Preface

Founded in 1855, Kean University was the first public post-secondary institution in New Jersey. In its role as a normal school for training teachers and principals for the City of Newark, the institution graduated many of the first generation of professionally trained schoolteachers in New Jersey. In 1958, the institution’s mission expanded from its original, single purpose to become a comprehensive undergraduate institution. In 1957, the college relocated to a site purchased from the Kean family estate in the Township of Union. Sixteen years later, the institution’s name was changed from Newark State College to Kean College of New Jersey. On September 26, 1997, the New Jersey Commission on Higher Education granted university status to our institution. In 2008, the University successfully started its first doctoral level programs. Today, the University’s enrollment ranks third among the public and private colleges and universities in New Jersey.

Our undergraduate programs, which include disciplines in the liberal arts, natural sciences, social sciences, health professions, applied sciences, visual arts, performing arts, and teacher education, are housed in five colleges. The Nathan Weiss College of Graduate Studies administers the graduate programs, which range from education to public administration to nursing. Kean’s faculty is recognized for teaching excellence, scholarship and service.

Kean University continues to respond to the major demographic and social changes in the New Jersey metropolitan area. With one of the most multicultural student populations in the state, exceptional academic support programs have been developed that respond to the requirements of an increasingly diverse undergraduate and graduate student population.

Kean University is positioning itself to meet the changing educational and developmental needs of the future. We remain committed to a mission that provides access, opportunity and affordability to New Jersey’s students and citizens. Kean University is proud of its tradition of service to the community and commitment to scholarship and teaching. We will continue to build on this distinguished history as we plan for the future.

Dawood Y. Farahi, Ph.D.
President

August 2012
Mission Statement

Kean University is a public cosmopolitan university serving undergraduate and graduate students in the liberal arts, the sciences, and the professions. The University dedicates itself to the intellectual, cultural, and personal growth of all its members - students, faculty, and professional staff. In particular, the University prepares students to think critically, creatively and globally; to adapt to changing social, economic, and technological environments; and to serve as active and contributing members of their communities.

Kean offers a wide range of demanding programs dedicated to excellence in instruction and academic support services necessary to assure its socially, linguistically, and culturally diverse students the means to reach their full potential, including students from academically disadvantaged backgrounds, students with special needs, and adults returning or entering higher education.

Kean is steadfast in its dedication to maintaining a student-centered educational environment in which diversity can flourish and an atmosphere in which mutual respect characterizes relations among the members of a pluralistic community. The University seeks to combine excellence with equity in providing opportunities for all students.

Kean is a teaching university, and Kean faculty dedicate themselves to student learning as well as academic rigor. The focus on teaching excellence is supported by a commitment to research, scholarship, creative work, and innovative uses of technology. The focus includes the advancement of knowledge in the traditional disciplines and the enhancement of skills in professional areas. Kean is committed to providing global educational opportunities for students and faculty.

Kean is an interactive university, and the University serves as a major resource for regional advancement. Kean collaborates with business, labor, government and the arts, as well as educational and community organizations and provides the region with cultural events and opportunities for continuous learning. Kean is also committed to providing students and faculty educational opportunities in national and international arenas.

Revised and Adopted March 2007
II. DATA BY CATEGORY

A. ACCREDITATION STATUS

1. Institutional Accreditation

The Middle States Association of Colleges and Schools accredits Kean University. The initial accreditation was in 1960. Kean is currently working actively to meet the Middle States’ Standards on Institutional Assessments, Student Learning Assessment, General Education and Integrity to lift the probation status placed by the Middle States on June 28, 2012. Kean remains accredited by the Middle States Commission on Higher Education.

The University is also licensed by New Jersey Higher Education.

