Dear Ms. Janga:

On October 14, 2025, the New Jersey Department of Health (the Department) issued to New Standard Senior Living at Millville a verbal order curtailing new admissions and readmissions to the facility and a Directed Plan of Correction due to violations identified by Department surveyors that constituted an immediate and serious risk of harm to facility residents. On October 20, 2025, the Department memorialized both verbal directives in a written order. On October 21, 2025, the Department lifted the curtailment of readmissions, but the curtailment of new admissions and Directed Plan of Correction remained in effect. On January 27, 2026, the Department lifted the curtailment of new admissions and also lifted the Directed Plan of Correction requirement to retain a consultant administrator. The remainder of the Directed Plan of Correction, including the suspension of the medication aide program, remained in effect. On February 12, 2025, the Department lifted the suspension of the medication aide program, but the Directed Plan of Correction requirement to retain a full-time Director of Nursing consultant remained in effect. Effective immediately, the Department now lifts the remainder of the Directed Plan of Correction, specifically, the Department is lifting the requirement to retain a full-time Director of Nursing consultant.

Thank you for your attention to this important matter. If you have any questions regarding this order, please contact Lisa King, Office of Program Compliance, at Lisa.King@doh.nj.gov.

Sincerely,

Gene Rosenblum, Director
