DRAFT GOALS

See meeting slides.

- Slide 8: HNJAC Padlet Recommendations: Summary of cross-cutting challenges
 - Worker safety – on a subsequent slide
 - LGBTQ – Definitely will include. These are only what was in Padlet.
 - Environmental injustice
- Slide 9-10: HNJAC Padlet Recommendations: Other issues not included above
 - Spinning our wheels. If everything's a priority, nothing's a priority.
 - Accept all the goals as they are and move on.
 - Suggest adding 'capacity' (public health workforce and unrestricted funding) to the current list HNJ2030 overarching themes: equity, policy, and resilience.
 - Who's covering what? See slides for ACT designations.
 - Address these things in the action plans, i.e., The Padlet recommendations can be included as strategies; they don't all have to be goals
 - Worker/occupational health and safety – should we invite subject matter experts to present, like we did for equity, policy, and resilience? Not necessary.
- Slide 12: Timeline Review
 - 500+ interviews are done.
 - Analysis and summarization are happening now.
 - Interim report at end of April.
 - May HNJ mtg – main themes will be presented
 - Final report due in September.
- Slide 13: Next Phase Teams
 - Put draft goals/priority areas online
 - Make sure we capture where each ACT currently is and pass along the work thus far to the goal-specific teams

OTHER

- Team refreshes – will discuss at May meeting
- Homework
 - Send Maria any changes/corrections to goals/strategies
 - Send Maria names of potential next phase team members
 - Maria will send draft of new webpages to each ACT's chairs to review
- Next meeting: Wednesday 5/12/21
