County College of Morris offers both full- and part-time students an opportunity to take honors courses and/or earn an Honors degree in their major or program of study. Students can apply to take honors courses or seek an Honors degree directly from high school or while enrolled at the college. Admission from high school requires an SAT score of at least 1100 or ACT equivalent and/or graduation in the top 20 percent of the class.

County College of Morris

To earn the Honors Degree, students enrolled in Associate in Applied Science programs must complete sixteen (16) credits of Honors courses distributed among the areas of communications, humanities, social science, mathematics and science. Students enrolled in Associate in Arts, Associate in Fine Arts, and Associate in Science programs must complete twenty-one (21) credits distributed among the same disciplines.

English for Speakers of Other Languages is a non-credit program of study designed for students whose native language is not English but who already have some fundamental knowledge of English as determined by a placement examination administered on the CCM campus. The academically oriented curriculum provides international students with the linguistic knowledge, cultural awareness and strong study skills appropriate for college studies. Students in the program will be allowed to matriculate in a college curriculum upon satisfactory completion of the program.

CCM became a certified provider of continuing education courses for nurses and allied health professionals. The certification was granted by the New Jersey State Nurses Association (NJSNA), which is accredited by the American Nurses Credentialing Center's Commission on Accreditation. Active and inactive nurses and allied health professionals will be able to earn the continuing education credits they need to upgrade their skills and renew their specialty certification and licenses.
