PREFACE

Founded in 1855, Kean University was the first public postsecondary institution in New Jersey. From its earliest days as a normal school for teacher training, Kean has transformed into a comprehensive, world-class university, with state-of-the-art facilities and a faculty recognized for teaching distinction, scholarship and service.

One of the most diverse universities in the nation, Kean is a federally designated Hispanic-Serving Institution and has a long history of providing an affordable, accessible and exceptional education to its culturally rich student population. Kean has been recognized by *U.S. News & World Report* for the social mobility of its graduates and is the top military friendly university among public schools its size in the nation for success in creating sustainable and meaningful benefits for student veterans, according to the Military Friendly Schools survey.

Kean’s main campus is in Union, New Jersey, with additional locations at Kean Ocean in Toms River and Manahawkin, New Jersey; Kean Skylands in Jefferson Township, New Jersey; and Wenzhou-Kean University in Wenzhou, China.

Kean University has over 16,000 students and offers undergraduate, master’s and doctoral degree programs, as well as programs leading to professional diplomas and certifications, across a full range of academic subjects. Degree programs include subject areas within liberal arts, natural sciences, social sciences, health professions, applied sciences, visual arts, business, public administration, criminal justice, architecture, design and teacher education.

The University’s nearly 100,000 alumni serve in positions of leadership in business, government, education, the creative arts, law enforcement, medicine and health care, research and science, computer science and much more throughout New Jersey, the United States and the world.

Kean has five undergraduate colleges - the College of Business and Public Management; the College of Education; The Dorothy and George Hennings College of Science, Mathematics and Technology; the College of Liberal Arts; and Michael Graves College. Bachelor and master’s degree programs are also offered at the New Jersey Center for Science, Technology and Mathematics and Kean Online. Nathan Weiss Graduate College offers a wide variety of master’s and doctoral programs.

Kean’s campus continues to expand. Hynes Hall, the new building for the College of Business and Public Management, and Hennings Research, a state-of-the-art expansion to Kean’s science building, George Hennings Hall, opened in Fall 2020. The Liberty Hall Academic Center, home to Kean’s Department of History, the Kean University Archives and Special Collections and a modern gallery space, opened in Fall 2019. They are the latest additions to Kean’s beautiful, manicured main campus, which also has a new freshman residence hall and new buildings for architecture and design, computer science and health professions.

Kean has a student-centered environment that provides excellence in instruction and academic support services to ensure students reach their full potential. The University and its students have also been recognized for a strong commitment to community service. In 2020, the University responded to the COVID-19 pandemic by partnering with the County of Union to host county-run COVID-19 testing and vaccination sites and emergency food distribution events on Kean’s campus, with volunteer support from students and other members of the Kean community. The University also responded to the COVID-19 crisis by creating a federally certified COVID-19 diagnostic testing lab to process tests from the Kean site and speed results to Union County residents.
The University remains committed to its mission to provide a world-class higher education and its long tradition of access, opportunity and affordability for students seeking a college degree. Each year, Kean proudly builds on its distinguished history as it stays focused on guiding students to academic and professional success.

Lamont O. Repollet, Ed.D.
President
July 2021
MISSION STATEMENT

Kean University is a public cosmopolitan university serving undergraduate and graduate students in the liberal arts, the sciences and the professions. The University dedicates itself to the intellectual, cultural and personal growth of all its members — students, faculty and professional staff. In particular, the University prepares students to think critically, creatively and globally; to adapt to changing social, economic and technological environments; and to serve as active and contributing members of their communities.

Kean offers a wide range of demanding programs dedicated to excellence in instruction and academic support services necessary to assure its socially, linguistically and culturally diverse students the means to reach their full potential, including students from academically disadvantaged backgrounds, students with special needs, and adults returning or entering higher education.

Kean is steadfast in its dedication to maintaining a student-centered educational environment in which diversity can flourish and an atmosphere in which mutual respect characterizes relations among the members of a pluralistic community. The University seeks to combine excellence with equity in providing opportunities for all students.

Kean is a teaching university, and Kean faculty dedicate themselves to student learning as well as academic rigor. The focus on teaching excellence is supported by a commitment to research, scholarship, creative work and innovative uses of technology. The focus includes the advancement of knowledge in the traditional disciplines and the enhancement of skills in professional areas. Kean is committed to providing global educational opportunities for students and faculty.

