

ADULT IMMUNIZATION STANDARDS JOB AID

Adult Immunization Standard	Clinical Skills, Techniques, and Procedures	YES we already do this	PARTLY we do some of this, or do it sometimes	NO we do not yet do this	N/A	Plan of Action
Assess	a. Stay up-to-date on Advisory Committee on Immunization Practices (ACIP) recommendations; review annually at minimum					
	b. Implement standing orders					
	c. Conduct pre-visit planning <ul style="list-style-type: none"> • Assess for vaccination at every encounter • Search for patient vaccination history in NJIIS • Conduct patient chart review and review patient's risk factors (HALO - health, age, lifestyle, and occupation) and contraindications 					
	d. Provide patient questionnaire at check-in					
	e. Use electronic health record (EHR) prompts					
	f. Offer reminder/recall to patients					
	g. Assess how your practice is doing					
Recommend	a. Provide a strong recommendation for all needed vaccines					
	b. Address patient questions and concerns: <ul style="list-style-type: none"> • Remind patients that vaccines protect them and their loved ones • Share tailored reasons why vaccination is right for patient • Explain the potential costs of getting sick • Highlight positive experiences with vaccination • Review recommendation communication strategies such as "SHARE" • Provide education materials or trusted websites to review 					
	c. If there is a vaccine refusal, document conversation and continue at next visit					
	d. Send reminders about needed vaccines. Use data in NJIIS or EHR to develop reminder/recall lists					

ADULT IMMUNIZATION STANDARDS JOB AID

Adult Immunization Standard	Clinical Skills, Techniques, and Procedures	YES we already do this	PARTLY we do some of this, or do it sometimes	NO we do not yet do this	N/A	Plan of Action
Administer	a. Recommend and offer vaccine at the same visit for all vaccines that are in-stock. Make a recommendation and referral for vaccines that are not stocked.					
	b. Train and educate your staff on vaccine administration					
	c. Implement standing orders for vaccine administration					
	d. Properly store and handle vaccine <ul style="list-style-type: none"> • Routinely review policies and procedures • Designate a vaccine coordinator and backup coordinator to oversee all vaccine storage and handling activities • Provide training to all new staff and to all staff when there are updates 					
	e. Distribute Vaccine Information Statement (VIS) to each patient before administering a vaccine					
	f. Ensure proper care for patients					
	g. Follow standard precautions to control infection					
	h. Be aware of and prepared for potential adverse reactions-Report any adverse events that occur following vaccination to the Vaccine Adverse Event Reporting System (VAERS)					
Refer	a. Refer patients for vaccines you do not stock					
	b. Provide a list of locations in the area to mention in a referral					
	c. If referred, confirm with patient that they received the recommended vaccines					
Document	a. Participate in the statewide immunization registry (NJIS) and record all administered vaccinations in NJIS					
	b. Follow-up and document vaccinations that were received at other locations					
	c. Provide your patient with a vaccine administration record					

ADULT IMMUNIZATION STANDARDS JOB AID

Instructions for developing a plan of action: After identifying the components of the standards where additional training or resources are needed, review the resources from the list below. In the plan of action column from the checklist, document a specific plan including a recommended date of completion.

Plan of Action Resources (Table Two)

Adult Immunization Standard	Clinical Skills, Techniques, and Procedures	Resources
Assess	a. Stay up-to-date on Advisory Committee on Immunization Practices (ACIP) recommendations; review annually at minimum	<ol style="list-style-type: none"> 1. Adult Immunization Schedule by Age [Centers for Disease Control and Prevention (CDC)] cdc.gov/vaccines/schedules/hcp/adult.html 2. Summary of Recommendations for Adult Immunization [Immunization Action Coalition (IAC)] immunize.org/catg.d/p2011.pdf
	b. Implement standing orders	<ol style="list-style-type: none"> 3. Using Standing Orders for Administering Vaccines: What You Should Know [IAC] immunize.org/catg.d/p3066.pdf 4. Standing Orders [IAC] immunize.org/standing-orders 5. 10 Steps to Implementing Standing Orders for Immunization in Your Practice Setting [IAC] immunize.org/catg.d/p3067.pdf
	c. Conduct pre-visit planning <ul style="list-style-type: none"> • Assess for vaccination at every encounter • Search for patient vaccination history in NJIIS • Conduct patient chart review and review patient's risk factors (HALO - health, age, lifestyle, and occupation) and contraindications 	<ol style="list-style-type: none"> 6. New Jersey Immunization Information System (NJIIS) njiis.nj.gov/ 7. Contraindications and Precautions [CDC] cdc.gov/vaccines/hcp/acip-recs/general-recs/contraindications.html 8. Screening Checklist for Contraindications to Vaccines for Adults [IAC] immunize.org/catg.d/p4065.pdf 9. Guide to Contraindications and Precautions to Commonly Used Vaccines in Adults [IAC] immunize.org/catg.d/p3072.pdf 10. HALO [IAC] immunize.org/catg.d/p3070.pdf
	d. Provide patient questionnaire at check-in	<ol style="list-style-type: none"> 11. Patient Vaccine Questionnaires [IAC] immunize.org/catg.d/p4036.pdf
