## Public Employees Occupational Safety & Health Enforcement Project

**Occupational Safety and Health Concerns**  
If you are a public employee and suspect that there is a potential hazard at your workplace or that you are working under hazardous conditions, contact either:

### For occupational safety hazards

Call the Division of Public Safety and Occupational Safety and Health in the New Jersey Department of Labor and Workforce Development at (609) 292-7036. LWD administers and enforces the PEOSH Act throughout the state.

**24-hour complaint line: 1-(800) 624-1644**

or

### For occupational health hazards (including indoor air quality)

Call the PEOSH Program in the New Jersey Department of Health and Senior Services at (609) 984-1863

New Jersey Department of Labor and Workforce Development  
Division of Public Safety and Occupational Safety and Health  
PO Box 953  
Trenton, New Jersey 08625-0386  
(609) 292-7036  
Fax: (609) 292-3749

NEW JERSEY DEPARTMENT OF  
**LWD**  
LABOR AND WORKFORCE DEVELOPMENT  
[nj.gov/labor](http://nj.gov/labor)

Jon S. Corzine, Governor

## Keep your workers safe, healthy, and on the job.

### Free Consultations and Free Training

The on-site consultation and education/training seminars offered by the PEOSH units of the New Jersey Department of Labor and Workforce Development and the New Jersey Department of Health and Senior Services help public employers provide a safe and healthy work environment for their employees.

## Consultation

We offer occupational safety and health consultations to assess safety and health management systems, identify hazards, and help you prevent accidents, injuries, illnesses and fatalities. These consultations are **free** to public employers in New Jersey.

PEOSH consultation is a confidential service that is completely separate from PEOSH enforcement; consultants do not issue citations or impose penalties. However, an employer is obligated to correct serious hazards that the consultant finds, within a mutually agreeable time frame.

### Employer's Responsibility

- Take action to protect your employees if any serious hazardous conditions are identified.
- Allow the highest-ranking union official to participate in the visit.

### Employer's Rights

- Allow the consultant to interview individual employees privately.
- An employer may terminate the consultation at any time.

- Consultation is a confidential service. PEOSH enforcement officers do not have the right to see workplace information obtained from a consultation visit.
- An employer may disagree with the schedule to correct violations.

### Steps of an On-Site Consultation

- Employer Requests Consultation
- Consultation
- Opening Conference
- Walk-through
- Closing Conference
- Consultant Provides Report
- Employer Posts List of Hazards
- Employer Corrects Hazards
- Follow-Up: Consultant and Employer

## Education/Training

We can provide **free** on-site occupational safety and health training — customized to fit your needs.

As new occupational safety and health standards are adopted, we develop seminars to help public employers and employees better understand the requirements of these standards. Our staff can create other educational seminars in response to requests. You can arrange to have these presentations provided at your workplace free of charge.

To schedule safety consultation or training, call (609) 633-2587

To schedule occupational health consultation or training, call (609) 984-1863

For a list of free courses and publications, request the PEOSH Training & Publications Catalog. The PEOSH Training & Publications Catalog, information on PEOSH consultation and a consultation request form are available on the PEOSH Web site at [www.nj.gov/health/coh/peoshweb](http://www.nj.gov/health/coh/peoshweb)

You can find additional safety & health information at