Kean is an interactive university, and the University serves as a major resource for regional advancement. Kean collaborates with business, labor, government and the arts, as well as educational and community organizations, and provides the region with cultural events and opportunities for continuous learning. Kean is also committed to providing students and faculty educational opportunities in national and international arenas.
II. DATA BY CATEGORY

A. ACCREDITATION STATUS (FISCAL YEAR 2020-2021)

1. Institutional Accreditation

   Accrediting Body: Middle States Commission on Higher Education
   State Licensing Agency: State of New Jersey Higher Education

2. Professional Accreditation and Specialized Professional Associations

   College of Education

   All programs in the College of Education as well as teacher education programs located in other
   colleges are accredited by the Council for the Accreditation of Educator Preparation (CAEP; formerly
   NCATE). The initial accreditation was awarded in 1954, and the University is currently fully
   accredited through 2024. The following specialized accreditations and recognitions have been
   achieved:

   B.A. and M.A. in Early Childhood Education
   Specialized Professional Association: National Association for the Education of Young Children
   (NAEYC)

   M.A. in Educational Administration
   Accrediting Body: Council for the Accreditation of Educator Preparation (CAEP; formerly NCATE)
   Specialized Professional Association: Educational Leadership Constituent Council (ELCC)

   B.A. in Elementary Education
   Specialized Professional Association: Association for Childhood Education International (ACEI)

   The Kean University Child Care Center
   Specialized Professional Association: National Association for the Education of Young Children
   (NAEYC)

   B.A. and M.A. in Special Education
   Specialized Professional Association: Council for Exceptional Children (CEC)

   M.A. in Instruction and Curriculum: Mathematics/Sciences/Computer Education Option
   (Mathematics, Chemistry and Biology tracks)
   Specialized Professional Associations: National Science Teachers Association (NSTA), National
   Council of Teachers of Mathematics (NCTM)

   B.S. in Physical Education
   Specialized Professional Association: Society of Health and Physical Education (SHAPE-America),
   formally National Association for Sports and Physical Education (NASPE)

   All Fine Arts Education Programs
   Accrediting Body: National Association of Schools of Art and Design (NASAD)

   All Music Education Programs
   Accrediting Body: National Association of Schools of Music (NASM)

   All Theatre Education Programs
   Accrediting Body: National Association of Schools of Theatre (NAST)
College of Liberal Arts

B.A. in English [Teacher Education Option, Teacher of Students with Disabilities Option]
Specialized Professional Association: National Council of Teachers of English (NCTE), Council for Exceptional Children (CEC)

B.A. in History [Teacher Education Option, Teacher of Students with Disabilities Option]
Specialized Professional Association: National Council for the Social Studies (NCSS), Council for Exceptional Children (CEC)

All Fine Arts Programs - B.S. in Fine Arts is accredited for both Kean USA and Wenzhou-Kean, B.F.A. in Studio Arts is accredited for Kean USA
Accrediting Body: National Association of Schools of Art and Design (NASAD)

All Music Programs
Accrediting Body: National Association of Schools of Music (NASM)

All Theatre Programs
Accrediting Body: National Association of Schools of Theatre (NAST)

Michael Graves College

All Design Programs (BFA, BID) are accredited for both Kean USA and Wenzhou-Kean
Accrediting Body: National Association of Schools of Art and Design (NASAD)

BFA in Interior Design
Accrediting Body: Council for Interior Design Accreditation (CIDA)

Nathan Weiss Graduate College

B.S. in Athletic Training
Accrediting Body: Commission on Accreditation of Athletic Training Education (CAATE)

M.A. in Counseling
Accrediting Bodies: Council for the Accreditation of Counseling and Related Educational Programs (CACREP)
Clinical Mental Health, School Counseling and School-LPC options are accredited by CACREP
State Licensing Agency: New Jersey Professional Counselor Examiners Committee

BSN and MSN in Nursing
Accrediting Body: Accreditation Commission for Education in Nursing, Inc. (ACEN)

M.S. in Occupational Therapy
Accrediting Bodies: Accreditation Council for Occupational Therapy Education (ACOTE)
American Occupational Therapy Association (AOTA)

