## Robert L. Craig School (03-3350-060)

2023-2024

Principal: Mr. James Knipper

School Website

201-641-5833

367 Total Students

PK-08 Grades Offered

## Overview & Resources

District: Moonachie School District

20 West Park Street

Moonachie, NJ 07074-1115

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- . Learn more about the school and the district
- . Start conversations with school community members and ask questions
- Engage with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJD0E has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- . One-page guides to help start conversations for school board members, administrators, educators, elementary, and middle and high school families
- Reference Guide with details on all the data in these reports
- Frequently Asked Questions
- Understanding Adjusted Cohort Graduation Rates
- Understanding Student Growth Percentiles
- Data Privacy Rules (why you see \*'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our feedback survey. Contact reportcard@doe.nj.gov with any questions about the reports

# Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

#### **Enrollment Trends by Grade**

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

| Grade | 2021-22 | 2022-23 | 2023-24 |
|-------|---------|---------|---------|
| PK    | 48      | 47      | 45      |
| KG    | 30      | 33      | 32      |
| 1     | 35      | 38      | 34      |
| 2     | 38      | 33      | 37      |
| 3     | 33      | 36      | 30      |
| 4     | 44      | 37      | 40      |
| 5     | 38      | 45      | 35      |
| 6     | 26      | 32      | 48      |
| 7     | 35      | 27      | 37      |
| 8     | 30      | 36      | 29      |
| Total | 357     | 364     | 367     |

#### **Enrollment Trends by Student Group**

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

| Student Group                       | 2021-22 | 2022-23 | 2023-24 |
|-------------------------------------|---------|---------|---------|
| Female                              | 46.0%   | 47.0%   | 50.0%   |
| Male                                | 54.0%   | 53.0%   | 50.0%   |
| Non-Binary/Undesignated Gender      | ≤1%     | ≤1%     | ≤1%     |
| Economically Disadvantaged Students | 49.0%   | 54.1%   | 55.6%   |
| Students with Disabilities          | 16.5%   | 15.1%   | 13.6%   |
| Multilingual Learners               | 4.8%    | 6.6%    | 7.4%    |
| Students Experiencing Homelessness  | 1.1%    | 1.6%    | 1.9%    |
| Students in Foster Care             | 0.0%    | 0.0%    | 0.0%    |
| Military-Connected Students         | 0.0%    | 0.0%    | 0.0%    |
| Migrant Students                    | 0.0%    | 0.0%    | 0.3%    |

### **Enrollment by Racial and Ethnic Group**

This table shows the percentage of students by racial and ethnic group for the past three school years.

| Racial And Ethnic Group             | 2021-22 | 2022-23 | 2023-24 |
|-------------------------------------|---------|---------|---------|
| White                               | 28.9%   | 29.7%   | 30.8%   |
| Hispanic                            | 54.3%   | 55.5%   | 54.8%   |
| Black or African American           | 1.1%    | 0.3%    | 0.3%    |
| Asian                               | 12.9%   | 11.5%   | 11.4%   |
| Native Hawaiian or Pacific Islander | 1.4%    | 1.1%    | 1.1%    |
| American Indian or Alaska Native    | 0.0%    | 0.0%    | 0.0%    |
| Two Or More Races                   | 1.4%    | 1.9%    | 1.6%    |

## Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An SGP below 35 indicates low growth, an SGP between 35 and 65 indicates typical growth, and an SGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The NJDOE Student Growth page has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only

## Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An SGP below 35 indicates low growth, an SGP between 35 and 65 indicates typical growth, and an SGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The NJDOE Student Growth page has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only.

## Student Growth

Student growth is a measure of how much students are learning each year. New Jersey's ESSA state plan outlines that academic progress will be measured with school's median student growth percentile (mSGP) on statewide ELA and mathematics assessments. Each individual student receives a Student Growth Percentile (SGP) for English Language Arts (ELA) in grades 4 through 8 and for Mathematics in grades 4 through 7. The SGP measures their academic progress from one year to the next compared to other students with similar prior test scores (academic peers).

A student's SGP falls between 1 and 99 and can be grouped into three levels. An SGP below 35 indicates low growth, an SGP between 35 and 65 indicates typical growth, and an SGP greater than 65 indicates high growth. If the SGPs for all students are ordered from smallest to largest, the mSGP is the percentile in the middle of the list.

The NJDOE Student Growth page has more information about SGPs and mSGPs, including a video that explains how both SGPs and mSGPs are calculated.

