

Registration is Open

October 28, 2021
9:00am to 3:00pm

2021 Construction Opportunities Forum for Diverse Business Owners

[Register Now](#)

Why You Should Attend

- Learn about the American Rescue Plan Act (ARPA) that provides for billion dollar public investments in clean energy, water, sewer and transportation projects.
- Find out about the plans underway to replace lead pipes and service lines to provide clean drinking water across towns and cities in New Jersey.
- Hear about opportunities to construct, repair and build roads, and bridges across the state.
- Have a seat at the table through scheduled matchmaking sessions, and network with industry stakeholders and builders to help you successfully bid on projects.