2. Professional Accreditation and Specialized Professional Associations

College of Business and Public Management

Master of Public Administration
Accrediting Body: National Association of Schools of Public Affairs and Administration

College of Education

All programs in the College of Education as well as teacher education programs located in other colleges are accredited by the National Council for Accreditation of Teacher Education (NCATE). The initial accreditation was awarded in 1954 and is currently fully accredited through 2017, the following specialized accreditations and recognitions have been achieved:

M.A. in Speech-Language Pathology
Accrediting Body: American Speech-Language-Hearing Association

M.A. in Reading Specialization
Specialized Professional Association: International Reading Association

B.A. and M.A. in Early Childhood Education
Specialized Professional Association: National Association for the Education of Young Children

B.A. in Elementary Education
Specialized Professional Association: Association for Childhood Education International

M.A. in Instruction and Curriculum
Classroom Instruction Option
Specialized Professional Associations: National Science Teachers Association
National Council of Teachers of Mathematics
Association for Childhood Education International

Biology Option
Specialized Professional Association: National Science Teachers Association

Chemistry Option
Specialized Professional Association: National Science Teachers Association

Earth Science Option
Specialized Professional Association: National Science Teachers Association
Mathematics Option  
Specialized Professional Association: National Council for Teachers of Mathematics

World Language Option  
Specialized Professional Association: American Council on the Teaching of Foreign Languages

B.S. in Athletic Training  
Accrediting Body: Commission on Accreditation of Athletic Training Education

B.A. in Physical Education  
Specialized Professional Association: National Association for Sports and Physical Education

All Programs in Special Education and Literacy (M.A., B.A.)  
Specialized Professional Association: Council for Exceptional Children

M.A. in Reading Specialization  
Specialized Professional Association: International Reading Association

**College of Natural, Applied and Health Sciences**

B.A. in Biology (Teacher Education Option)  
Specialized Professional Association: National Science Teachers Association

B.S. in Chemistry Program  
- Expanded Option  
- Chemical Instrumentation Option  
Specialized Professional Association: American Chemical Society

B.A. in Chemistry Program (Teacher Education Option)  
Specialized Professional Association: National Science Teachers Association

B.A. in Earth Science (Teacher Educational Option)  
Specialized Professional Association: National Science Teachers Association

B.S. in Health Information Management Program (Joint Program with UMDNJ)  
Accrediting Body: Commission on Accreditation for Health Information & Information Management Education

B.A. in Mathematical Sciences (Teacher Education Option)  
Specialized Professional Association: National Council for Teachers of Mathematics

B.S.N. and M.S.N. in Nursing  
Accrediting Body: National League for Nursing Accrediting Commission  
State Licensing Agency: New Jersey State Board of Nursing

**College of Visual and Performing Arts**

All Music Programs  
Accrediting Body: National Association of Schools of Music

All Theatre Programs  
Accrediting Body: National Association of Schools of Theatre

All Fine Arts Programs  
Accrediting Body: National Association of Schools of Art and Design
All Design Programs
Accrediting Body: National Association of Schools of Art and Design

B.F.A. Interior Design
Accrediting Body: Council for Interior Design Accreditation

**New Jersey Center for Science, Technology & Mathematics**

B.S. Science & Technology / M.A. Instruction & Curriculum, Science & Technology Option
(mathematics, chemistry and biology tracks)
Accrediting Body: National Council for Accreditation of Teacher Education (NCATE)

**Nathan Weiss Graduate College**

M.A. in Counseling
Accrediting Body: Council for the Accreditation of Counseling and Related Educational Programs
Clinical Mental Health, School Counseling, and School-LPC programs are accredited by CACREP
State Licensing Agency: New Jersey Professional Counselor Examiners Committee

M.A. in Educational Administration
Accrediting Body: National Council for Accreditation of Teacher Education
Specialized Professional Association: Educational Leadership Constituent Council

M.B.A. in Global Management
Accrediting Body: European Foundation for Management Development

M.S. in Occupational Therapy Program
Accrediting Body: Accreditation Council for Occupational Therapy Education/American Occupational Therapy Association

Master of Social Work
Accrediting Body: Council for Social Work Education

Professional Diploma in School Psychology
Accrediting Bodies: National Association of School Psychologists
National Council for Accreditation of Teacher Education

