Overview & Resources

The School Performance Reports reflect the New Jersey Department of Education's (NJDOE) commitment to providing parents, students, and school communities with a large variety of information about each school and district. These reports can be used as a tool to help evaluate whether all students have equitable access to high quality education. We encourage you to use these reports to:

- **Learn more** about the school and the district
- **Start conversations** with school community members and ask questions
- **Engage** with school communities to identify where schools are doing well and where they can improve

Important Note for 2023-24 Reports: The NJDOE recommends caution in comparing data from year to year over the last several years.

School Performance Report Resources: The NJDOE has several resource documents that can help you understand and use the School Performance Reports, which can also be found under the "Resource Documents" link at the top of the page:

- One-page guides to help start conversations for [school board members](#), [administrators](#), [educators](#), [elementary](#), and [middle and high school families](#)
- [Reference Guide](#) with details on all the data in these reports
- [Frequently Asked Questions](#)
- [Understanding Adjusted Cohort Graduation Rates](#)
- [Understanding Student Growth Percentiles](#)
- [Data Privacy Rules](#) (why you see *s and N's in the reports)

Let the NJDOE know how we can improve future reports by taking our [feedback survey](#). Contact reportcard@doe.nj.gov with any questions about the reports

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Grade

This table shows the number of students enrolled by grade for the past three school years. Any students enrolled outside of the grades offered will be included in the total enrollment.

| Grade | 2021-22 | 2022-23 | 2023-24 |
|--------------|------------|------------|------------|
| KG | 83 | 71 | 67 |
| 1 | 77 | 89 | 84 |
| 2 | 81 | 78 | 88 |
| Total | 241 | 238 | 239 |

Enrollment Trends by Student Group

This table shows the percentage of students by student group for the past three school years. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

| Student Group | 2021-22 | 2022-23 | 2023-24 |
|-------------------------------------|---------|---------|---------|
| Female | 40-45% | 40-45% | 40-45% |
| Male | 55-60% | 55-60% | 50-55% |
| Non-Binary/Undesignated Gender | ≤5% | ≤5% | ≤5% |
| Economically Disadvantaged Students | 0.4% | 0.4% | 0.4% |
| Students with Disabilities | 10.8% | 13.4% | 18.8% |
| Multilingual Learners | 0.8% | 0.8% | 0.8% |
| Students Experiencing Homelessness | 0.0% | 0.0% | 0.0% |
| Students in Foster Care | 0.0% | 0.0% | 0.0% |
| Military-Connected Students | 3.3% | 3.8% | 0.8% |
| Migrant Students | 0.0% | 0.0% | 0.0% |

Enrollment by Racial and Ethnic Group

This table shows the percentage of students by racial and ethnic group for the past three school years.

| Racial And Ethnic Group | 2021-22 | 2022-23 | 2023-24 |
|-------------------------------------|---------|---------|---------|
| White | 79.7% | 74.4% | 73.2% |
| Hispanic | 7.9% | 13.9% | 13.8% |
| Black or African American | 2.5% | 1.3% | 3.3% |
| Asian | 4.6% | 3.4% | 2.1% |
| Native Hawaiian or Pacific Islander | 0.0% | 0.0% | 0.0% |
| American Indian or Alaska Native | 0.0% | 0.0% | 0.0% |
| Two Or More Races | 5.4% | 7.1% | 7.5% |

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment Trends by Full/Half Day PK and KG

This table shows number of students in full day and half day Pre-Kindergarten (PK) and Kindergarten (KG) for the past three school years.

| Grade | 2021-22 | 2022-23 | 2023-24 |
|---------------|---------|---------|---------|
| KG - Half Day | 83 | 71 | 67 |
| KG - Full Day | 0 | 0 | 0 |

Demographics

Enrollment data reflects enrollment reported at the end of the school year and only includes students attending the school. Students who attend programs at other schools or outside of the district are not included in enrollment counts and percentages.

Enrollment by Home Language

This table shows the percentage of students by primary home language. Only the top 5 languages with at least 1% of students are shown, and students with other home languages are included in the Other Languages total. To see this data in a table, click the Table View option below the chart.

Academic Achievement

This section of the reports includes results on statewide assessments, including the New Jersey Student Learning Assessment (NJSLA), the Dynamic Learning Maps (DLM), and the ACCESS for ELLs assessment. For more information about New Jersey's statewide assessments, see the [NJDOE's Assessment page](#).