Important Note for 2023-24: Student growth data is not available for the 2019-2020, 2020-2021, and 2021-2022 school years due to federal waivers and assessment cancellations. An alternate measure of academic progress, or growth, called Relative School Improvement Measure (RSIM) was used for the 2021-2022 school year only

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### **English Language Arts and Mathematics Performance Trends**

These graphs show trends in the Proficiency Rate for Federal Accountability over the last three years. The data includes the results of students taking both the New Jersey Student Learning Assessment (NJSLA) and the DLM alternate assessment for English language arts (ELA) and mathematics. The Proficiency Rate for Federal Accountability measures the percentage of students who met or exceeded expectations on the assessments (NJSLA or DLM) with an adjustment made if the participation rate is below 95% to ensure reporting on at least 95% of students. Students who were enrolled for less than half a school year are excluded from performance results. The table below provides participation rates, proficiency rates, annual targets and status in meeting the targets, and statewide proficiency rates.

#### **English Language Arts Assessment - Participation and Performance**

This table shows performance on statewide assessments for English language arts (ELA) both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results for ELA include only students in grades 3 through 9. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the <a href="MJDDE Accountability page">MJDDE Accountability page</a>. More information and additional data can also be found on the <a href="MJDDE Academic Achievement page">MJDDE Accountability page</a>.

#### Report Key:

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## **Academic Achievement**

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### English Language Arts Assessment - Performance By Grade: Grade 4

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### Report Key:

- \* Data is not displayed in order to protect student privacy \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### English Language Arts Assessment - Performance By Grade: Grade 7

#### Report Key:

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### **English Language Arts Assessment - Performance By Grade: Grade 8**

#### Report Kev:

- \* Data is not displayed in order to protect student privacy \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### **Mathematics Assessment - Participation and Performance**

This table shows performance on statewide assessments for mathematics both overall and by student group. It includes the results of students taking both the NJSLA and DLM. NJSLA results include students taking end-of-grade assessments in grades 3 through 8, as well as end-ofcourse assessments (Algebra I, Geometry, Algebra II) in middle school and high school and high school and who are enrolled in their first high school mathematics course that corresponds to an end-of-course assessment. Students who were enrolled for less than half a school year are excluded from performance results. Student are considered to have met or exceeded expectations if they score at Level 4 or 5 on the NJSLA or at Level 3 or 4 on the DLM assessment.

This table shows both the percentage of students who met or exceeded expectations and a proficiency rate used for federal accountability. The proficiency rate for federal accountability will be lower if the participation rate is below 95%. This table also shows status in meeting annual targets. Annual targets are specific to each student group, school, and district and represent the expected proficiency needed to stay on track to meet long-term goals. Student groups where the annual target fields are grayed out are not required to meet annual targets under ESSA accountability. For more details on New Jersey's accountability system, see the NJDOE Accountability page. More information and additional data can also be found on the NJDOE Academic Achievement page.

#### Report Key:

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### **Mathematics Assessment - Performance By Grade: Grade 4**

#### Report Key:

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### **Mathematics Assessment - Performance By Grade: Grade 5**

(03-3350-060) 2023-2024

#### Report Key:

- \* Data is not displayed in order to protect student privacy \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

#### Mathematics Assessment - Performance By Grade: Grade 6

This table shows performance on the mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students who took the NJSLA, which includes students who were enrolled less than half a year.

Students in sixth grade who were enrolled in an Algebra I or Geometry course were required to take both the corresponding end-of-course assessment (Algebra I or Geometry) and the Grade 6 mathematics assessment. The results of the Grade 6 mathematics assessment are included in this data. The Algebra I or Geometry results will be used when the student is in grade 9.

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDDE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### **Mathematics Assessment - Performance By Grade: Grade 7**

This table shows performance on the mathematics section of the New Jersey Student Learning Assessment (NJSLA). The performance results in this table include all students who took the NJSLA, which includes students who were enrolled less than half a year.

These results only include students taking the grade level assessment, they do not include the results of students who took the Algebra I, Geometry, or Algebra II end-of-course assessments.

#### Report Key:

- \* Data is not displayed in order to protect student privacy
- \*\* Accountability calculations require 20 or more students
- N No Data is available to display
- † This indicates a table specific note, see note below table

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDDE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### Mathematics Assessment - Performance By Test: Algebra I

This table shows performance on the NJSLA Algebra I end-of-course assessment. The performance results in this table include all students who took the NJSLA, it does not exclude students who were enrolled less than half a year.

This includes any students who were enrolled in an Algebra I course and took the Algebra I assessment in grades 7 through 12. Students in sixth grade who were enrolled in Algebra I course were required to take both the Algebra I and Grade 6 mathematics assessment. The results of their Algebra I assessment are not included in these results but will be reported when the student in in grade 9.

| Student Group                | Valid  | School Mean | District Mean |             | % Level 1: Did not yet meet |              |              | % Level 4: Met |              | % of testers met or exceeded | State: % of testers met or |

## Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the NJDOE's Assessment page.