2. Enrollment in Remediation Courses by Subject Area

   a. Name of Basic Skills Placement Test Administered

   ACCUPLACER Computerized Placement Test

   b. Criteria for Selecting Test Takers

   All freshmen not exempt from placement testing are required to take the ACCUPLACER Computerized Placement Test. Freshman-level transfers were tested if writing/math courses were not already completed. For Fall 2011, 93 of 1,794 first-time, full-time (FTFT) students were exempt from all testing based on the following criteria:

   - **Reading**: SAT Critical Reading/Verbal scores greater than or equal to 520
   - **Writing**: SAT Writing scores greater than or equal to 520
   - **Elementary Algebra**: SAT Math scores greater than or equal to 530.

   Source: General Education Office & IR Enrollment_Froz Database, Kean University 2012

   c. Total Number of Undergraduate Students Enrolled in Remediation Courses, Fall 2011

<table>
<thead>
<tr>
<th>Total Undergraduate Enrollment</th>
<th>Number of Students Enrolled in One or More Remedial Courses</th>
<th>% of Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>13,462</td>
<td>892</td>
<td>6.6%</td>
</tr>
</tbody>
</table>

   Source: Table II.C.2, Institutional Profile Data 2012, NJ Higher Education – SURE Fall Enrollment File

   Total Enrollment includes all students, full-time, part-time, returning, transfer, etc.

   Kean does not offer "stand-alone" developmental writing courses; therefore, for the purposes of this report, students were categorized as needing writing remediation if they were enrolled in one of the intensive six-credit-hour versions of College Composition (i.e., in one of the versions featuring supplemental credits and extra class time).

c. Certification Programs

Kean University offers the following approved certification programs at the graduate level:

Certificates in Education

Administrative Certificate Endorsements
- Principal (Provides a Letter of Eligibility)
- Supervisor
- School Business Administrator

Educational Services Certificate Endorsements
- Director of School Counseling
- Learning Disabilities Teacher-Consultant
- Reading Specialist
- School Psychologist (Teaching Certificate Not Required) may be obtained by completing the Professional Diploma Program in School Psychology
- Speech-Language Specialist (Teaching Certificate Not Required) may be obtained by completing the M.A. in Speech Language Pathology
- School Counselor (Teaching Certificate Not Required) may be obtained by completing the M.A. in Counseling
- School Nursing
- Substance Awareness Coordinator

Initial Teaching Certificate, Including a Master of Arts degree
- Art
- Biology
- Chemistry
- English
- Mathematics
- Science
- Social Studies
- Early, Elementary, Middle and Secondary Preschool-Third Endorsement
- P-3 Certification: Modified Alternate Route
- World Languages-Spanish
- Fine Arts
- Bilingual/Bicultural Education
- Transitions to Teaching: Modified Alternate Route (Mathematics, Science, Special Education, and English as a Second Language)

Instructional Certificate Endorsements
- Bilingual/Bicultural Education
- Earth Science Only with Masters
- Preschool-Third grade
- Teaching English as a Second Language
- Teacher of Students with Disabilities
- Teacher of Reading
- Alternate Route: Teaching English as a Second Language
- Alternate Route Program for Elementary Education Teachers (K-5)
- Alternate Route Program for Secondary Education Teachers (K-12)
Alternate Route Program for Elementary and Middle School Education Teachers  
(K-5/5-8)

d. Non-Degree Professional Coursework
- Conflict Resolution and Communication
- Teaching the Holocaust and Prejudice Reduction
- Leadership and Communication
- Post-Masters Licensed Professional Counselor Option
- Public Speaking and Presentation
- Public Relations and Journalism
- Speech Language Pathology Pre-Professional Program

Source: Academic Affairs Office & College Deans, Kean University 2012

2. Other - Agreements with Other Colleges and Universities

Kean Ocean
Kean University and Ocean County College (OCC) continue their partnership (established in 2006) to provide higher education in Ocean County beyond the level of the associate's degree. Students completing their associate's degree can continue on to earn their Kean bachelor's degree with Kean courses offered on the OCC campus. Kean also offers several master's degrees at OCC for those already holding a bachelor's degree.