For detailed information showing comparisons of the percentage of students performing at each of the five NJSLA performance levels at the school, district and state-level, see data available on our [NJDOE Accountability webpage](#) under 2024 Accountability Data in the School & District Accountability section.

English Language Proficiency Test - Participation and Performance

This table shows, by years in district, the number of multilingual learner students taking the ACCESS for ELLs Assessment for English language proficiency and the number and percentage of students tested who received an overall score of 4.5 or above. Students must receive a score of 4.5 or higher to be considered for proficient status.

| Years in District | # Students Tested | # Students with Overall Score Below 4.5 | % Students with Overall Score Below 4.5 | # Students with Overall Score of 4.5 or Above | % Students with Overall Score 4.5 or Above |
|-------------------|-------------------|---|---|---|--|
| 0-2 | * | * | * | * | * |
| 3-4 | N | N | N | N | N |
| 5 or more | N | N | N | N | N |

English Language Progress to Proficiency

This table shows the percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs 2.0 Assessment for English Language proficiency. A student's expected growth is based on the student's initial year proficiency level and student growth expectations are increased by equal intervals each year so that the student meets the proficiency cut score of 4.5 within five years. The table shows the annual target for the percentage of students making expected growth and whether that target was met.

| Student Group | Percent of English learners making expected growth to proficiency | Annual Target | Met Target? |
|----------------------------------|---|---------------|-------------|
| Schoolwide/Multilingual Learners | * | * | * |

† Target was met within a confidence interval.

Computer Science – Course Participation

This table shows the number of students who were enrolled in Computer Science and Information Technology (IT) courses by grade and subject area. Students are counted more than once if they were enrolled in courses across multiple subject areas.

| Grade | Computer Programming | Principles of Computer Science | Computing Systems | Other Computer Science | Networking | Information Systems | Other IT |
|-------|----------------------|--------------------------------|-------------------|------------------------|------------|---------------------|----------|

Visual and Performing Arts – Course Participation

The first set of graphs below show the percentages of students who were enrolled in any Visual and Performing Arts classes during the school year. The second set of charts show the percentages of students enrolled in at least one course within each of the four arts disciplines during the school year.

Grades K-5: Students enrolled in one or more visual and performing arts classes

Climate and Environment

Student absences provide important information about a school's culture and climate. Research shows that absences impact a student's ability to succeed in school. The NJDOE used input from stakeholders to select chronic absenteeism as its measure of school quality and student success for the ESSA accountability plan. **Chronic absenteeism** is defined as being absent for 10% or more of the days enrolled during the school year. A student who is not present for any reason, whether excused, unexcused, or for disciplinary action, is considered absent unless permitted by state statute or regulations. Students with fewer than 45 days in membership are excluded from attendance calculations.

Chronic Absenteeism Trends

This table shows the number and percentage of students in grades K-12 both overall and by student group who were chronically absent during the school year. Pursuant to N.J.S.A. 18A:38-25.1, any school where 10 percent or more of the students enrolled are chronically absent must develop a corrective action plan to improve chronic absenteeism rates. The Requires Corrective Action Plan column in the table indicates whether the school's chronic absenteeism rate is 10% or higher, meaning that the school must complete a corrective action plan. The NJDOE Data-based Decision Making for Addressing Chronic Absenteeism guidance document (found on the [NJDOE attendance page](#) under Chronic Absenteeism) provides districts with guidance on responding to chronic absenteeism and includes sample corrective action plan templates.

The ESSA Target: State Average for Grades Served column is the target used for ESSA accountability purposes. It reflects the statewide average for students in the grades offered by the school. Each student group has the same target based on all students, so the same ESSA Target will appear for all student groups. The last column shows whether the rate for each student group was above the state average ("Not Met") or less than or equal to the state average ("Met").

| Performance Measure | 2021-22 | 2022-23 | 2023-24 |
|---|---------|---------|---------|
| Chronic Absenteeism Rate | 6.6% | 8.8% | 6.7% |
| ESSA Target (State Average for Grades Served) | 20.5% | 19.6% | 15.8% |

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Violence, Vandalism, HIB, and Substance Offenses

This table shows the number of incidents reported by type. A single incident may be counted under multiple incident types. The total unique incidents row provides an unduplicated count of incidents. The last row shows the rate of incidents for every 100 students enrolled.