DPT in Physical Therapy
Accrediting Body: Commission on Accreditation in Physical Therapy Education (CAPTE)

Psy.D. Psychology in Combined School and Clinical Psychology
Accrediting Body: American Psychological Association (APA)

Professional Diploma in School Psychology
Accrediting Body: Council for the Accreditation of Educator Preparation (CAEP; formerly NCATE)
Specialized Professional Association: National Association of School Psychologists (NASP)
MSW in Social Work
Accrediting Body: Council for Social Work Education (CSWE)

M.A. in Speech-Language Pathology

**College of Science, Mathematics and Technology**

B.A. in Biology [Teacher Education Option]
Specialized Professional Association: National Science Teachers Association (NSTA)  
[Teacher of Students with Disabilities Option]  
Specialized Professional Association: Council for Exceptional Children (CEC)

B.A. in Chemistry [Teacher Education Option]
Specialized Professional Association: National Science Teachers Association (NSTA)

B.S. in Chemistry
Accrediting Body: American Chemical Society (ACS)

B.S. in Computer Science
Accrediting Body: Computing Accreditation Commission (CAC) of Accreditation Board for Engineering and Technology (ABET)

B.A. in Earth Science [Teacher Education Option]
Specialized Professional Association: National Science Teachers Association (NSTA)  
[Teacher of Students with Disabilities Option]  
Specialized Professional Association: Council for Exceptional Children (CEC)

B.S. in Health Information Management Joint Program with Rutgers University (formerly UMDNJ)
Accrediting Body: Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM via Rutgers University)

B.A. in Mathematical Sciences [Teacher Education Option]
Specialized Professional Association: National Council for Teachers of Mathematics (NCTM)  
[Teacher of Students with Disabilities Option]  
Specialized Professional Association: Council for Exceptional Children (CEC)

**New Jersey Center for Science, Technology and Mathematics**

M.S. in Genetic Counseling
Accrediting Body: Accreditation Council for Genetic Counseling (ACGC)

B.S. in Science and Technology [Biology Education and Chemistry Education Options]
Specialized Professional Association: National Science Teachers Association (NSTA)

2. Enrollment in Remediation Courses by Subject Area

   a. Name of Basic Skills Placement Test Administered

   - Next Generation ACCUPLACER Computerized Placement Test (in-person) February 2020 - March 2020
   - Examity - online proctoring service for ACCUPLACER - Transfer students February 2020 - September 2020
   - Multiple Measures (replaces in-person ACCUPLACER testing) April 2020 - September 2020

   b. Criteria for Selecting Test Takers

   All incoming freshmen must be tested/course placed for reading, writing and mathematics, unless they are exempt from all or part of this process due to their SAT/ACT scores. The criteria for exemption on the basis of SAT/ACT scores is listed below. Students who meet this criteria are automatically placed in non-developmental courses.

   Each incoming transfer student is individually evaluated for his/her reading, writing and math placement testing needs as part of the transcript evaluation process. Transfer students required to test will be notified shortly after their transcript evaluation. Examity serves as the primary source for testing during COVID-19, enabling students to test from home. However, most transfer students are exempt from all or part of testing based on the following criteria:

   SAT/ACT test scores: Same as SAT/ACT exemption criteria for freshmen (see below).

   Specific courses completed at other colleges: Freshman-level transfer students (i.e., those with fewer than 29 transfer credits accepted) may also be exempt from all or part of placement testing on the basis of reading, writing and math coursework they have already successfully completed at other colleges.
The criteria for exemption on the basis of SAT/ACT test scores is as follows:

**New SAT**
- Students with SAT-ERW scores of 510 or higher are exempt from the Reading and Writing sections of the test.
- Students with SAT-Math scores of 510 or higher are exempt from the Math section of the test.
- Students with SAT-ERW scores of 510 or higher and SAT-Math scores of 510 or higher are exempt from all of the parts of the test indicated above (Reading, Writing and Math).
- Students with an ACT Composite score of 23 or higher are exempt from all of the parts of the test (Reading, Writing and Math).