Kean bachelor's degrees are being offered at OCC in Accounting, Biology, Computer Science, Criminal Justice, English, Finance, Graphic Design, History, Management Science, Marketing, Nursing, Psychology, Public Administration, and Sociology along with Elementary, Secondary, and Special Education as well as Physical Education and Health. Students who have already completed their associate's degrees have their OCC courses evaluated on a case-by-case basis and matched as closely as possible to the requirements for Kean degrees. Students newly entering OCC follow in advance detailed program guide sheets that specify the exact OCC courses to take for fulfilling the requirements of both their OCC associate's degrees and their Kean bachelor's degrees.

Kean is also offering master's degrees at OCC in Counselor Education (with State certification for school counseling) and Educational Leadership (with State certification for supervisor and principal) as well as in Nursing (also the certificate option), Public Administration (standard and non-profit options), Business Administration (the Executive and Global MBA program options) and the Master's in Social Work.

More Kean programs are continuously being added, and Kean is building a full campus of its own immediately adjacent to the OCC campus. Construction of the first building of this campus is now underway, with occupancy scheduled for October of 2012. Until then, Kean classes are being held in OCC classrooms, and Kean provides administrative, academic, and student services both with its own staff and through cooperative arrangements with OCC offices providing equivalent services.

Kean China
The Chinese Ministry of Education has approved the development of a branch campus of Kean University in Wenzhou, China. After a one year assessment and a follow up review a final decision will be made by the Chinese authorities. Kean University is required to obtain approval from the Middle States Commission on Higher Education and other U.S. authorities before a final commitment is made. The campus is to be created and sustained in a two year pilot program with the Wenzhou municipal government, which will fully underwrite all costs for the campus, and with Wenzhou University. Officially designated for the next two years as "Wenzhou-Kean University (in preparation)," the campus is to be designed for and built upon a scenic site of 175 acres with
facilities to accommodate 10,000 full-time residential students. An initial class of 500 students will
be admitted (into what will then be Wenzhou-Kean University proper) for the Fall semester of 2014.

To facilitate the success of the endeavor, Kean University will establish a preliminary physical
presence in Wenzhou through traditional international-study and student-exchange programs with
Wenzhou University (sending Kean students from Union for a semester of study at Wenzhou
University) and through three pilot programs (in Accounting, Computer Science, and English) offered
to a small group of Chinese students (up to 200) admitted through a special joint project of Wenzhou
University and Kean University. These students will complete slightly less than half of their Kean
baccalaureate programs with Kean courses offered on the campus of Wenzhou University for the
next two years. In 2014, they will have the option of completing their baccalaureate studies at the
newly opened Wenzhou-Kean University site or at the Kean University campus in the U. S. Kean
will submit its application for the substantive change of the branch campus at the first opportunity
allowed by the Middle States Commission.

**Articulation Agreements**

A major goal of Higher Education in the State of New Jersey is to have all colleges and universities
make it possible for students to transfer (articulate) from one college to another for the purpose of
completing a program of study or degree as expeditiously as possible. In addition to special
programs with other colleges and universities, Kean University honors the State of New Jersey's
Transfer Legislation (Lampitt Bill) policy, the new statewide transfer legislation and accompanying
implementation agreement, and continues to work with the two-year college sector through the
articulation meetings and biannual Two-Year/Four-Year meetings and related conferences.

Students graduating from a New Jersey State county college with an A.A. or A.S. degree may be
admitted as juniors provided that all transfer admission requirements and related course
prerequisites have been met. It is important to note that full transferability of credits depends on a
student keeping the same major as they had at the county college. Please note: All lower division
General Education requirements are considered completed with the A.A. or A.S. degree, unless one
or more of the required courses are prerequisites for additional coursework. A.A.S. degrees are not
covered by the legislation.