| Incident Type | Number of Incidents |
|--|---------------------|
| Violence | 0 |
| Weapons | 0 |
| Vandalism | 0 |
| Substances | 0 |
| Harassment, Intimidation, Bullying (HIB) | 0 |
| Total Unique Incidents | 0 |
| Incidents Per 100 Students Enrolled | 0.00 |

Police Notifications

This table shows, by incident type, the number of cases where an incident led to police notification.

| Incident Type | Incidents Reported to Police |

Harassment, Intimidation, and Bullying (HIB) Investigations

This table shows, by the nature of the incident, the number of alleged and confirmed Harassment, Intimidation, and Bullying (HIB) investigations. The nature of an incident is based on the protected categories listed below, and the nature of a single HIB investigation may include multiple categories. All confirmed incidents must have an identified nature.

| HIB Nature (Protected Category) | HIB Alleged | HIB Confirmed | Total HIB Investigations |

Student Disciplinary Removals: By Student Group

This table shows the number and percentage of students who received in-school suspensions, out-of-school suspensions, removals to other educational programs, and expulsions by student group. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the disciplined student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide received a type of disciplinary action to protect student privacy.

The New Jersey Department of Education collects data through the Student Safety Data System (SSDS). In addition to the data below, NJDOE is required, under ESSA, to report on the most recent, publicly-available Civil Rights Data Collection (CRDC) data, which can be found on the [NJDOE School Performance webpage](#). Please note that prior to school year 2017-2018, the CRDC and the State collection system, EVVRS, did not collect the same data elements. In an effort to better align the State system with the CRDC, the new Student Safety Data System (SSDS) collects all the required CRDC data elements. NJDOE is in the process of developing a reporting function for the SSDS which will allow LEAs to use the same data for both submissions.

Students Involved in Police Notifications: By Grade Level

This table shows the number and percentage of students who were involved in at least one incident that led to police notification by grade level. Information on disciplinary actions is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the counts of students involved in incidents leading to police notification. The data used to determine student grade level, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. In some cases, a range, such as <5, is provided for groups of 10 or more students when between 1 and 4 students schoolwide were involved to protect student privacy.

| Grade | # of Students involved in at least one incident | % involved in an incident | # of Students involved in at least one violent incident | % of Students involved in a violent incident | # of Students involved in at least one vandalism incident | % of Students involved in a vandalism incident that led to police notification | # of Students involved in at least one substance related incident | % of Students involved in a substance related incident | # of Students involved in at least one weapons related incident | % of Students involved in a weapons related incident | # of Students involved in at least one HIB incident | % of Students involved in an HIB incident that led to police notification | # of Students involved in at least one other incident type | % of Students involved in an other incident type |

Students Arrested by Type of Incident Leading to Arrest: By Student Group

This table shows the number and percentage of students in select student groups who were involved in at least one incident that led to their arrest. Information on arrests is reported by schools and districts to the NJDOE through the Student Safety Data System (SSDS). Only students who attended the school are included in the arrested student counts. The data used to determine student demographic information, and the enrollment totals used to calculate the percentages come from the fall and end-of-year NJ SMART SID Management snapshots. Climate and Environment

School Day

This table shows the start and end times and length of school day for a typical student at this school. Instructional time is the amount of time that a typical student was engaged in instructional activities under the supervision of a certified teacher. Full time students attend this school for more than half of the school day and shared-time students attend the school for half of the school day or less.

| Category | School |
|----------------------------------|-----------------|
| Typical Start Time | 8:20 AM |
| Typical End Time | 2:40 PM |
| Length of School Day | 6 Hrs. 20 Mins. |
| Full Time - Instructional Time | 5 Hrs. 10 Mins. |
| Shared Time - Instructional Time | N |

Device Ratios

This table shows the student to device ratio, which is the number of students in grades PK-12 per device, including devices designated for instruction, testing, and remote learning. Devices are computers such as tablets, iPads, laptops and Chromebooks. The count includes only devices that meet nationally recommended specifications for online testing and digital learning in grades PreK through 12. This information comes from the elective NJTRAX survey and reflects data submitted as of October 2024, therefore data may not be available for all schools. Additionally, schools that have adopted a Bring Your Own Device policy may appear to have a very low student to device ratio due to this policy decision.

| School Year | Student to Device Ratio |
|-------------|-------------------------|
| 2023-2024 | N |

Student Access to Technology and Internet

The NJDOE collects information on student device types, device owners, and internet connectivity. [Reports about student access to technology and internet connectivity](#) can be found on the NJDOE website.