**Multiple Measures**
Course Placements are determined by reviewing high school transcripts of all incoming freshmen who have not submitted SAT/ACT test scores. Emphasis on the following criteria is essential:
- High School Cumulative Grade Point Average
- English and History Final Grades in 11th or 12th grades
- Algebra II or Pre-Calculus or Calculus Final Grades in 11th or 12th grades

e. Kean Online

Kean University established Kean Online during the 2015-2016 academic year with the offering of the bachelor's degree completion program in management and criminal justice as well as a master's degree in educational leadership. In January 2016, Kean University received approval from the Middle States Commission on Higher Education to become a distance-learning degree-granting institution. Kean University currently offers the following undergraduate and graduate programs completely online:

- B.A. in Biology
- B.A. in Criminal Justice
- B.A. in Psychology
- B.S. in Accounting
- B.S. in Management - Entrepreneurship
- B.S. in Management - General Business
- B.S. in Management - Human Resources Management
- B.S. in Management - Supply Chain and Information Management
- RN to BSN
- M.A. in Educational Administration
- M.A. in Educational Administration, School Business Administrator
- M.A. in Educational Administration, Supervisors, Principals and School Business Administrator
- M.A. in Hindi and Urdu Language Pedagogy
- M.S. in Computer Information Systems
- MSW Master of Social Work
- Post-Master's Certification - Principal
- Post-Master's Certification - School Business Administrator
- Post-Master's Certification - Supervisor
- Post-Master's Certification - Supervisor, Principal and School Business Administrator
- Digital Leadership Certificate

Many additional courses have been developed for an online and hybrid delivery to support the educational needs of students attending other Kean University locations. All Kean Online courses are built to meet the highest course design standards and are identical to outcomes and content specified in the official curriculum. The development of the coursework is a
The collaborative process between faculty, instructional designer and university curriculum committees. The course design is conformed with Quality Matters rubrics and standards for ensuring quality and consistency.

2. Other - Agreements with Other Colleges and Universities

Kean Ocean

Kean University and Ocean County College (OCC) continue the Kean Ocean partnership (established in 2006) to provide public higher education in Ocean County beyond the level of the associate degree. Students completing their associate degree can earn a bachelor’s and/or graduate degree at Kean Ocean on the OCC campus.

The bachelor’s degree completion programs offered through Kean Ocean include: Accounting, Biology, Biology - Environmental Biology Option, Biology Health Professions option, Communication Studies, Communication-Journalism and Communication-Public Relations, Community Health Education, Criminal Justice, English, Finance, Global Business, Global Studies, History, History-Pre-Law, Management (Entrepreneurship, General, Human Resources Management and options), Marketing, Mathematics, Nursing, Psychology, Public Administration and Sociology along with programs in Elementary Education with Teacher of Students with Disabilities option (K-6 with content areas/second majors in Biology, Communication Studies, English, History, Mathematics, Psychology [General or Forensic Psychology] or Sociology, and 5-8 with subject certification in Biology, English, History or Mathematics), Secondary Education and Dual Certification in Special Education (P-12/K-12 certification as denoted by program, in Biology, English, Exercise Science, History and Mathematics), Physical Education and Health (K-12 Certification), Recreation Administration options (Community Recreation and Sport and Event Management options) and Recreational Therapy.

Students who have already completed their associate degree have their OCC courses evaluated and matched as closely as possible to the requirements for a Kean degree. Those students who have followed the advanced detailed program curriculum sheets that specify the exact OCC courses to take for fulfilling the requirements of both their OCC associate degree and their Kean bachelor’s degree will be assured complete transferability of their credits. Transfer students from other institutions are also eligible to apply, and their transcripts are evaluated on a course-by-course basis (same process as other Kean University locations).

Kean Ocean also offers master's degrees on the campus of OCC in Accounting, Counselor Education (several options including state certification for school counseling), Educational Leadership (through Kean Online), Exercise Science and several options in Nursing.

Kean will continue to review program offerings on an ongoing basis, making additions and deletions as needs and demands indicate program viability or the lack thereof. Construction of the first Kean building, shared jointly with OCC, was completed in August and opened in September 2013. This state-of-the-art facility provides administrative offices, 22 faculty offices, 12 classrooms (one ITV-equipped), two seminar rooms and a conference room. This physical presence has both improved the student experience as well as confirmed Kean's commitment to provide affordable higher education to Ocean County and the surrounding region. Since the Fall 2016 semester, Kean has been offering degree-completion programs at the Southern Educational Center (Ocean County College's branch campus) in Manahawkin, New Jersey, to bring the upper-division educational
opportunity to southeastern Ocean County. Our current offerings there include: Community Health Education, Management (General Business) and Psychology (General and Forensic Psychology) and a minor in Communication.

