PREFACE

Passaic County Community College received its charter in 1968 to serve the residents of Passaic County with educational and cultural programs. The College opened its doors in October 1971, offering programs in both transfer and career areas, and graduated its first class in 1973.

Since its inception more than 50 years ago, the college has grown significantly. In 1971, PCCC enrolled 324 students in seven programs of study, which included liberal arts, business and health sciences. PCCC now enrolls over 10,000 students annually in more than 90 Associate degree and certificate programs plus an extensive program of English Language Studies, continuing education, workforce development, and training. The physical confines of the college have expanded over the years, from the original single building in Paterson to our expansion in various parts of the county.

Through all of the growth, PCCC has remained steadfast in its commitment to provide academic, cultural, and technological resources and experiences to the residents of Passaic County.