Staff

Staff data reflects teachers and administrators reported by districts at the beginning of the school year.

Key terms for staff data:

Teachers: All classroom teachers

Administrators: Principals, assistant principals, supervisors, coordinators, directors, and other central-office administrators, as well as superintendents and other district-level administrators

Experience: Experience is based on information submitted by districts on all their staff members. For purposes of this report, the ESSA Educator Equity and federal reporting requirements, NJDOE has defined teachers as "inexperienced" if they have fewer than four years of prior experience in a given district. The tables below report on "experienced" teachers and administrators for federal reporting purposes.

Out-of-Field: A teacher is labeled "out-of-field" if they are potentially teaching outside their area of certification. This could occur if the teacher cannot be found in the NJDOE's certification system, if their job code does not match their certification, or if the teacher has an expired certificate.

Provisional Teacher: A teacher with provisional certifications is a fully certified novice teacher of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification.

Teachers – Experience

This table shows information about the experience and professional qualifications of teachers. Out-of-field teachers are teachers who are potentially teaching outside of their area of certification. Teachers with provisional certifications are fully certified novice teachers of record who must meet further requirements of evaluation and mentoring during their induction into the profession before being granted "standard" or permanent certification. The New Jersey Department of Education does not issue emergency instructional certificates for teachers. Additional data on the professional qualifications of teachers and administrators, broken down by schools with high or low economically disadvantaged populations, is available on the [School Performance Staff page](#).

| Category | Teachers in School | Teachers in State |
|--|--------------------|-------------------|
| Total Number of teachers | 20 | 119,239 |
| Average years experience in public schools | 12.8 | 12.6 |

| Percentage of out-of-field teachers | 0% | 2.5% |
| Number of Teachers with Provisional Credentials | 0 | 9,065 |
| Percentage of Teachers with Provisional Credentials | 0% | 7.6% |

Administrators – Experience

This table shows information about the experience of administrators assigned to this school and across the state.

| Category | Admin. in School | Admin. in State |
|--|------------------|-----------------|
| Total Number of administrators | 1 | 10,170 |
| Average years experience in public schools | N | 16.2 |

| Number of Administrators with 4 or more years experience in the district | N | 7,734 |
| Percentage of Administrators with 4 or more years experience in the district | N | 76.8% |

Staff Counts

This table shows the number of staff members assigned to the school, district, and state across several staff categories. The staff counts in this table reflect data submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Additionally, some staff members may be assigned to the district only but work in multiple schools in the district. In these cases, the table may show 0 staff members assigned to the school, even though there are district staff members working in the school. The School Safety Specialists data is based on data submitted by districts in the CDS system and is not available at the school level because it is a district assigned position.

| Staff Category | School: Total Staff Members | District: Total Staff Members | State: Total Staff Members |

† In some districts, staff members in these roles who work in multiple schools may be assigned only to the district and not to individual schools. As a result, a School Ratio may show N, but there may be district assigned staff working in the school

†† Child Study Team members include school psychologists, school social workers, and learning disabilities teacher consultants, also note that the ratio compares Students with Disabilities instead of all students.

Teachers and Administrators – Demographics

This table compares the percentage of students, teachers, and administrators by gender and by racial and ethnic group. To protect student and staff privacy, gender percentages may show a range, depending on the overall school population size.

Teachers and Administrators - Level of Education

This chart shows the highest level of education attained by teachers and administrators. The Bachelor's degree category may include other degrees/certificates such as a Specialist's degree. Administrators are required to have a Master's degree or higher.

Teachers and Administrators - One-Year Retention (District Level)

This table shows the percentage of teachers and administrators assigned to this district in 2022-23 that were still assigned to this district in 2023-24. Staff who were not retained may have changed districts or no longer work for the state (including retirements).

| Job Type | District | State |

Teachers by Subject Area

This table shows the counts of teachers by subject area with gender breakdown, experience, and level of education. The staff counts in this table reflect staff assignments as submitted by districts to NJ SMART and reflect any teachers assigned and are not based on full-time equivalent (FTE). Note that some teachers may teach in multiple subject areas and may be counted more than once in this table, or they may only be counted in their primary subject area. Additionally, in many elementary schools, teachers are not assigned to specific subject areas, so they will appear in the Elementary (Not Subject Specific) category and not in the other subject areas, but that does not mean those subjects are not being taught in the school. Special Education and Bilingual teachers are generally assigned to a subject area and also either special education or bilingual, so those teachers will be counted in multiple subject areas.

