**Subject:** [EXTERNAL] Fossil Fuel Project  
**Date:** Friday, September 13, 2019 2:25:24 PM

---

I am writing out of great concern for our future.

Scientists tell us we have ten years to dramatically reduce greenhouse gas emissions in order to avoid climate catastrophe. We can't possibly do that if we add more fossil fuel plants and pipelines. We need a moratorium now on new fossil fuel projects.

Please order a moratorium on all new fossil fuel projects.
