

Dear Family Member,

In order to provide the best possible mental health services, we would like to know your opinion by way of a survey about the services your family member receives during their stay in the hospital and your experience as a family member. There is space at the end of the enclosed survey to provide your own comments. Alternatively, you can scan the QR Code near the bottom of the page with your smartphone camera. This will give you a link to the survey you can fill out using your phone.

This survey is only to be completed if you have a loved one receiving care in Ancora Psychiatric Hospital, Trenton Psychiatric Hospital, Greystone Park Psychiatric Hospital, or Ann Klein Forensic Hospital. We highly encourage you to fill this out using a smart phone / QR code scan, but you are welcome to fill it out on paper and return it to your Family Services Coordinator at the appropriate hospital.

If filling out the survey in a hard copy form, please write on the envelope the contact information for your Family Services Coordinator and mailing address as follows:
