<sup>1</sup> ACS Demographic and Housing Estimates: 2007 American Community Survey, U.S. Census Bureau.

<sup>2</sup> Met demand: The population who received treatment was calculated using the 2007 NJ-SAMS data.

<sup>3</sup> Unmet demand: Those in need who would seek treatment, if it had it been available. This estimate is based on the 2003 New Jersey Household Survey (unmet demand was 0.47% of the adult population in the survey).