Wenzhou-Kean

Wenzhou-Kean in Zhejiang Province, China, has now reached the end of its eighth year of full operation. Student numbers have grown from a class of 205 in Fall 2012 to 2,799 students in Fall 2020*. Wenzhou-Kean had its first commencement in May 2016 with 184 students graduated. Now, for the fiscal year of 2020 (7/1/2019 - 6/30/2020), 442 students graduated from Wenzhou-Kean University*. The student body is currently comprised mostly of Chinese nationals, with visiting U.S. nationals from the main Kean campus and international students from Bhutan, Malaysia, Bangladesh and Venezuela. In the first two years, recruitment was from Zhejiang Province. In subsequent years, recruitment has expanded to 16 additional provinces of China. Furthermore, for the academic year 2017-2018, the University expanded recruitment to Hong Kong, Macao and Taiwan. All Chinese nationals are recruited through the Chinese National College Entrance Examination. Wenzhou-Kean admits Tier 1 (the top tier) from this examination. In addition, a very small number of students are admitted contingently from Tier 2 through an alternate admission process referred to as “3-in-1.”

The number of majors and opportunities for study has grown from an original four majors, in Accounting, Finance, English and Computer Science, to an additional 14 majors in Marketing, Global Business, Management, Psychology, Communication, Mathematical Sciences, Biology, Earth Science, Architectural Studies, Graphic Design, Industrial Design, Interior Design, Chemistry and Economics. Kean courses are offered either by faculty contracted to Wenzhou-Kean University or by Kean faculty visiting from the U.S. campuses. All entering freshmen are required to participate in an English Intensive Preparatory Program prior to the start of classes. Wenzhou-Kean students may take one to five semesters at Kean’s Union campus starting in their sophomore year.

In November 2019, MOE (Ministry of Education) granted Wenzhou-Kean University approval to offer graduate education, and graduates will receive degrees from Kean University. The eight master programs and three doctoral programs are: Computer Information Systems (M.S.), Instruction and Curriculum (M.A.), Global Management (M.B.A.), Biotechnology Science (M.S.), Psychology (M.A.), Educational Administration (M.A.), Architecture (M.Arch.), Accounting (M.S.), Combined School and Clinical Psychology (Psy.D.), Counseling and Supervision (Ph.D.) and Educational Leadership (Ed.D.). The University began three programs in 2020: Educational Leadership (Ed.D.), Biotechnology Science (M.S.), and Instruction and Curriculum (M.A.), and other graduate programs will be rolled out gradually in the coming years.

In the first year of operation (2012-2013), Wenzhou-Kean held classes and housed students using space within Wenzhou University, as a collaboration between the two institutions. In the second year, Wenzhou-Kean moved into its own campus with a general education building for all classes, administrative support offices and conference rooms, a dining hall, and the first residence halls and faculty housing. This group of buildings constituted Phase 1 of the campus building project. Phase 2 was completed in Fall 2015 with new residence halls for all incoming and current students. The College of Business and Public Management Building and faculty housing were brought into operation in January 2018. The Athletics Center was opened in Spring 2018. The second student dormitory complex was completed in 2020. The Michael Graves College of Architecture and Design building, stadium and a science lab facility will be completed in 2021. The Student Learning and Activity Center (Library) will be completed in 2022. The Administrative Building and the College of Science and Technology building are expected to be completed in 2023.
In 2013, the Middle States Commission for Higher Education affirmed Wenzhou-Kean as an additional location of Kean University. In 2014, following the successful completion of the "in preparation" probationary period, the Chinese Ministry of Education announced the approval of the establishment of Wenzhou-Kean University, making it the first Chinese-United States cooperative university in the Zhejiang province and the second in China. The Chinese Ministry of Education granted approval for Wenzhou-Kean graduates to receive dual bachelor's degree certificates from Kean University and Wenzhou-Kean in addition to a Chinese graduation certificate from Wenzhou-Kean, thereby achieving compliance with relevant regulations in China. In 2018, the Bachelor Degree Conferral Evaluation Panel of the Department of Education of Zhejiang Province concluded that Wenzhou-Kean University possesses the qualifications to confer baccalaureate degrees.