Per-Pupil Expenditures

Per-Pupil Expenditures by Source

The table below summarizes the most recently available expenses for regular and special education students taught at schools in the district. The amounts include both actual personnel and actual non-personnel expenditures and include expenditures for instruction, support services, administration, operations and maintenance, and extra-curricular activities. An overall cost per pupil for a given school can be calculated by adding the Central Expenditures and the Expenditures Not Assigned to a School to the School Level Expenditures reported for that school. The Average Daily Enrollment (ADE**) comes from the 2023-24 School Registry Summary (SRS).

For more information regarding this table please refer to the guidance for school level reporting, which is available on the [NJDOE webpage ESSA School Level Reporting Information](#). More in-depth information about district and charter school spending can be found in the [User Friendly Budget](#) and the [Annual Comprehensive Financial Report \(ACFR\) and Auditor Management Reports \(AMRs\)](#).

Please be aware that the total district expenditures represented in these reports are taken from audited district financial data, but the subsequent allocation of these resources to specific schools is not audited or otherwise verified by the New Jersey Department of Education. If you have specific questions about the assignment (or lack of assignment) of school-level amounts, please contact the district for additional information.

[Link to District Summary of 2023-24 School-Level Per Pupil Expenditures by Source](#)

An option to [download all school-level summaries by district](#) in one spreadsheet is also available. However, because districts have flexibility in how certain costs are allocated to individual schools, school-level costs should not be compared between schools in different districts.

Accountability

New Jersey's Every Student Succeeds Act (ESSA) Accountability System New Jersey's school accountability system identifies schools in need of comprehensive and targeted support as required by the Every Student Succeeds Act (ESSA). Based on New Jersey's [approved ESSA state plan](#), NJDOE will identify schools in the following four federal categories every three years:

- **Comprehensive Support and Improvement (CSI): Overall Low Performing:**
 - Title I schools with a summative score in the bottom 5% of Title I schools.
- **Comprehensive Support and Improvement (CSI): Low Graduation Rate:**
 - All high schools with a four-year graduation rate of 67% or less
- **Additional Targeted Support and Improvement: Low Performing Student Group (ATSI):**
 - All schools with one or more student group with a summative score that would be in the bottom 5% of Title I schools
- **Comprehensive Support and Improvement (CSI): Chronically Low Performing:**
 - Title I schools identified as Additional Targeted Support and Improvement; Low Performing Student Group (ATSI) that are identified for three or more consecutive years, i.e., ATSI schools that do not meet exit criteria.

Annually, NJDOE will identify schools in the following federal category:

- **Targeted Support and Improvement: Consistently Underperforming Student Group (TSI):**
 - All schools with one or more student groups that missed annual targets or standards for all indicators for two years in a row

For purposes of ESSA accountability, only schools and student groups with data for 20 or more students are included in calculations.

The NJDOE identified schools for CSI and ATSI status in fall 2023 based on data from the 2022-2023 school year, so the NJDOE did not identify schools for CSI or ATSI status based on 2023-2024 school year data. The NJDOE only identified schools for TSI status based on data from the 2023-2024 school year.

For more information about New Jersey's accountability system, how indicator and summative scores were calculated, how federal accountability status is determined, and additional data, see the [NJDOE accountability page](#).

Accountability

ESSA Accountability Status

The table below provides the school's federal school status for the 2025-26 school year, the category (or reason) for identification, the year the school is eligible to exit status, and, if applicable, the student groups identified for support. For additional information, the [NJDOE Accountability page](#) includes a list of all schools requiring comprehensive or targeted support and improvement with the amount of School Improvement Aid (SIA) funds received and information on exit criteria for identified schools.

| Status for 2025-26 School Year | Not in Status |
| Category of Identification | n/a |
| Year Eligible to Exit Status | n/a |
| Student Group Status: White | |

| Student Group Status: Black or African American | |
| Student Group Status: Asian, Pacific Islander, Native Hawaiian | |
| Student Group Status: American Indian or Alaska Native | |
| Student Group Status: Two or More Races | |
| Student Group Status: Economically Disadvantaged Students | |
| Student Group Status: Students with Disabilities | |
| Student Group Status: Multilingual Learners | |

† This flag is used if a school is identified for Comprehensive Support and Improvement, but one or more student groups met criteria for Additional Targeted Support and Improvement.