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

### **DLM Alternate Assessment - Participation**

This table shows the number and percentage of students taking the Dynamic Learning Maps (DLM) alternate assessment, which tests academic progress in English Language Arts (ELA) and Mathematics for students with the most significant intellectual disabilities.

| Grade | ELA: # Students Tested | ELA: Participation Rate | Math: # Students Tested | Math: Participation Rate |
|-------|------------------------|-------------------------|-------------------------|--------------------------|
| 3     | N                      | N                       | N                       | N                        |
| 4     | N                      | N                       | N                       | N                        |
| 5     | N                      | N                       | N                       | N                        |
| 6     | *                      | *                       | *                       | *                        |

### **English Language Proficiency Test - Participation and Performance**

This table shows, by years in district, the number of multilingual learner students taking the ACCESS for ELLs Assessment for English language proficiency and the number and percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

| Years in District | # Students Tested | # Students with Overall Score Below 4.5 | % Students with Overall Score Below 4.5 | # Students with Overall Score of 4.5 or Above | % Students with Overall Score 4.5 or Above |
|-------------------|-------------------|---|---|---|--|
| 0-2               | 12                | *                                       | >90%                                    | *   | <10%                                       |
| 3-4               | *                 | *                                       | *                                       | *   | *  |
| 5 or more         | *                 | *                                       | *                                       | *   | *  |

#### **English Language Progress to Proficiency**

This table shows the percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

| Student Group                                  | Percent of English learners making expected growth to proficiency | Annual Target | Met Target? |
|--|---|---------------|-------------|
| Schoolwide/Multilingual Learners               | *   | *             | *           |
| † Target was met within a confidence interval. |   |               |             |

## Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the <a href="NJSLA-Science website">NJSLA-Science website</a> for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our NJDOE Accountability webpage under 2024 Accountability Data in the School & District Accountability section.

## Academic Achievement

The New Jersey Student Learning Assessment for Science (NJSLA-S) measures student proficiency with the New Jersey Student Learning Standards for Science. All students in grades 5, 8, and 11 take the NJSLA-Science assessment. Students receive a score of Level 1, 2, 3, or 4 where levels 3 and 4 represent proficiency. Visit the <a href="NJSLA-Science website">NJSLA-Science website</a> for DLM results.

For detailed information showing comparisons of the percentage of students performing at each of the four NJSLA-Science performance levels at the school, district and state-level, see data available on our <a href="NJDDE Accountability webpage">NJDDE Accountability webpage</a> under 2024 Accountability Data in the School & District Accountability section.

#### **NJSLA Science Assessment: Grade 8**

This table shows how students performed on the NJSLA Science assessment for the school year, both overall and by student group. Students scoring at level 3 or 4 are considered proficient.

| Student Group                               | School % Level 1 | School % Level 2 | School % Level 3 | School % Level 4 | State % Level 1 | State % Level 2 | State % Level 3 | State % Level 4 |
|---|------------------|------------------|------------------|------------------|-----------------|-----------------|-----------------|-----------------|
| Schoolwide                                  | 25%              | 61%              | 14%              | 0%               | 36%             | 45%             | 14%             | 5%              |

# Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

### Chronic Absenteeism Trends

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. Pursuant to N.J.S.A. 18A:38-25.1, any school where 10 percent or more of the students enrolled are chronically absent must develop a corrective action plan to improve chronic absenteeism rates. The Requires Corrective Action Plan column in the table indicates whether the school's chronic absenteeism rate is 10% or higher, meaning that the school must complete a corrective action plan. The NJDOE Data-based Decision Making for Addressing Chronic Absenteeism guidance document (found on the NJDOE attendance page under Chronic Absenteeism) provides districts with guidance on responding to chronic absetneeism and includes sample corrective action plan templates.

The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the school. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

# Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

### **Chronic Absenteeism**

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. Pursuant to N.J.S.A. 18A:38-25.1, any school where 10 percent or more of the students enrolled are chronically absent must develop a corrective action plan to improve chronic absenteeism rates. The Requires Corrective action plan column in the table indicates whether the school's chronic absenteeism rate is 10% or higher, meaning that the school must complete a corrective action plan. The NJDOE Data-based Decision Making for Addressing Chronic Absenteeism guidance document (found on the NJDOE attendance page under Chronic Absenteeism) provides districts with guidance on responding to chronic absenteeism and includes sample corrective action plan templates.