Wenzhou-Kean University has continuously developed excellent academic programs, and eight academic programs including Finance, English, Computer Science, Marketing, Global Business, Graphic Design, Mathematical Sciences and Biology recognized by the Department of Education of Zhejiang province as the Provincial Level First-Class Academic Programs. In June 2018, the Chinese Ministry of Education and Zhejiang Province listed Wenzhou-Kean as one of the exemplary Sino-foreign cooperative universities, supporting Wenzhou-Kean becoming an internationalized and world-class university. The WKU TOEFL center was unveiled in September 2019, which meant that Wenzhou became the third city in Zhejiang Province to have a TOEFL test site. In January 2020, WKU was approved as a GRE test center, making it the only GRE test center in the southern Zhejiang area.

Articulation Agreements

A major goal of higher education in the State of New Jersey is to have all colleges and universities make it possible for students to transfer (articulate) from one college to another for the purpose of completing a program of study or degree as expeditiously as possible. In addition to special programs with other colleges and universities, Kean University honors the State of New Jersey's Transfer Legislation (Lampitt Law), the statewide transfer legislation and accompanying implementation agreement, and continues to work with the two-year college sector through the articulation meetings and biannual Two-Year/Four-Year meetings and related conferences. Students graduating from a State of New Jersey county college with an A.A. or A.S. degree may be admitted as juniors provided that all transfer admission requirements and related course prerequisites have been met. It is important to note that full transferability of credits depends on a student keeping the same major that was pursued at the county college. All lower-division general education requirements are considered completed with the A.A. or A.S. degree, unless one or more of the required courses are prerequisites for additional coursework. A.A.S. degrees are not covered by the legislation but may be covered by specific articulations between Kean and the sending county college.

The following is a list of colleges with which Kean University has made articulation agreements:

Brookdale Community College  Ocean County College
College of Saint Elizabeth  Passaic County Community College
County College of Morris  Raritan Valley Community College
Essex County College  Sussex County Community College
Hudson County College  Union County College
Mercer County College  Warren County College
Middlesex County College

Kean University has joint degree programs in Health Information Management, Psychology/Psychiatric Rehabilitation and Clinical Lab Science (CLS) with Rutgers University (formerly UMDNJ) in Newark. Students complete the general education requirements at Kean...
and then apply to Rutgers University (formerly UMDNJ) for the professional phase of the program. Upon completion, students receive a joint bachelor’s degree from Kean University and Rutgers University (formerly UMDNJ).

Source: Admissions, June 2021 and Office of the Provost and Senior Vice President for Academic Affairs, Kean University, July 2021

**Joint Admission Agreements**

Students from New Jersey county colleges who have signed joint admission agreements may be admitted to Kean University by the respective county college. The admission is to the University, not to a major program, and students must meet the criteria listed in the agreement in order to be fully admitted and enrolled at Kean.

The program is designed to strengthen the academic and support partnership between the two-year college sector and Kean University. Agreements have been signed with:

- Brookdale Community College
- County College of Morris
- Essex County College
- Hudson County College
- Middlesex County College
- Ocean County College
- Passaic County Community College
- Raritan Valley Community College
- Sussex County Community College
- Union County College
- Warren County College

Source: Admissions, June 2021 and Office of the Provost and Senior Vice President for Academic Affairs, Kean University, July 2021

**Partnership Agreements**

Partnership agreements are aimed at establishing ties of friendship and cooperation for the purpose of promoting mutual understanding through academic, cultural, scientific, student and personnel exchanges. Partnership agreements have been signed with:

- Rutgers University, New Jersey (formerly UMDNJ)
- Ocean County College
- Ain Shams University (Cairo, Egypt) and Ocean County College have entered into a three-way partnership with Kean University for a 2 (Ocean County College) + 1 (Ain Shams) + 1 (Kean University) degree program for students majoring in either Accounting or Management-General Business. The students complete the requirements through online instruction, with the possibility of some students studying physically at Kean in Union, through self-sponsorship or through sponsorship by AMIDEAST (funded by USAID). The first cohort of 41 students entered Kean University May 2019 to complete their baccalaureate degree requirements, and 11 of those students studied in Union for the first summer session. The entire cohort completed their remaining requirements online and graduated May 2020. Due to the complications from the COVID pandemic, the second cohort did not start until July 2020. This has also delayed any students from the second cohort who planned on studying for the summer or fall semesters.

