## Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

**Important Note for 2023-24 Reports:** The NJDOE recommends caution in comparing data from year to year over the last several years.

**School Performance Report Resources:** The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for [school board members](#), [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see \*s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact [reportcard@doe.nj.gov](mailto:reportcard@doe.nj.gov) with any questions about the reports

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

Grade	2021-22	2022-23	2023-24
PK	26	58	58
<b>Total</b>	<b>26</b>	<b>58</b>	<b>58</b>

### Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Student Group	2021-22	2022-23	2023-24
Female	40-60%	40-50%	50-60%
Male	40-60%	50-60%	40-50%
Non-Binary/Undesignated Gender	≤20%	≤10%	≤10%
Economically Disadvantaged Students	3.8%	20.7%	13.8%
Students with Disabilities	26.9%	22.4%	10.3%
Multilingual Learners	0.0%	0.0%	0.0%
Students Experiencing Homelessness	0.0%	0.0%	0.0%

Military-Connected Students	0.0%	0.0%	0.0%
Migrant Students	0.0%	0.0%	0.0%

### Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

Racial And Ethnic Group	2021-22	2022-23	2023-24
White	92.3%	86.2%	82.8%
Hispanic	3.8%	5.2%	6.9%
Black or African American	0.0%	0.0%	1.7%
Asian	0.0%	0.0%	1.7%
Native Hawaiian or Pacific Islander	0.0%	0.0%	0.0%
American Indian or Alaska Native	0.0%	0.0%	0.0%
Two Or More Races	3.8%	8.6%	6.9%

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### Enrollment Trends by Full/Half Day PK and KG

This table shows number of students in full day and half day Pre-Kindergarten (PK) and Kindergarten (KG) for the past three school years.

Grade	2021-22	2022-23	2023-24
PK - Half Day	0	0	0
PK - Full Day	26	58	58

## Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

### Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

## Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

### Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
<b>Total Unique Incidents</b>	<b>0</b>
Incidents Per 100 Students Enrolled	0.00

### Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

### Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0

### Student Disciplinary Removals: By Student Group

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

### School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:20 AM

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

**Key terms for staff data:**

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Experience:** Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

**Out-of-Field:** A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

**Provisional Teacher:** A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the [School Performance Staff page](#).

### Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	4	139	119,239
Administrators	N	12	10,170
Librarians/Media Specialists	N	2	1,160
Nurses	1	5	3,025
School Counselors	N	9	4,673
Child Study Team Members	N	11	9,654
School Psychologists	N	4	2,185
School Social Workers	N	2	2,750
Student Assistance Coordinators	N	N	400
School Safety Specialists	N	1	681

## Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

**Key terms for staff data:**

**Teachers:** All classroom teachers

**Administrators:** Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

**Experience:** Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

**Out-of-Field:** A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

**Provisional Teacher:** A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

### Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Ratio	School Ratio	District Ratio
Students to Teachers	15:1	10:1
Students to Administrators	N	115:1
Teachers to Administrators	N	12:1
Students to Librarians/Media Specialists †	N	687:1
Students to Nurses †	58:1	275:1
Students to Counselors †	N	153:1
Students to Child Study Team Members †,††	N	24:1
Students to School Psychologists †	N	344:1
Students to School Social Workers †	N	687:1
Students to Student Assistance Coordinators †	N	N
Students to School Safety Specialists †		1374:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

### Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Category	Students in School	Teachers in School	Administrators in School	Students in State	Teachers in State	Administrators in State

### Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

#### Bachelor's Degree

#### Master's Degree

#### Doctoral Degree

### Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Job Type	District	State
2022-23 Teachers: Same district 2023-24	88.6%	89.5%

### Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

## Per-Pupil Expenditures

### Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE\*\*) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Annual Comprehensive Financial Report \(ACFR\) and Auditor Management Reports \(AMRs\)](#).

*Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.*

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

## Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

### Highlights:

- Students in Preschool learn through meaningful play as part of the Creative Curriculum instructional model. Additionally, Students engage in social-emotional learning on a daily basis using the Second
- Preschool Little Bees practice character education in conjunction with our PBIS plan through SWARM expectations. Safe. Working Together. Achievement. Respect. Mindfulness.
- Our full-day preschool program is available for Audubon residents. We currently have a lottery in place for registration, and are actively working to expand so more students can attend our program.

### Mission, Vision, Theme:

Our mission is to ensure we are educating the whole child. In partnership with our students, families, and communities, the Audubon Public Schools will educate all students by providing motivating and challenging learning experiences embedded in technology that prepare them to achieve the New Jersey Student Learning Standards at all grade levels, in a safe setting of mutual respect, in order to develop ethical, productive citizens who will contribute to the local and global community.

### Awards, Recognition, Accomplishments:

Our research based curriculum is aligned to state standards and is enhanced regularly to ensure students receive the most up to date approaches to instruction. True to our mission, we weave growth mindset into our students' skill development and content acquisition.

### Courses, Curriculum, Instruction:

Arts, Music, Fine and Gross Motor, and Critical Thinking are embedded in our curriculum and learning throughout each day.

### Before and After School Programs:

We do not offer before and after care for preschool-aged students.

### Staff and Professional Learning:

Our building based Preschool Instructional Coach provides targeted feedback in classrooms to support best practices and help our teachers grow continually. Additionally, all preschool staff attend and participate in professional development related to TPOT, special education, multi-lingual learners, classroom management, best practices, family engagement, and more.

### Student Supports and Services:

School Counseling and Preschool Intervention & Referral Services

### Student Health and Wellness:

In addition to learning about personal health and wellness as part of their school day, our students benefit from the care and support of our full-time school nurse. Our school nurse is a valued member of our PIRT team and a trusted resource for families and staff alike. You can find more information on our school website at <https://aps.audubonschools.org/nurses-office>

### Parent and Community Involvement:

An important part of Audubon students' success is the partnership with the parents and community. Parent Teacher Association supports activities/initiatives, including visiting authors, education assemblies, and enhancing the curriculum. Audubon Father's Association supports activities/initiatives, including food drives for the school pantry. Audubon Education Foundation and Audubon Alumni Association support activities/initiatives, including teacher grants and technology to enhance school culture and academics. High rate of family attendance for events such as Trunk or Treat, Tikes on Trikes, Children's Night, and fine art shows. Families and community stakeholders are encouraged to attend and participate in our quarterly Early Childhood Advisory Council (ECAC) meetings, as well.

### Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Parents, Administrators, Teachers.

### Facilities:

We are currently housed in the Audubon Park Municipal building. In this secure space, we benefit from a private playground and the use of the community soccer fields for outdoor play.

### School Safety:

A secure vestibule allows parents/guardians to sign in to the school for scheduled visits. In 2024, we added a new security system to ensure that all visitors go through a specific process before entering the building. We also have a new camera system that allows us to monitor our campus safely. During the school day, the campus is closed.

### Technology and STEM:

Classrooms are outfitted with Smartboards for interactive instruction in each classroom.

### Early Childhood Education:

We currently have 4 general education inclusive classrooms. Our exceptional teaching staff work closely to create a family feel, and our paraprofessionals are an integral part of our successful instructional program. We benefit from having a relief teacher and relief aide who provide targeted support to enhance our instructional model. Our relief teacher provides targeted daily small group instruction based on each child's individual needs. Our relief aide supports in all areas of the building, works with students 1:1 and in small groups, as needed, and coordinates and supervises outdoor play.

### Attendance:

Preschool students moving to Kindergarten will participate in a variety of Kindergarten readiness and transition activities to prepare them and their families for Kindergarten.

### Other Information:

Preschool-aged students who turn 3 years of age on or before October 1 are eligible for the lottery and registration. Students may only attend up to 2 full years in our program. Students who complete their 4-year-old year and who are also 5 years old on or before October 1 will automatically be enrolled in our Kindergarten program at Haviland Avenue School. Parents/Guardians who wish to send their child(ren) for an additional preschool year withdraw their children, attend a private program, and return to register for Kindergarten the following year.