The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the school. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

| Student Group                               | # of Students Chronically Absent | % of Students Chronically Absent | Requires Corrective Action Plan: Schoolwide Rate is 10% or higher | ESSA Target: State Average for Grades Served | Met ESSA Target |
|---|----------------------------------|----------------------------------|---|--|-----------------|
| Schoolwide                                  | 41                               | 12.5%                            | Yes   | 13.8%  | Met             |
| White                                       | 11                               | 11.3%                            |   | 13.8%  | Met             |

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled

| Incident Type                            | Number of Incidents |
|--|---------------------|
| Violence                                 | 0                   |
| Weapons                                  | 0                   |
| Vandalism                                | 0                   |
| Substances                               | 0                   |
| Harassment, Intimidation, Bullying (HIB) | 10                  |
| Total Unique Incidents                   | 10                  |

## Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bulling (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

| LIID Noture (Protected Cotogoni) | HIB Alleged | HIB Confirmed | Total LID Investigations |
|----------------------------------|-------------|---------------|--------------------------|
| HIB Nature (Protected Category)  | HIB Alleged | HIB Confirmed | Total HIB Investigations |
| Race                             | 0           | 3             | 3                        |
| Religion                         | 0           | 0             | 0                        |
| Ancestry                         | 0           | 0             | 0                        |

### **Student Disciplinary Removals: By Student Group**

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

| Student Group                             |    | % of Students with at least one In-School Suspension | # of Students with at least<br>one Out-of-School<br>Suspension | % of Students with at least<br>one Out-of-School<br>Suspension | # of Students<br>with Any<br>Suspension | % of Students<br>with Any<br>Suspension | # of Students with a Removal<br>to other education program |    | # of Students<br>with an<br>Expulsion | % of Students<br>with an<br>Expulsion |
|---|----|--|--|--|---|---|--|----|---------------------------------------|---------------------------------------|

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

### **Student Disciplinary Removals: By Grade Level**

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by grade level. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

| Grade      |    |        | # of Students with at least one<br>Out-of-School Suspension |     |   |     |   |    | # of Students<br>with an<br>Expulsion | % of Students<br>with an<br>Expulsion |

### Students Arrested by Type of Incident Leading to Arrest: By Student Group

This table shows the number and percentage of students in select student groups who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the arrested student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide were involved to protect student privacy.

| Student Group                             | # of<br>Students<br>Arrested | Students | nvolved in at least | violent incident | # of students<br>involved in at least<br>one vandalism<br>incident that led to<br>arrest | % of students<br>involved in a<br>vandalism<br>incident that led<br>to arrest | # of students<br>involved in at least<br>one substance<br>related incident that<br>led to arrest |    | # of students<br>involved in at least<br>one weapons related<br>incident that led to<br>arrest | % of students<br>involved in a<br>weapons related<br>incident that led<br>to arrest | # of students<br>involved in at<br>least one HIB<br>incident that led<br>to arrest | % of students<br>involved in an<br>HIB incident<br>that led to<br>arrest | # of students<br>involved in at least<br>one other type of<br>incident that led to<br>arrest | % of students<br>involved in an<br>other type of<br>incident that led<br>to arrest |

# Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the NJDOE School Performance webpage. Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

### Students Arrested by Type of Incident Leading to Arrest: By Grade Level

This table shows the number and percentage of students in each grade level who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the arrested student counts. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide were involved to protect student privacy.

# Climate and Environment

## **School Day**

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

| Category                         | School          |
|----------------------------------|-----------------|
| Typical Start Time               | 8:50 AM         |
| Typical End Time                 | 3:05 PM         |
| Length of School Day             | 6 Hrs. 15 Mins. |
| Full Time - Instructional Time   | 5 Hrs. 50 Mins. |
| Shared Time - Instructional Time | 3 Hrs. 50 Mins. |

### **Device Ratios**

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAx survey and reflects data submitted as of October 2024, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

| School Year | Student to Device Ratio |
|-------------|-------------------------|
| 2023-2024   | 1.1:1                   |

## **Student Access to Technology and Internet**

The NJDOE collects information on student device types, device owners, and internet connectivity. Reports about student access to technology and internet connectivity can be found on the NJDOE website.

# Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### Teachers - Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the <a href="School Performance Staff">School Performance Staff</a> <a href="Page">Page</a>.

| Category   | Teachers in | Teachers in |
|--|-------------|-------------|
| Category   | School      | State       |
| Total Number of teachers   | 37          | 119,239     |
| Average years experience in public schools                             | 10.2        | 12.6        |
| Average years experience in district                                   | 8.3         | 11.3        |
| Number of Teachers with 4 or more years experience in the district     | 27          | 87,243      |
| Percentage of Teachers with 4 or more years experience in the district | 75.0%       | 73.6%       |
| Number of out-of-field teachers  | 0           | 2,931       |
| Percentage of out-of-field teachers                                    | 0%          | 2.5%        |
| Number of Teachers with Provisional Credentials                        | 3           | 9,065       |
| Percentage of Teachers with Provisional Credentials                    | 7.9%        | 7.6%        |

### Administrators - Experience

This table shows information about the experience of administrators assigned to this school and across the state.

| Category   | Admin. in<br>School | Admin. in<br>State |
|--|---------------------|--------------------|
| Total Number of administrators   | 3                   | 10,170             |
| Average years experience in public schools                                   | 10.7                | 16.2               |
| Average years experience in district   | 7.7                 | 12.5               |
| Number of Administrators with 4 or more years experience in the district     | 3                   | 7,734              |
| Percentage of Administrators with 4 or more years experience in the district | 100.0%              | 76.8%              |

## **Staff Counts**

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

| Staff Category                     | School: Total Staff<br>Members | District: Total Staff<br>Members | State: Total Staff<br>Members |
|------------------------------------|--------------------------------|----------------------------------|-------------------------------|
| Teachers                           | 37                             | 37                               | 119,239                       |
| Administrators                     | 3                              | 3                                | 10,170                        |
| Librarians/Media<br>Specialists    | 1                              | 1                                | 1,160                         |
| Nurses                             | 1                              | 1                                | 3,025                         |
| School Counselors                  | N                              | N                                | 4,673                         |
| Child Study Team<br>Members        | 1                              | 1                                | 9,654                         |

# Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

#### Key terms for staff data:

#### Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### **Student and Staff Ratios**

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

| Ratio   | School Ratio | District Ratio |
|---|--------------|----------------|
| Students to Teachers                          | 10:1         | 10:1           |
| Students to Administrators                    | 122:1        | 122:1          |
| Teachers to Administrators                    | 12:1         | 12:1           |
| Students to Librarians/Media Specialists †    | 367:1        | 367:1          |
| Students to Nurses †                          | 367:1        | 367:1          |
| Students to Counselors †                      | N            | N              |
| Students to Child Study Team Members †,††     | 50:1         | 50:1           |
| Students to School Psychologists †            | N            | N              |
| Students to School Social Workers †           | 367:1        | 367:1          |
| Students to Student Assistance Coordinators † | N            | N              |
| Students to School Safety Specialists †       |              | 367:1          |

- † In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school
- †† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

### **Teachers and Administrators – Demographics**

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

| Category                            | Students in School | Teachers in School | Administrators in School | Students in State | Teachers in State | Administrators in State |
|-------------------------------------|--------------------|--------------------|--------------------------|-------------------|-------------------|-------------------------|
| Female                              | 50.0%              | 70-80%             | *                        | 48.0%             | 77.0%             | 57.0%                   |
| Male                                | 50.0%              | 20-30%             | *                        | 52.0%             | 23.0%             | 43.0%                   |
| Non-Binary/Undesignated Gender      | ≤1%                | ≤10%               | *                        | ≤1%               | ≤1%               | ≤1%                     |
| White                               | 30.8%              | 94.6%              | 100.0%                   | 38.2%             | 81.8%             | 74.5%                   |
| Hispanic                            | 54.8%              | 5.4%               | 0.0%                     | 34.0%             | 8.6%              | 8.6%                    |
| Black or African American           | 0.3%               | 0.0%               | 0.0%                     | 14.2%             | 6.4%              | 14.4%                   |
| Asian                               | 11.4%              | 0.0%               | 0.0%                     | 10.1%             | 2.5%              | 1.6%                    |
| American Indian or Alaska Native    | 0.0%               | 0.0%               | 0.0%                     | 0.2%              | 0.1%              | 0.0%                    |
| Native Hawaiian or Pacific Islander | 1.1%               | 0.0%               | 0.0%                     | 0.2%              | 0.4%              | 0.5%                    |

This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, of if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

| Job Type                                      | District | State |
|---|----------|-------|
| 2022-23 Teachers: Same district 2023-24       | 89.5%    | 89.5% |
| 2022-23 Administrators: Same district 2023-24 | 75.0%    | 87.9% |

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### **Teachers by Subject Area**

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area.

