Why should I get the updated booster?

The updated boosters will target the original COVID-19 strain, Omicron, and its subvariants. As a result, it **protects against the new BA.4 and BA.5 strains** more effectively than the previous boosters.

Can I mix and match vaccine brands?

Yes, you can receive either booster dose regardless of the brand of your primary vaccine series.

Can I get the booster at the same time as a flu shot?

Yes, you can receive the booster dose on the same day or even at the same appointment as your regular flu shot.

Who is eligible for the updated booster?

5+ (Pfizer)

6+ (Moderna)

- People should receive an updated booster dose **two months after their primary series vaccines or most recent booster**.
- **Everyone 5+ years who has received a primary series** should receive the updated booster – regardless of immunocompromised status or prior boosters.
