Dear Chair Fiordaliso and EMP Committee,

I'm writing to express my wholehearted support for the New Jersey Energy Master Plan. I hope that you will consider the important role that community solar (Goal 2.3.1) and opening access to energy data both play in allowing us to access clean energy, and in growing the local economy. Giving people like me access to our energy data and the benefits of solar power are key tools in advancing clean energy in New Jersey.