ESSA Accountability Progress

The table below shows performance on each of New Jersey's ESSA accountability indicators for the last three years. **ELA and Math Proficiency:** Percentage of students who met or exceeded expectations on statewide assessments (NJSLA or DLM) **ELA and Math Growth:** For 2022-23 and 2023-24, this data reflects median student growth percentiles (mSGPs). For 2021-22, this data shows the Relative School Improvement Measure (RSIM), which was based on aggregate scale score improvement on the statewide assessments in ELA and mathematics (NJSLA), when comparing prior year performance to 2021-22 performance. **Four- and five-year graduation rates:** The federal adjusted cohort graduation rate. Prior year graduation rates are used for ESSA Accountability, so the graduation rates shown for 2023-2024 represent the Cohort 2023 4-year and Cohort 2022 5-year rates. **Progress toward English Language Proficiency:** The percentage of multilingual learners who demonstrated the expected amount of growth on the ACCESS for ELLs Assessment for English language proficiency. **Chronic absenteeism:** The percentage of K-12 students who were absent for 10% or more of the days enrolled during the school year.

Important Note for 2023-24: The growth measure used for 2021-22 was an alternate measure used because median student growth percentiles were not available for 2021-22. The NJDOE resumed using mSGPs in 2022-2023, so 2021-22 growth data should not be compared to other years.

| ESSA Accountability Indicator | 2021-22 | 2022-23 | 2023-24 |
|--|---------|---------|---------|
| ELA Proficiency | N | N | N |
| Math Proficiency | N | N | N |
| ELA Growth† | N | N | N |
| Math Growth† | N | N | N |
| 4-Year Graduation Rate (Prior Year)†† | N | N | N |
| 5-Year Graduation Rate (Prior Year)†† | N | N | N |
| Progress toward English Language Proficiency | N | * | * |
| Chronic Absenteeism | 6.6% | 8.8% | 6.7% |

† An alternate measure of growth was used for the 2021-2022 school year because median student growth percentiles were not available.

†† The graduation rates in this table reflect the rates used for the accountability process for the given year, which are the rates from the prior school year.

Accountability

Accountability Indicator Scores and Summative Ratings - 2023-24 School Year

New Jersey developed a school accountability system as required by the Every Student Succeeds Act (ESSA) to identify schools that are in need of Comprehensive Support and Improvement. This table shows the indicator scores for each indicator included in the accountability system and the weight that each indicator receives when calculating the overall Summative Score. The Summative Rating is the percentile rank of the Summative Score as compared to other schools across the state.

Schools are only identified for comprehensive support and improvement every three years. The NJDOE identified schools for support based on data from the 2022-2023 school year, so schools will not be identified for comprehensive support based on data from the 2023-2024 school year. As a result, this table will not flag whether schools met the identification criteria for comprehensive support and improvement. For more information about New Jersey's accountability system and how these indicator scores were calculated, see the [NJDOE Accountability page](#).

| ESSA Accountability Indicator | Actual Performance | Indicator Score | Weight |
|---|--------------------|-----------------|--------|
| ELA Proficiency | N | ** | ** |
| Math Proficiency | N | ** | ** |
| ELA Growth | N | ** | ** |
| Math Growth | N | ** | ** |
| 4-Year Graduation Rate (Prior Year)† | N | N | N |
| 5-Year Graduation Rate (Prior Year)† | N | N | N |
| Progress toward English Language Proficiency | * | ** | ** |
| Chronic Absenteeism | 6.7% | 81.05 | n/a |
| Summative Score | ** | | |
| Summative Rating (Percentile Rank) | n/a | | |
| Comprehensive Support: Overall Low Performing | N/A | | |
| Comprehensive Support: Low Graduation Rate | N/A | | |

Alternate Methodology Note: This school did not have sufficient data across the academic achievement, academic progress, or graduation indicators to calculate a summative score for the 2023-24 school year

† Weights indicated by this symbol were adjusted due to data availability.

††A modified summative score was calculated using only available data.

