Dear Chair Fiordaliso and EMP Committee,

I'm writing to comment and express support for the New Jersey Energy Master Plan. I hope that you will consider the important role that community solar (Goal 2.3.1) and opening access to energy data both play in allowing my neighbors and me to access clean energy, and in growing the local economy. Giving people like me access to our energy data and the benefits of solar power are key tools in advancing clean energy in New Jersey.

I believe that clean renewable energy is important for our generation and for future generations.

James Leeuw

Regards,

James Leeuw
