Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for [school board members](#), [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see *'s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact reportcard@doe.nj.gov with any questions about the reports

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Full/Half Day PK and KG

This table shows number of students in full day and half day Pre-Kindergarten (PK) and Kindergarten (KG) for the past three school years.

Grade	2021-22	2022-23	2023-24
PK - Half Day	0	0	0
PK - Full Day	5	3	2
KG - Half Day	0	0	0
KG - Full Day	3	3	2

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

Climate and Environment

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

Incident Type	Number of Incidents
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Total Unique Incidents	0
Incidents Per 100 Students Enrolled	0.00

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

Incident Type	Incidents Reported to Police
Violence	0
Weapons	0
Vandalism	0
Substances	0
Harassment, Intimidation, Bullying (HIB)	0
Other Incidents Leading to Removal	0

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

HIB Nature (Protected Category)	HIB Alleged	HIB Confirmed	Total HIB Investigations
Race	0	0	0
Religion	0	0	0
Ancestry	0	0	0
Gender	0	0	0
Sexual Orientation	0	0	0

Student Disciplinary Removals: By Student Group

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

Category	School
Typical Start Time	8:25 AM
Typical End Time	2:55 PM
Length of School Day	6 Hrs. 30 Mins.
Full Time - Instructional Time	5 Hrs. 36 Mins.
Shared Time - Instructional Time	2 Hrs. 48 Mins.

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the [School Performance Staff page](#).

Category	Teachers in School	Teachers in State
Total Number of teachers	11	119,239

Percentage of Administrators with 4 or more years experience in the district	100.0%	76.8%

Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Staff Category	School: Total Staff Members	District: Total Staff Members	State: Total Staff Members
Teachers	11	2,965	119,239
Administrators	1	489	10,170
Librarians/Media Specialists	N	14	1,160
Nurses	N	93	3,025
School Counselors	N	95	4,673
Child Study Team Members	3	336	9,654
School Psychologists	N	37	2,185
School Social Workers	N	162	2,750

Student and Staff Ratios

This table shows ratios of students and staff members in the school and district. The ratios are based on data submitted by districts to NJ SMART and are not based on staff full-time equivalent (FTE). The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

Ratio	School Ratio	District Ratio

Students to School Social Workers †	N	270:1
Students to Student Assistance Coordinators †	N	N
Students to School Safety Specialists †		43810:1

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE**) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Annual Comprehensive Financial Report \(ACFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Bruce Street School for the Deaf is one of the oldest (100 + years old) day programs in the country serving deaf children.

Mission, Vision, Theme:

At Bruce Street School , we provide self-contained, inclusive, supportive, and an academically dynamic learning environment wich includes ASL, visual and verbal modesof instruciton to meet the unique needs of our auditorily impaired learners. We engage all students by providing multiple pathways to succes. We go above and beyond the systemic norm so that our learning community thrives in the 21st Century.

Courses, Curriculum, Instruction:

All elementary curricula are NBOE Board approved and aligned to the NJ State Learning Standards. Advanced coursework is available in mathematics, science, and language through Algebra I, Spanish AP Language course in middle school for Heritage speakers, and PLTW science modules. Textbooks are newly adopted from 2020 to present. As a recent example, the district adopted Illustrative Mathematics for Kindergarten through Grade 5. Students receive assistance through before and after-school tutoring.

Staff and Professional Learning:

All educators in Newark Public Schools participate in weekly Professional Learning Communities (PLCs), as well as grade level meetings. The PLCs are organized through cycles informed by the research of Bronwyn Ryrie Jones and Simon Breakspear (2021). These sessions include teachers identifying problems of practice based on a data review, attending to the problem through changes/revisions in curriculum, practice, assessment. Central offices also offer teachers after school supports that are both virtual and in person. As a recent example, elementary teachers met to unpack an upcoming curricular unit. Additionally, monthly meetings of high school department chairs across all subject areas, VPs, and elementary ELA and mathematics staff developers occur. Principals meet monthly with the Superintendent and central office leads, as well as again in their School Leadership Teams.

Student Supports and Services:

Special education programs are offered in the least restrictive environment and emphasize specialized instruction and related services designed to meet the unique needs of students based on individual needs. Highly specialized programs for students with greater needs are available including transitional services. Bilingual education and ESL is available in the district. Transitional bilingual education programs and dual language programs are available for Spanish speaking ELLs, as well as, part-time bilingual education. The goal is for students to acquire English language proficiency by making annual progress through targeted support and instruction in the home language and/or tailored second language acquisition. I&RS services are available for students in need of academic, social, or emotional support as well as school counselors, academic support and interventions, OT/PT. Our school app can be found on the Apple App Store or Google Play.

Student Health and Wellness:

Our school provides students with healthy and nutritious foods encouraging the consumption of fresh fruits and vegetables, low fat milk and whole grains for students to select and consume all components of the school meal. Students also engage in nutrition education and are provided with the opportunity to engage in daily physical activity. We have a health and nutrition student group facilitated by the school nurse and food services that allow student input in the school food choice options.

School Safety:

Our students and staff regularly participate in both fire and security drills. The drills ensure preparedness for a wide spectrum of emergencies. In addition, we installed a LobbyGuard system in our building. The system assists with visitor management and flags registered Megan's Offenders upon entry into our school. Additionally, we participate in Newark Cares, a program in partnership with the Newark Police Division and the US Drug Enforcement Agency. The program is designed to alert our administrators anytime a student has been involved in, or exposed to, a traumatic experience. Our school staffs a team of professionally trained Security Guards solely dedicated to ensuring the safety of students, staff, visitors, and property.

Technology and STEM:

Our school is a 1:1 student to laptop computing environment. Most of our classrooms are equipped with SMARTBoards and other projection devices. Technology is incorporated into the curriculum in a balanced approach with online and offline activities to assist our students develop the 21st century skills including collaboration, communication, and critical thinking and meet the NJ DOE State Technology standards. Students access technology both in- and out-of-school through several district-adopted digital content and online productivity suites including Google Classroom, Google Suite for Education, Microsoft Office, Newsela, Learning Ally, and the SMART Learning Suite as well as e-textbooks and interactive resources connected to our content areas. Students also engage in computer science and coding lessons to develop computational thinking and problem solving skills to better prepare them for the growing demand of computing careers.

Attendance:

Prior Year Chronic Absence: Students who missed 10% of school in the prior school year are prioritized for extra support and incentives. Analyze Attendance Data: Data on absences was used to notice which students have satisfactory attendance (less than 5% absent), have at-risk attendance (5-9% absent), and chronic absence (>10% absent). Knowing which students fall into these bands inform strategies for reducing chronic absence, and indicate the level of support that may be needed. Case Manage Students: We will continue to case manage students that were absent 18-25 days. Surveys and parent/student conferences will be utilized to determine the obstacles to good attendance. Based on this data, Student Attendance Improvement (Action Plans) will be created to mitigate absences. Contact: Maintaining current contact information is essential for connecting with students and families, especially those who might need support. Parent workshops targeting the youngest students will increase.
