

Hot Pets Not Cool!

- ❖ **Even with the windows cracked, the inside of a car can heat up to 120 degrees.**
- ❖ **DO NOT leave animals outside for extended periods in the heat.**
- ❖ **If your pets are outside, keep them in shaded areas.**
- ❖ **Refill your dog's water bowl more often than usual on hot days. Add ice cubes to cool down your pup and prevent vomiting.**

Temperatures rise fast, even with the windows down. Call 911 if you see a pet in a hot car.