Kean University has joint degree programs in Health Information Management, Physical Assistant,
Pre-Physical Therapy, Clinical Lab Science (CLS) Medical Lab Science and CLS Cytotechnology
with the University of Medicine and Dentistry (UMDNJ) in Newark. Students complete the general
education requirements at Kean and then apply to UMDNJ for the professional phase of the program.
Upon completion, students receive a joint bachelor’s degree from Kean University and UMDNJ.

Kean University’s New Jersey Center for Science, Technology and Mathematics (NJCSTM) has
multiple articulation agreements and interested persons must apply thru NJCSTM. There is an
articulation agreement with Raritan Valley Community College whereby candidates for the
associates degree in biotechnology can apply to transition with junior status into the NJCSTM five
year bachelor/master degree scientist-research track.

NJCSTM with Drexel University College of Medicine and St. Peter's University Hospital have a
partnership offering a 4 + 4 Bachelor of Science/Medical Degree (B.S./M.D.) Scholars Program.
Students in this B.S./M.D. Scholars Program embark on an integrated study of chemistry, biology,
physics and mathematics in their freshman and sophomore year, and then continue with upper level
coursework concentrating in the biomedical sciences, including a pre-professional internship in junior
and senior years where they experience medicine alongside physicians at St. Peter's University
Hospital in New Brunswick, NJ. This is a flat rate tuition program and upon completing the B.S. in
Science & Technology degree, persons must enter the first year medical school class at Drexel
College of Medicine. Medical students return to St. Peter's University Hospital for at least one third
year clerkship and at least one fourth year rotation.
NJ CSTM offers an exciting opportunity for students wishing to pursue careers in engineering science. Kean University and the New Jersey Institute of Technology (NJIT) have partnered to offer the Engineer Science Scholars Program to highly qualified undergraduate students. Students in this program who meet all the requirements while in college are awarded the B.S. in Science & Technology / Engineering Science degree from NJ CSTM at Kean University then complete their Master’s degree in The College of Engineering at NJIT’s Newark NJ Campus.

The following is a list of colleges with which Kean University has made articulation agreements:

- Atlantic Cape Community College
- Brookdale Community College
- Camden County College
- County College Of Morris
- Essex County College
- Hudson County College
- Middlesex County College
- Mercer County College
- Ocean County College
- Passaic County Community College
- Raritan Valley Community College
- Southern New Jersey CTEM Consortium
- Union County College
- Warren County Community College

Source: NJ CSTM, Center for Academic Success (CAS), College Deans and Academic Affairs, Kean University 2012

**Joint Admission Agreements**

Students from New Jersey County Colleges, that have signed joint admission agreements, may be admitted to Kean University by the respective county college. The admission is to the University, not to a major program.

The program is designed to strengthen the academic and support partnership between the two-year college sector and Kean University. Agreements have been signed with:

- Brookdale Community College
- County College of Morris
- Essex County College
- Hudson County College
- Middlesex County College
- Ocean County College
- Passaic County Community College
- Raritan Valley Community College
- Union County College

Source: Center for Academic Success (CAS), College Deans & Academic Affairs, Kean University 2012

**Partnership Agreements**

Partnership agreements are aimed at establishing ties of friendship and cooperation for the purpose of promoting mutual understanding through academic, cultural, scientific, student and personnel exchanges. Partnership agreements have been signed with:

- University of Medicine and Dentistry of New Jersey
- New York College of Podiatric Medicine, New York
- Drexel University College of Medicine

Kean University and the Union County Vocational and Technical School Academy for Performing Arts (UCVTS) have established a dual-enrollment partnership, allowing students from the Academy to complete their senior year of high school and freshman year of college simultaneously, enrolling in a full college course load. Partnerships with other career academies at UCVTS in Design and in Education are in the process of being developed.

Source: College of Natural, Applied and Health Sciences & College of Visual and Performing Arts, Kean University 2012

**Off-Site Degree Programs**

The College of Natural and Applied Science offers the Bachelor of Science in Nursing Program off-site at Raritan Community College, Middlesex County College, Bergen Community College and a branch location at Ocean County Community College.