| Subject Area                              | Total Number of<br>Teachers |        | %<br>Male | % Non-binary or<br>Undesignated Gender | %<br>White | %<br>Hispanic | % Black or<br>African<br>American | %<br>Asian | % Native Hawaiian,<br>Pacific Islander | % American Indian or<br>Native American |      | % 4 or more years experience in the district | % Bachelor's<br>Degree(Highest<br>Degree) | % Master's<br>Degree(Highest<br>Degree) | % Doctoral<br>Degree(Highest<br>Degree) |

# Per-Pupil Expenditures

## **Per-Pupil Expenditures by Source**

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE\*\*) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the <u>NJDOE webpage ESSA School Level Reporting Information</u>. More in-depth information about district and charter school spending can be found in the <u>User Friendly Budget</u> and the <u>Annual Comprehensive Financial Report (ACFR) and Auditor Management Reports (AMRs)</u>

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Link to District Summary of 2023-24 School-Level Per Pupil Expenditures by Source

An option to download all school-level summaries by district in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

| Moonachie Boro                      | Federal | State & Local | Total    | ADE** |
|-------------------------------------|---------|---------------|----------|-------|
| District Level Total Expenditures   | \$820   | \$17,749      | \$18,570 | 379.1 |
| District Level Central Expenditures |         | \$1,006       | \$1,006  | 379.1 |
| Robert L. Craig School              | \$820   | \$16,743      | \$17,563 | 379.1 |
|                                     |         |               |          |       |

# Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability SystemNew Jersey's school accountability system identifies schools in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's approved ESSA state plan. NJDOE will identify schools in the following four federal categories every three years:

- · Comprehensive Support and Improvement (CSI): Overall Low Performing:
  - Title I schools with a summative score in the bottom 5% of Title I schools.
- Comprehensive Support and Improvement (CSI): Low Graduation Rate:
  - All high schools with a four-year graduation rate of 67% or less
- Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):
  - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- · Comprehensive Support and Improvement (CSI): Chronically Low Performing:
  - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.

Annually, NJDOE will identify schools in the following federal category:

- · Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):
  - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

The NJDOE identified schools for CSI and ATSI status in fall 2023 based on data from the 2022-2023 school year, so the NJDOE did not identify schools for CSI or ATSI status based on 2023-2024 school year data. The NJDOE only identified schools for TSI status based on data from the 2023-2024 school year.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the NJDOE accountability page.

# Accountability

## **ESSA Accountability Status**

The table below provides the school's federal school status for the 2025-26 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the <a href="MJDDE Accountability.page">MJDDE Accountability.page</a> includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

| Status for 2025-26 School Year                                 | Not in Status |
|--|---------------|
| Category of Identification                                     | n/a           |
| Year Eligible to Exit Status                                   | n/a           |
| Student Group Status: White                                    |               |
| Student Group Status: Hispanic                                 |               |
| Student Group Status: Black or African American                |               |
| Student Group Status: Asian, Pacific Islander, Native Hawaiian |               |
| Student Group Status: American Indian or Alaska Native         |               |
| Student Group Status: Two or More Races                        |               |
| Student Group Status: Economically Disadvantaged Students      |               |
| Student Group Status: Students with Disabilities               |               |
| Student Group Status: Multilingual Learners                    |               |
|  |               |

†This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Additional Targeted Support and Improvement.

## **ESSA Accountability Progress**

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. ELA and Math Proficiency: Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) ELA and Math Growth: For 2022-23 and 2023-24, this data reflects median student growth percentiles (mSGPs). For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. Four- and five-year graduation rates: The federal adjusted cohort graduation rate. Prior year graduation rates are used for ESSA Accountability, so the graduation rates shown for 2023-2024 represent the Cohort 2023 4-year and Cohort 2022 5-year rates. Progress toward English Language Proficiency: The percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English language proficiency. Chronic absenteeism: The percentage of K-12 students who were absent for 10% or more of the days enrolled during the school year.

**Important Note for 2023-24:** The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE resumed using mSGPs in 2022-2023, so 2021-22 growth data should not be compared to other years.

| ESSA Acountability Indicator                 | 2021-22 | 2022-23 | 2023-24 |
|--|---------|---------|---------|
| ELA Proficiency                              | 64.3%   | 73.1%   | 74.5%   |
| Math Proficiency                             | 52.3%   | 58.9%   | 55.3%   |
| ELA Growth†                                  | 74      | 52      | 61      |

# Accountability

## Accountability Indicator Scores and Summative Ratings - 2023-24 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state.

