Notice of Rescission of Certificate of Need Call for Applications for New Mobile Intensive Care Units

Take notice that, in compliance with N.J.S.A. 26:2H-1 et seq., and the provisions of N.J.A.C. 8:33-4.1(a), Cathleen D. Bennett, Commissioner, New Jersey Department of Health, hereby publishes notice rescinding the invitation for certificate of need applications to establish a new mobile intensive care service, previously published at 48 N.J.R. 1468(a).

The Department is in the process of gathering and evaluating data to determine whether there is currently a need for new mobile intensive care services anywhere in the State of New Jersey. Accordingly, it is necessary to rescind the call for certificate of need applications to establish a new mobile intensive care service in order to allow the Department sufficient time to complete its evaluation of need, and to provide potential applicants and affected parties sufficient time to respond appropriately to a certificate of need call notice in the event the Department determines that there is a specific need for new mobile intensive care services. The Department anticipates being in a position to make a determination regarding whether a call is necessary in 2017. If the Department determines that there is a need for a call, a call will be published in the New Jersey Register that will provide the necessary time for both potential applicants and interested

parties to respond to the future call notice. In the alternative, if the determination is made to cancel the call, then the Department will publish a cancellation notice in the New Jersey Register.