Accountability

Accountability Summary by Student Group - 2023-24 School Year

The NJDOE is required under ESSA to identify schools for Targeted Support and Improvement (TSI) annually and for Additional Targeted Support and Improvement (ATSI) every three years. Both TSI and ATSI identifications are based on how student groups within schools perform. Schools are identified for ATSI if they have at least one student group that has a summative score that would be in the bottom 5% of Title I schools if it was its own school. Schools are identified for TSI if they have at least one student group that missed annual targets or standards for all indicators for two years in a row. Only student groups that have data for at least 20 students are included in the accountability determinations.

The NJDOE identified schools for ATSI status based on data from the 2022-2023 school year, so schools will not be identified for ATSI status based on data from the 2023-2024 school year. The table below will show the summative score for each student group, but it will not show a cut-off score or indicate that a student group has been identified for ATSI status since it is not an identification year.

Schools will be identified for TSI status based on data from the 2023-2024 school year, since that is required annually. The remaining columns in the table show whether each student group met annual targets or standards for all indicators for the 2023-24 school year. If at least one student group did not meet all targets and also did not meet all targets in the 2022-23 school year, then the school will be identified as requiring TSI.

For more information about accountability determinations, indicators, and annual targets, see the [NJDOE Accountability page](#).

Narrative

This section allows schools and districts to share highlights, achievements, and other important information about programs, activities, and services that are offered in their own words. Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Highlights:

- Bloomingdale Avenue School is recognized as a Professional Development School through the partnership with Seton Hall University. Teachers mentor SHU interns and collaborate with SHU professors.
- BAS provides a well-rounded experience. Students may participate in a variety of clubs. The PTA enriches the students' experiences through author visits, service learning, and STEAM Night.
- Bloomingdale Avenue School focuses on social/emotional wellness. School initiatives, along with social emotional learning, provide students opportunities to explore mindfulness throughout their day.

Mission, Vision, Theme:

Bloomingdale Avenue School serves approximately 250 students in kindergarten through second grade. The staff is committed to promoting the academic, social and emotional well-being of the children they serve. Our goal is to provide a foundation for young students that will spark a love of learning that will last a lifetime. The school prides itself on creating an environment that is safe, nurturing and child-centered while teaching and modeling respect, responsibility, caring and citizenship. BAS developed its own pledge that states, "I pledge to Bloomingdale Avenue School, I will be kind, cooperative, and work to inspire others. I will try my best to demonstrate Full Values. I will be respectful and act as a leader. I will strive to treat others the way they need to be treated."

Awards, Recognition, Accomplishments:

Bloomingdale Avenue School's PTA is dedicated to supporting students, teachers, and staff. The PTA funds mini-grants, supports Amazon Wish Lists and provides a variety of educational and co-curricular activities throughout the school year. In addition, the PTA continues to identify ways to enhance the reading materials in the school library and provides each class a copy of the winning book from the school's annual book tournament. In the area of staff recognition, each year staff and parents/guardians are able to recommend an individual to be named Bloomingdale Educator of the Year. Lastly, Bloomingdale Avenue School is designated as a No Place for Hate school sponsored by the Anti-Defamation League.

Please note that the narrative is optional, so only categories in which the district chose to share information will be displayed. If there are questions about the information provided in the narrative section, please contact the school or district directly.

Courses, Curriculum, Instruction:

The curriculum is comprehensive and aligned to the New Jersey Student Learning Standards. The Language Arts Literacy program is based on a balanced literacy approach that infuses phonemic awareness, phonics, and word study instruction. within the Reader's/Writer's workshop framework. Mathematics emphasizes developing number sense while focusing on concepts, skills, and problem solving strategies related to addition and subtraction. Science and Social Studies are taught in a manner that is interdisciplinary, interactive and hands on, with real world application.

Sports and Athletics:

As a kindergarten through grade 2 elementary school, Bloomingdale Avenue School does not have a school-affiliated sports program. However, many students take advantage of recreation and club sports. In addition, each spring the entire student body participates in a PTA sponsored field-day event. Field day is always a highlight of the school year.

Clubs and Activities:

Bloomingdale Avenue School offers many opportunities for enrichment. After school offerings include Coding, Environmental, and Craft clubs. In addition, students in Grade 2 can join Chorus which performs two concerts per year. Other activities include the 100th Day of School Celebration, Friendship Day and Arbor Day.

Before and After School Programs:

Before and After School Child Care is available via outside providers. Each provider offers different arrangements for drop off and pick up. Only before care is offered on school premises through a third-party provider. After Care is offered off site and busing is provided by different programs.

