

## **I. Major Capital Projects Underway in Fiscal Year 2012**

In 2011-2012 the College completed its Facilities Master Plan 2011-2018, outlining several major capital projects and improvements. Selected athletic program projects were completed during 2011-2012, including renovation of the baseball fields. In addition, various projects related to roads and parking lots were completed. A solar energy project is under review for future completion.
