportive and safe environment where students can excel. A professional faculty of 93 teachers and support staff dedicate themselves to providing rigorous instruction in academics, the arts, athletics and extra-curricular activities stressing the development of the whole child academically, socially and emotionally. The school meets the needs of a diverse population of approximately 900 students from more than 30 countries speaking more than 31 home languages. Every year the high school adds new programs such as the Felician University/ Lodi High School Academy of Research and Advanced Academics giving students the opportunity to gain college credit while still in high school. LHS has an extensive offering of Advanced Placement, Honors, College Prep, English as a Second Language and Special Education courses allowing students to pursue areas of academic interest to the highest levels. Every student is challenged at every grade level to meet their potential whether in the classroom, volunteering, clubs, activities, arts, sports or music. Upon graduation, students are ready to meet the challenges of college, business, the global marketplace, the military or vocational training. Our teachers are continuously pursuing their personal education goals by attending professional workshops, obtaining advanced degrees and by infusing research based instructional practices into the curriculum and the classroom. A technology committee composed of administrative and teacher volunteers develops and implements new programs using technology to prepare students and faculty alike to succeed both in school and in the workplace.