Staff and Professional Learning:

Continuous professional improvement and ongoing learning is a priority for our staff. We are involved in professional development opportunities designed to enhance knowledge and professional skills to promote personalized learning, 21st Century Learning Skills and Standards Based Grading. In addition, we continue to develop our professional development school through our partnership with Seton Hall University.

Student Supports and Services:

For students who may need academic, social or emotional support, our school provides a wide array of services. We offer a Tiered System of Support in both math and reading and special education services which include In Class Support, Replacement Services and LLD classrooms. In addition, we offer school counseling, occupational and physical therapy and speech and language services.

Student Health and Wellness:

The health and wellness of all students is integral to the educational program. Nurses, counselors, and social workers in collaboration with administration and educators provide a safe environment for all students. Students are regularly screened by school nurses and nurses maintain health records for students. Students receive physical education classes in accordance with the NJ Department of Education requirements and students participate in daily recess.

Parent and Community Involvement:

The Parent Teacher Association (PTA), is an organization that provides a tremendous amount of support to the staff, students, and school community. Families volunteer time, resources, and their talents for school and community events. The PTA supports the school by enhancing academic programs, providing special programs, and organizing and facilitating activities. The PTA and Cranford Community involvement add to the overall success of the school.

Climate Surveys:

Is a Climate Survey Used: Yes; Who is surveyed: Parents, Administrators, Teachers. Open communication and feedback is important at Bloomington Avenue School. Several instruments are used to gain feedback and input. For example, during each PTA meeting there is time allotted for parents/guardians to discuss ideas pertinent to the school as well as trends in education. School culture, including climate and culture survey results, is also discussed at monthly faculty meetings and climate committee meetings. At Bloomington Avenue School we strive to create a climate that supports all learners.

Facilities:

Bloomingdale Avenue School has 11 regular education classrooms, 2 self contained special education classrooms and 1 resource room. Speech, Occupational Therapy, Physical Therapy and Achieve also have workspaces throughout the school. Our library houses the media specialist and art, while the gymnasium is used for physical education classes, music classes, lunch, and assemblies.

School Safety:

Bloomingdale Avenue School's Safety Team met multiple times throughout the year to discuss/reflect on current practices. Further, Bloomingdale Avenue School collaborates closely with the Cranford Police Department, co-developing Crisis Plans, allocating crisis management resources, and actively frequent the school grounds. Monthly security drills and fire drills are held with support and direct oversight from the corresponding community agencies. Ongoing professional development and training is conducted on a monthly basis for all staff.

Technology and STEM:

The Media Center is equipped with tablets, Chromebooks, and iPads. Students have the opportunity to interact in a fixed Makerspace and portable innovation stations which allows for collaboration and creativity while fostering twenty-first century skills. Students are introduced to coding and computational thinking through age appropriate websites/manipulatives.

Other Information:

The school day runs from 8:20AM-2:40PM each day for our Full Day Kindergarten, Grade 1 and 2 students. Our half day kindergarten students attend from 8:20 AM -11:00 AM or 12:00 PM-2:40 AM. Lunch is an hour long with the time being split between lunch and recess. In addition to the study of academic subjects (language arts, math, science and social studies) students attend classes in art, music, physical education, library/media center and Spanish (Gr. FDK, 1, & 2). Each year the use of technology increases and is integrated into all content areas. Laptops, Chromebooks and iPads are available for student use on a daily basis and each classroom is equipped with a Smartboard for enhanced learning opportunities. School safety is a priority which is practiced and monitored through monthly security and fire drills, a strong partnership with the police department and annual school safety meetings. Also, a full-time nurse provides excellent care to students and staff. The partnership between the home and school is critical to the success of the students. Bloomingdale Avenue School serves the community and works side by side with parents and guardians in the best interest of their children. This partnership can be observed through large events planned through the PTA such as the Trick or Trunk or smaller events like service learning projects. More importantly, it can be observed through the day to day interactions between teachers, parents and school staff as they work together to enhance learning for all. Student voice is also an integral part of the many initiatives implemented at Bloomingdale. Communication is the cornerstone to the success of our work. Parent/Teacher conferences, emails, blasts and our website are just a few of the means in which we try to keep everyone informed. We have been charged with the monumental task of educating our young children. Here at Bloomingdale Avenue School we believe, "Every student should be treated the way they need to be treated."
