

PREVENTION-FOCUSED ICAR CONSULTATIONS

Collaborative infection prevention consultations at no cost to New Jersey healthcare facilities.

STRENGTHEN INFECTION PREVENTION

Assess infection prevention and control practices and receive practical recommendations that improve patient/resident and healthcare personnel safety.

PARTNER ACROSS THE HEALTHCARE CONTINUUM

Partner with healthcare facilities across New Jersey to strengthen infection prevention and control through practical, consultative guidance.

BUILD LASTING PARTNERSHIPS

Build lasting partnerships through non-regulatory, collaborative consultations that support continuous quality improvement.

WHO WE SERVE

We partner with healthcare facilities throughout New Jersey, including:

HOSPITALS

(e.g., long-term acute care, specialty, psychiatric, general)

LONG-TERM CARE

(e.g., nursing homes, assisted living facilities)

HOME CARE

(e.g., home care agencies)

HEMODIALYSIS

(e.g., outpatient, acute, dialysis)

OUTPATIENT

(e.g., surgical centers, urgent care, private practice, FQHC, PACE)
