

County College of Morris

I. Major research and public service activities.

CCM pursues funding from both public and private external sources to fund scholarships, improve teaching and learning, acquire state of the art equipment and provide public services. 2006-2007 was a successful year in this regard with over a million dollars garnered for the College. Projects worthy of note include:

- The Women's Center at CCM was awarded grants by five different funding sources totaling almost \$160,000 to continue serving displaced homemakers and other needy women.
- Chilton Memorial Hospital, Morristown Memorial Hospital and Saint Clare's Hospital continued their pledges of \$250,000 for the Weekend Nursing Program that will support the education and training of approximately 90 student nurses.
- New Jersey Statewide Systemic Initiative Plan for math and science teacher enhancement was awarded \$80,000 for the Math-Science Initiative NorthWest (MSI-NW).
- The County College of Morris Foundation continues to be successful in acquiring philanthropic support. The 2006-07 campaign netted funds and future pledges of over \$750,000 including support for the new Weekend Nursing Degree Program.

The College faculty and staff also continued to provide lectures for community events through the CCM Speakers Service.

During 2006-2007 year, the Special Events department provided public service through events that stimulated and enriched the social, cultural, professional and recreational climate of the community. Many of the programs were co-sponsored by the Office of Campus Life. Program expenses are subsidized by the College to keep ticket prices affordable and accessible to the local communities.
