Background

Rural Health Transformation (RHT) Program Vendor Resource Directory

Thank you for your interest in the RHT Program. This resource directory was assembled by the New Jersey Department of Health (NJDOH), in partnership with the New Jersey Department of Human Services (NJDHS). This publication is supported by the Centers for Medicare & Medicaid Services (CMS) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$147.25 million, pending final approval, with 100 percent funded by CMS/HHS. The contents are those of the author and do not necessarily represent the official views of, nor an endorsement, by CMS/HHS, or the U.S. Government.

By connecting vendors and key stakeholders, this resource directory aims to accelerate the implementation of rural health projects. The directory includes a list of vendors presented in two ways: *Table A* includes information for each vendor by service type; *Table B* provides contact information and web links for each vendor. Please be sure to check the version date of the document as this will be updated if new information is provided. All modifications will be listed by date at the end of the document.

Information included in this directory was collected through a survey of vendors interested in participating in the RHT Networking Session hosted by NJDOH on December 4, 2025. The directory provides a snapshot of vendors and their offerings relevant to RHT activities and is not intended to represent an exclusive list. Vendor inclusion in the directory does not constitute endorsement of any vendor or solution by NJDOH or NJDHS. Please reach out directly to vendors for additional information or questions related to their services.

Please continue to monitor the NJDOH website for future grant opportunities. All NJDOH grant opportunities, including any potential RHT-related grants, will be publicly posted on healthapps.nj.gov/noticeofgrant/noticegrants.aspx. We look forward to continuing to bring together partners who share our commitment to transforming rural health outcomes. If you have any questions, please email RHTP.Application@doh.nj.gov.
