Re: **Notice of Summary Suspension:  
Emergency Medical Technician (EMT) Certification # 604410  
Investigation Control # 2018-0124V**

Dear Mr. Zadera:

The New Jersey Department of Health (Department) is vested with the responsibility of carrying out the provisions of the Health Care Facilities Planning Act, N.J.S.A. 26:2H-1 et seq., which was enacted, in part, to ensure that all hospital and related health care services rendered in the State of New Jersey are of the highest quality. As defined at N.J.S.A. 26:2H-2(b), health care services include any pre-hospital care rendered by basic life support personnel. In addition, the Emergency Medical Services Act, N.J.S.A. 26:2K-7 et seq., authorizes the Department to certify Emergency Medical Technicians (EMTs). In furtherance of the objectives set forth in the statutes, the Department has adopted regulations that govern the training, certification and professional conduct of EMTs and EMT candidates. See N.J.A.C. 8:40A, EMTs: Training and Certification.

On October 7, 2018, the Department's Office of Emergency Medical Services (OEMS) received notification that you were charged with sexual assault of a minor. Consistent with regulatory authority and OEMS policy, the OEMS opened an investigation in response to this notification.

Upon opening the investigation, the OEMS investigator confirmed that you are currently certified as an EMT. Further, the investigator discovered that you were arrested on September 6, 2018 in Brick, New Jersey, under complaint number W-2018-001600 and charged with the following:

1. Luring or enticing a child or someone reasonably believed to be a child with a purpose to commit a criminal offense with or against the child, in violation of N.J.S.A. 2C:13-6(a) in the second degree.

Specifically, the complaint obtained by the investigator alleges that you arranged through electronic means to meet with someone you believed to be a minor with the intent to engage in sexual conduct with said minor.

As you are aware, EMTs work in unsupervised, two-person teams in order to respond effectively to emergencies. You should also be aware that neither member of the team works in a supervisory capacity. Rather, one team member drives the vehicle and the other is alone in the back of the ambulance providing emergency medical care to the patient. The provision of emergency care requires an EMT to have close, hands-on contact with vulnerable patients ranging from infants to senior citizens. Indeed, EMTs are not afforded the option of picking and choosing their patients -- they must be ready and able to render care to all patients, regardless of age, when they respond to an emergency call. Even more, EMTs must exercise good judgment, trust each other and be trusted by the public, police officers, fire fighters, doctors and other professionals in order to be effective. In short, EMTs must be law-abiding and must be trusted to care for all patients in an appropriate, safe manner.

Based upon the foregoing, the Department has determined that your EMT certification must be summarily suspended. Pursuant to N.J.A.C. 8:40A-10.2(a), "the Commissioner, or his designee, may summarily suspend a person's EMT and/or EMT-Instructor certification when, in his or her opinion, the continued certification of that person poses an immediate or serious threat to the public health, safety or welfare." The charges pending against you demonstrate poor judgment and lack trustworthiness as well as establish that you pose a threat to vulnerable, minor patients. Accordingly, the Department finds that your continued certification as an EMT constitutes an immediate and serious threat to public health, safety, and welfare. **Therefore, your certification as an EMT is immediately suspended and shall remain suspended until such time as the Department has completed its investigation into this matter and the charges pending against you have been resolved. You may not, under any circumstances, act in the capacity of, or perform the duties of an EMT in New Jersey during this period of suspension.**

In accordance with N.J.A.C. 8:40A-7.1(f), certification cards are the property of the Department and shall be immediately surrendered upon demand. You are hereby directed to immediately surrender your EMT certification card(s) to the OEMS, either by sending via United States Postal Service First Class Mail, to the address on the first page of this Notice, or via physical delivery to Department of Health, OEMS, John Fitch Way, Market and Warren Streets, Trenton, NJ, 08611.

Pursuant to N.J.A.C. 8:40A-10.3(a), you may appeal to the Commissioner of the Department of Health for emergency relief to contest this summary suspension. Your request for a hearing on this matter must be submitted in writing and must be accompanied by a response to the charges contained herein. Please include the control number **2018-0124V** on your correspondence, and forward your request to:

New Jersey Department of Health  
Office of Legal & Regulatory Compliance  
P.O. Box 360, Room 805  
Trenton, NJ 08625-0360  
Attn: Ms. Tami Roach

Failure to submit a written request for emergency relief within thirty (30) days from the date of this Notice shall be deemed an acceptance of this Department's decision to summarily suspend your EMT certification pending completion of its investigation, thereby forfeiting all rights to emergency relief. If you have any questions concerning this matter, please contact Timothy Seplaki at (609) 633-7777.

Sincerely,

Scot Phelps  
Director  
Emergency Medical Services
