Subject: [EXTERNAL] Moratorium on fossil fuel projects
Date: Friday, September 13, 2019 8:12:01 PM

As a resident of NJ and given the increasingly fragile condition of our environment, I ask Gov Murphy to pass a moratorium on any and all new fossil fuel projects — and frankly, if possible, to stop any existing ones.

Our state's future depends on it.

Sincerely,

Peg Zitko Kurman