Schools are only identified for comprehensive support and improvement every three years. The NJDOE identified schools for support based on data from the 2022-2023 school year, so schools will not be identified for comprehensive support based on data from the 2023-2024 school year. As a result, this table will not flag whether schools met the identification criteria for comprehensive support and improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see the NJDOE Accountability page.

| ESSA Accountability Indicator  | Actual Performance | Indicator Score | Weight |
|--|--------------------|-----------------|--------|
| ELA Proficiency  | 74.5%              | 90.30           | 17.5%  |
| Math Proficiency   | 55.3%              | 75.59           | 17.5%  |
| ELA Growth   | 61                 | 82.58           | 25.0%  |
| Math Growth  | 51.5               | 47.69           | 25.0%  |
| 4-Year Graduation Rate (Prior Year)†                                       | N                  | N               | N      |
| 5-Year Graduation Rate (Prior Year)†                                       | N                  | N               | N      |
| Progress toward English Language Proficiency                               | *                  | **              | **     |

# Accountability

## Accountability Summary by Student Group - 2023-24 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) annually and for Additional Targeted Support and Improvement (ATSI) every three years. Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

The NJDOE identified schools for ATSI status based on data from the 2022-2023 school year, so schools will not be identified for ATSI status based on data from the 2023-2024 school year. The table below will show the summative score for each student group, but it will not show a cut-off score or indicate that a student group has been identified for ATSI status since it is not an identification year.

Schools will be identified for TSI status based on data from the 2023-204 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year, since that is required annually.

For more information about accountability determinations, indicators, and annual targets, see the NJDOE Accountability page.

- 3-Tier School Wide Positive Behavior Intervention Support System, Instructional Best Practices in ELA, Math, Science & Special Education, Student Created and Edited Daily RLC T.V., STEAM Team
- · After School Academy, Expanded Summer ESY, Instrumental Music, 3-Tier RTI Instructional Programming, H.S. Preparation Program, National Junior Honor Society
- · Student-to-Student Buddy and Tutoring Program, Saturday Tutoring Program

Mission, Vision, Theme:

It is the Mission of the Robert L. Craig School & Moonachie School District to help its students gain the academic skills and knowledge, intellectual integrity, and individual courage as risk-takers, which will lead to their personal success. We will provide an education, which enables our students to operate as active citizens in America, in its democracy, as well as informed citizens of the world. This education will be provided in an encouraging atmosphere, which fosters respect, as well as academic and social growth.

**Awards, Recognition, Accomplishments:** 

Awarded the Pre-School Expansion Grant in 18/19. Continued to expand our Pre-School programming, allowing for Free PreK to 42 students. We continue to realize a decrease in HIB Reports and student code of conduct violations due to our School Wide PBIS Program. Our 8th Grade students are continually applying and gaining acceptance into Special Admit high schools across Bergen County. Moonachie was awarded a 5-year extension of the YMCA After School grant. With this partnership, we have realized the implementation of Saturday School Programming and Parent/Guardian evening ESL Classes. Our courtyard transformation has resulted in a sustainable garden, whereas our students prepare, plant, and upkeep fruits and vegetables. Moonachie seeks grant opportunities to continue this project. For the 22/23 and 23/24 School Years, Moonachie was the highest performing DFG 'B' district in both ELA & Mathematics, according to NJSLA Proficiency data.

National Junior Honor Society. NJSLS Aligned Curriculum Across Grades & Contents. We have implemented the Creative Curriculum for our Pre-Kindergarten program. We successfully implement SAVVAS Learning as our core ELA and Math program in grades K-5. Our ELA Response to Intervention is centered around the Leveled Literacy Intervention Program, Lexia, Orton Instructional Practices, and Reciprocal Teaching strategies. Our Math Response to Intervention is centered around Numbers World Tiered Program as well as Rocket Math and Lumos Learning. The 21st Century YMCA program has partnered with the school to implement a Saturday Tutoring program to provide students individualized academic support as well as Vacation School to occur during Spring Break. Finally, our Enrichment Program offers our students an opportunity to gain real-world experiences. We are very proud of our 8th grade students high performance on the Algebra NJSLA.

Sports Offered: Basketball (Boys & Girls)

National Junior Honor Society, Student Council, STEAM TEAM, RLC T.V., Drama Club, Math Olympiad, Yearbook, Early Morning Art, Band, Gardening Club, Enrichment, Chess Club, National Spelling Bee Participant, Geography Bee Participant, Intramural Basketball League, After School Academy, After School Chorus, After School Instrumental Band

Meadowlands YMCA, with the Moonachie BOE, offers the 21st Century Community Learning Center After School Program for Robert L. Craig students in grades 3-8. The program provides academic remediation & daily homework assistance by certified teachers. It also includes Individual Saturday Tutoring sessions and Vacation School (Spring Break). Additionally, the students take part in nutritional, health & fitness activities, culinary arts, gardening, sports and dance, STEAM Activities, Career Exploration, and Community Service activities. A nutritional snack and dinner is provided. We are proud to offer an after school SACC program through the Meadowlands YMCA for grades K-2. Additionally, after school we offer RLC TV, Chorus, Band, tutoring, and Drama Club. We offer Before Care through the Meadowlands YMCA, whereas parents can drop of students an hour before the start of school. We also offer tutoring before school.