2. Externally Sponsored Research

The Office of Research and Sponsored Programs (ORSP) seeks external funding to support and enhance faculty and student research, curricular development and innovation, and community outreach programming. The Office administers the University’s grants and contracts (internal and external) from the pre-award stage through final reporting, and provides oversight to Kean’s centers and institutes. ORSP serves as the University’s liaison with public foundations, and is responsible for compliance regarding federal and state regulations. The following table lists the externally sponsored research programs by award amount:

### 3. Internally Sponsored Research

Kean University established the Reassigned Time for Research (RTR) Awards program to support the faculty’s active interest in research and other scholarly pursuits in 1973. Through this program,

Source: Office of Research and Sponsored Programs, Kean University 2012
the University conducts an annual review and selects faculty, professional personnel, and librarians to receive research awards of released time and limited direct costs. Projects funded by Reassigned Time for Research serve to advance the state of the art or knowledge in a particular field of study or professional activity, or to develop a particular area of research or creative work to the point where it can be shared beyond the Kean University community.

Four RTR projects were funded for the 2011-12 academic year. Successful applicants receive a maximum of six credits of reassigned time during the academic year and a $400 stipend for equipment, supplies and other needs associated with their research.

Six non-tenured faculty research projects (UFRI) were funded for the 2011-12 academic year. As with the RTR awards, successful applicants receive six credits of reassigned time during the academic year and a $400 stipend for equipment, supplies and other needs associated with their research.

The Students Partnering with Faculty (SpF) Summer Research Program is a competitive program that has been developed to support and advance student and faculty research and scholarship at Kean University. Through the SpF program, full-time faculty will have the opportunity to submit proposals in collaboration with undergraduate full-time students enrolled in the current semester for the purpose of attaining funding toward a specific student-faculty research project. Students and faculty each receive $3,500 stipends and up to $2,000 for research supplies and expenses. Thirteen projects were funded during summer 2011.

The Foundation Faculty Research Award (FFRA) is sponsored by the Kean University Foundation and was initiated this academic year. The fundamental goal of FFRA is to help faculty better position themselves to apply for and receive external funding for their research and scholarly activities. Faculty can apply annually for three consecutive years of funding for up to $5,000 annually. Seven faculty members received this award for the 2011-2012 academic year.

The Presidential Scholars Challenge (PSC) funds faculty research initiatives in areas important to the strategic vision and core initiatives of the University. The grant provides bridge support to faculty researchers who then pursue external funding to continue their research program. Six faculty received award amounts ranging from $31,000 to $65,000

**Reassigned Time for Research Awards (RTR)**

GIS and Satellite Analysis to Visualize and Discern Fog Processes

I. MAJOR CAPITAL PROJECTS UNDERWAY IN FISCAL YEAR 2012

The transformation of the Kean University campus continued through Fiscal Year 2012 as some projects were completed and others began. Through these new projects the University continues its commitment to new classrooms, academic laboratories, performing arts facilities, and recreational facilities as part of its overall campus plan.

1. Projects Under Construction

   a. Kean Ocean Gateway Building

      Start Date: December 2010
      Completion Date: October 2012

      Project Description:
      Ocean County College and Kean University have formed a strategic partnership to enhance its educational offerings. The building of approximately 72,000 gross square feet will be located at OCC’s main campus in Toms River, NJ, and shall be designed to achieve LEED Silver Certification. The new academic building will house computer laboratories and classrooms, lecture halls, administrative offices, conference rooms, lounge areas, service kitchens and ancillary spaces.

   b. Residence Life Quad Renovations Phase 2 – Burch and Bartlett Halls

      Start Date: May 2012
      Completion Date: August 2012

      Project Description:
      This renovation will include a complete renovation of the suite bathrooms, addition of individually controlled HVAC units in each bedroom and living room, and the replacement of the Sanitary Sewer risers in both Burch and Bartlett Halls.

