New Jersey’s Surface Water Quality Standards (SWQS) establish the designated uses of the State’s surface waters, classify surface waters based on those uses, and specify the water quality criteria and other policies necessary to attain those uses. Designated uses include water supply for drinking, agriculture and industrial uses, fish consumption, shellfish resources, propagation of fish and wildlife, and recreation.

The table below show the designated use information for your municipality. For more information on Surface Water Quality, see the Healthy Community Planning Report for this municipality.

## Map

![Map of Morris County, New Jersey with Municipal and Borough boundaries, smoking rate comparison for 2018.](map_image)

- **Mountain Lakes Boro** is shown in pink.
- Municipalities are color-coded based on smoking rate comparison:
  - Blue: Above state average
  - Yellow: Below state average
  - Teal: No difference
  - Gray: Suppressed

- **Legend:**
  - Municipalities
  - Mountain Lakes Boro

### Notes
- **No Difference** indicates that the smoking rate in the municipality is within the range of the state average.
- **Suppressed** indicates that the smoking rate data is not available or cannot be reported.
