**Subject:** [EXTERNAL] End nuclear subsidies  
**Date:** Sunday, October 14, 2018 11:10:34 AM

---

Nuclear energy is too dangerous, too costly and produces far too much CO2 during its lifecycle and should not be part of NJ's energy supply, nor should it be considered a class 1 renewable for purposes of being 100% renewable by 2050!

Sincerely,  
Sky Sims
