PRIORITIZING ACTIONS

Must-have

Non-negotiable, this action is critical to achieve our objective.

Should-have

This action is important and adds value but is not critical to achieving the objective at this time.

Can-have

This action would be good to include, if time and resources permit, but it is not essential to achieving the objective.

Won't-have

This action is a low priority or not needed in the current plan.

1A.1 Develop a well-trained, diverse health system workforce.