Our teachers are engaged in a high intensity on-going professional development model in the areas of English Language Arts, Mathematics, Science, and Special Education Instructional Best Practices. The Moonachie School District continues to partner with Professors from Rutgers University and The College of New Jersey in these fields to provide individualized, on-going, coaching of instructional best practices. This model is currently in year 5 for ELA, year 4 for Math, year 3 for Special Education, and year 2 for Science. Our ELA Best Practices focus on Reciprocal Teaching, Socratic Seminars, Close Reading, and Buddy Reading. Our Mathematics best practices are centered around students modeling and reasoning, math discussions, and Socratic seminars. Our science teachers are implementing instructional strategies, anchored in the exploration of phenomena. Our Special Education team is centered in best practices for inclusive students receiving Tier 1 Grade Level Instruction.

**Student Supports and Services:** 

Child Study Team: Director, School Psychologist, School Social Worker, Learning Disabilities Teacher Consultant. Services Include - Occupational Therapy, Physical Therapy, Speech Therapy, Counseling, and Social Groups. Student Behaviorist is on staff twice per week. CarePlus. I&RS Team. PIRT Team. School Climate Team. Data Team. Instructional services include morning tutoring, 21st Century YMCA after school Program, Blended Learning Opportunities, ESL/ELL Services, Lexia, Lumos Learning, and RTI model for student academic growth.

## **Parent and Community Involvement:**

The Robert L. Craig School was opened in 1955. In 1958, the Dante P. Zirpoli Annex was added. In 1972 the new Edward G. Terragni Gymnasium was built. In 2004, the Mary Rhein Weber Media Center was opened. In 2012, the Robert L. Craig school was displaced during Hurricane Sandy and spent the school year in trailers at a neighboring town. The school was heavily damaged. A majority of the contents have been replaced since the disaster. The school has a media center, an art room, gymnasium, playground, soccer field, and baseball field. During the 21-22 year, the roof of the building was replaced as well as the Stage Floor. During the 22-23 school year, ventilation was updated to include air conditioning in every classroom. Additionally, the playground was replaced and the gymnasium bleachers. During the 24-25 school year, the gymnasium facade was fully replaced due to structural water damage. We continue to make all facility upgrades and repairs through our general fund.

Certified School Safety Specialist & Partnership with the Moonachie Police Department

SmartBoards in every classroom, Apple Devices 1:to:1, Elmo Document cameras in every classroom, Google Certified educators, Google Classroom implementation in Middle School. Additionally, our smartboards are all at end-of-life. We are in year two of a five year replacement plan for all SmartBoards to upgraded boards.

Moonachie School District was awarded the Pre-School Education Expansion Aid Grant (PEEA) by the department of education. PEEA has provided us the opportunity to expand our half-day Pre-K program to full-day. We were able to purchase, receive training, and implement Creative Curriculum. Additionally, our Pre-K students now receive transportation and are a part of our Breakfast/Lunch programs. Our district currently offers free full-day Pre-K to 42 students. We will look into extended partnerships in the future if registration increase demands it. This grant has been and continues to be a tremendous resource for our community.

The Robert L. Craig School, prior to COVID-19, was well below the 10% threshold for Chronic Absenteeism. In a post-pandemic climate, our absenteeism increased between 2020-2022. For the 23-24 School Year, we decreased our Chronic Absentee rate, but still fell above the 10% threshold. As such, we have engaged families in learning about chronic absenteeism and encouraging attendance. There were mandatory summer meetings for families of children who were over 8% absent. Additionally, we are now having monthly check-in meetings with families who are over 10% each month. Our practice and CAP are anchored in positive outreach, educate, and problem solve together. With this recipe, we are confident we will continue to improve our daily attendance.

Our School Wide PBIS House System is the backbone of our School Culture. Each student and staff member belong to one of four houses. Each house is associated with a certain theme: friendship, givers, dreamers, and courage. Students earn points by being respectful, peaceful, honorable, completing work, and demonstrating positive problem solving skills. Leading houses earn rewards, parties, and special privileges. Students mix regularly with friends in the other houses eating lunch and socializing outside of school. Competitions are always friendly and students learn social skills and how to build each other up with positive encouragement.
