Subject: [EXTERNAL] NJ Energy Master Plan
Date: Friday, September 13, 2019 2:28:57 PM

To whom this may concern:

I am writing regarding the new energy master plan that the State is currently developing.

As a concerned NJ resident, I write to request that the State's new plan does not include any new fossil fuel projects, and instead focuses on projects that will help combat the climate change crisis we are facing. We need a moratorium on new fossil fuel projects now.

Sincerely,

Murielle Steven Walsh
