Let's stay ahead of the curve!

Traveling Tips

1. Get vaccinated and be up to date on your routine vaccines. Some countries may require certain vaccines before entering. Find a COVID-19 vaccine appointment <u>here</u>!

2. Get tested before and after travel.

3. Mask up! Masks are recommended in travel hubs and on public transportation.

4. Know if travel to your destination is recommended by clicking <u>here</u>. If traveling within the United States, check your <u>COVID-19 Community Levels.</u>

5. Wash and sanitize your hands regularly.

6. Get travel insurance to plan for the unexpected.
