## Introduction

If you are using a computer to view this document, please scroll down for a complete list of dental services by county.

The 2020 New Jersey Dental Clinic Directory provides a central source of information on public dental clinics and services in New Jersey. These clinic services are primarily provided by local health departments, hospitals and Federally Qualified Health Centers (FQHCs).

The inclusion of any individual or organization in this Directory does not constitute or imply an endorsement by the New Jersey Department of Health. The information contained in the document is from organizations that responded to a "Dental Health Services Survey" conducted by the New Jersey Department of Health. **Please note that clinic information is subject to change.**

The New Jersey Dental Clinic Directory is designed to assist people in accessing dental care. **Insurance, payment and other requirements vary by facility. Patients should call to ask what documents they need to bring with them to their appointment.**

### Helpful tips for using this directory:

1. The dental clinics listed are organized by county.
2. If you are unable to find a clinic in your county, check other nearby counties.
3. Be sure to ask about the documents you need to bring to your appointment.
4. Insurance and payment options vary from clinic to clinic and are subject to change. Confirm details with each clinic you contact.
5. **UNINSURED?** You may qualify for free dental services at a Federally Qualified Health Center (FQHC). FQHCs listed in this directory are marked with an asterisk (\*). Contact the FQHC for information.
6. Additional resources are included on the last page of this directory.
