On June 2, 2023, and June 5, 2023, the Department of Health (Department) verbally issued a Directed Plan of Correction Order (DPOC). The Department ordered Little Brook Nursing (hereinafter "Little Brook") to retain the full time services of a Consultant Administrator; to retain a Consultant Director of Nursing; to retain a Pharmacy Consultant to conduct medication passes and report directly to the Director of Nursing (DON) and the Medical Director; and to retain a staffing agency to help the facility meet staffing requirements. The Department also ordered the DON to immediately act upon the pharmacy consultant's recommendations, the Medical Director to be on site daily and to conduct staff performance appraisals, the administrator to submit daily staffing reports, and the Department required the facility to meet staffing requirements set by law. The Department issued a written order on June 6, 2023.

On June 9, 2023 the Department amended the DPOC. The amended DPOC permitted a designated medical profession to complete staff competencies in consultation with the Medical Director in the manner provided in the Amended DPOC.

Effective immediately, the Department is lifting the Directed Plan of Correction issued on June 2, 2023, and June 5, 2023, as amended on June 9, 2023.