2. Pending Projects

   a. Green Lane Building Construction

      Start Date: June 2012
      Completion Date: December 2013

      Project Description:
      This project will be the construction of a new 100,000sf, glass façade, 5-story academic building and associated site work to be located at the corner of Green Lane and Morris Avenue in Union, NJ. The first floor will consist of retail space (approximately 20,000sf) for Barnes and Noble and a bank. Floors two through five will have classroom and administration space, while a conference center and rooftop terrace will occupy the sixth floor. The spaces include classrooms, meeting rooms, offices and a design studio.

   b. Vaughn Eames Scene Shop and Exterior Repairs

      Start Date: TBD – Drawings are in Plan Review with the NJDCA
      Completion Date: TBD – Pending DCA approval of design

      Project Description:
      This project consists of the construction of a two story addition to the existing Vaughn Eames building.
This addition will house the CVPA Scene Shop as well as other support spaces including a costume storage room, lighting and sound classroom, and a performance studio. The project will also address systemic problems in the building regarding water infiltration at the roof and windows.

c. East Link Bridge Upgrades

Start Date: December 2012  
Completion Date: August 2013  

Project Description:  
The East Link Campus Bridge Improvements project proposes the dismantling, removal and disposal of an existing two hundred twenty-four foot (224’) span, seventeen foot (17’) wide steel truss bridge with an attached walkway and concrete deck. The existing bridge will be replaced with a similar two hundred twenty-four foot (224’) span, twenty foot (20’) six inch (6”) wide steel truss pre-fabricated bridge. The existing bridge abutments and piers will be modified and three (3) wingwalls will be constructed. The approach roadway will be reconstructed.

d. East Campus Faculty Housing

Start Date: TBD – Drawings are in Plan Review with the NJDCA  
Completion Date: TBD – Pending DCA approval of design  

Project Description:  
This project consists of the construction of 18 Faculty Housing units on the East Campus. Each unit will consist of apartment with two bedrooms, a living room and an eat-in kitchen. The structure will be two-stories tall.

e. Exterior Door Card Readers

Start Date: December 2012  
Completion Date: June 2013  

Project Description:  
This project will be to install a campus-wide card access system on the exterior doors of all buildings. Once completed, Campus Police will be able to control access into and out of each building during off-hours.

3. Recently Completed Projects

a. Campus Master Plan

Project Description:  
The Facilities Master Plan through 2020 was presented and adopted by the Board of Trustees at the June 25, 2012 Board of Trustees Meeting and will be posted on the Kean University website.

b. Trotters Creek Emergency Roadway

Start Date: September 2011  
Completion Date: April 2012  

Project Description:  
The project entails construction of a 400 foot long, 20 foot wide emergency access road, purchase and installation of a pre-fabricated 60 foot span bridge, pole mounted lights, guiderails, stormwater management structures and landscaping. The emergency access road connects two existing parking
lots. Modifications and installation of the existing parking, curbing and sidewalk were also proposed. The bridge was installed upon two reinforced concrete bridge abutments which is constructed upon each side of an on-site creek.

c. Technology Building Renovation for OCIS

Start Date: September 2011
Completion Date: May 2012

Project Description:
The project entails the renovation of existing storage, classroom and office space for the new Office of Computer and Information Services offices. The work includes demolition, carpentry, electrical, plumbing, and mechanical trades. Completion of this project allowed Kean University to relocate the OCIS administrative offices to an area adjacent to the OCIS Data Center.

d. Green Lane Demolition and Site Prep

Start Date: December 2011
Completion Date: June 2012

Project Description:
The project entails the complete demolition of the existing Green Lane building located at the corner of Green Lane and Morris Avenue. After demolition, the area is to be left according to the contract documents in preparation for future construction.

e. Composter Enclosure

Start Date: June 2011
Completion Date: January 2012

Project Description:
This project provides a permanent enclosure for the SELS composter located behind the University Center. Completion of this project allows the Sustainability Studies faculty to better serve their students by providing hands on laboratory instruction with the composter.

Source: Office of Facilities and Campus Planning, Kean University 2012
