Dear Ms. Sabatini,

On March 12, 2026, the Department of Health (hereinafter, "the Department") verbally ordered the immediate curtailment of all admissions and readmissions of residents to Country Home Operations, LLC (hereinafter, "Country Home" or the "facility"), as well as other measures. The order was memorialized by written order dated March 19, 2026. In addition to the curtailment, the Department issued a Directed Plan of Correction (DPOC) order requiring the facility to immediately retain the services of an Administrator Consultant and employ a Registered Nurse to provide required services, including supervision of the Certified Medication Aide (CMA) program. The DPOC also ordered the suspension of Country Home's CMA program until the facility demonstrated compliance with regulatory requirements for Registered Nurse supervision and medication delegation.

As you were notified on April 11, 2026, and effective on that date, the Department has lifted the March 12, 2026, Curtailment Order, Directed Plan of Correction Order, and Suspension of your CMA Program.