- Kean University and the Union County Vocational and Technical School (UCVTS) have established a dual-enrollment partnership, allowing students to complete their senior year of high school and freshman year of college simultaneously, enrolling in a full college course load.

2. Externally Sponsored Research, Fiscal Year 2021

The Office of Research and Sponsored Programs (ORSP) seeks external funding to support and enhance faculty and student research, curricular development, and innovation and community outreach programming. The office administers the University’s grants and contracts (internal and external) from the pre-award stage through final reporting and provides oversight to Kean’s centers and institutes. ORSP serves as the University’s liaison with public foundations and is responsible for compliance regarding federal and state regulations. The following table lists the externally sponsored research programs by award amount:

## 3. Internally Sponsored Research, Fiscal Year 2021

Kean University established the Released Time for Research (RTR) Awards program in 1973 to support the faculty’s active interest in research and other scholarly pursuits. Through this program, the University conducts an annual review and selects faculty, professional personnel and librarians to receive research awards of released time and limited direct costs. Projects funded by RTR serve to advance the state of the art or knowledge in a particular field of study or professional activity, or to develop a particular area of research or creative work to the point where it can be shared beyond the Kean University community.

Fourteen RTR projects were funded for the 2021-2022 academic year. Successful applicants receive a maximum of six credits of reassigned time during the academic year and a $400 stipend for equipment, supplies and other needs associated with their research.

Six Untenured Faculty Research Initiative (UFRI) projects were funded for the 2021-2022 academic year. As with the RTR awards, successful applicants receive six credits of reassigned time during the academic year and a $400 stipend for equipment, supplies and other needs associated with their research.
The Students Partnering with Faculty (SpF) Summer Research Program is a competitive program that has been developed to support and advance student and faculty research and scholarship at Kean University. Through the SpF program, full-time faculty have the opportunity to submit proposals in collaboration with undergraduate full-time students enrolled in the current semester for the purpose of attaining funding toward a specific student–faculty research project. Students and faculty each receive $3,500 stipends and up to $2,000 for research supplies and expenses. Fourteen projects were funded during summer 2021.

The Faculty SEED Grant (FSG) is sponsored by the Provost. The primary goal of the program is to provide support for research and creative projects that will lead to proposals submitted to external funding agencies. Faculty can apply annually for two awards or $2,500, whichever comes first, in a 3-year period of funding for up to $1,500 annually. Twenty-five faculty members received this award for the 2020-2021 academic year. An additional 10 faculty received funding for Faculty Seed Grant for COVID-19 Research Projects.

The 3 Minute Pitch (3MP) program is a new award program which encourages innovative approaches by Executive Directors, Chairs and Deans, connecting projects and skills sets across their faculty, and faculty in other areas/schools/colleges.

4. University Recognition for Service, Fiscal Year 2021

Kean is proud of its history of service to the community and its continued commitment to scholarship and teaching. Through the vision of President Repollet and the Board of Trustees, the University has answered the call to serve and continues to be committed to civic engagement initiatives.

Kean’s tradition of service guided the University’s response to the COVID-19 pandemic. Stepping up as a community partner with the County of Union, the University hosted county-run testing and vaccination sites and twice-monthly emergency food distribution events for the residents of Union County on Kean’s main
Kean University

Kean students and other members of the University community volunteered at the sites throughout this challenging time. In an effort to further support the county and its residents, Kean received federal certification for a COVID-19 diagnostic lab to speed the results of tests administered on campus for Union County residents.

Kean University established the Center for Leadership and Service in May 2009 in response to the University’s call to service. The Center functions as a comprehensive connection point for student leadership and service opportunities, thus empowering students to create change and have a positive impact on campus and in the community. It also works with various departments and student groups to plan, organize, implement and assess service initiatives on behalf of the University. Service-based initiatives are embedded into other aspects of the Center’s operations including leadership-development programs, student groups and Greek life.

Kean University hosts a number of service projects throughout the year including the September 11th National Day of Service and Remembrance, Martin Luther King Jr. National Day of Service, Hunger and Homelessness Awareness Week, National Volunteer Week, monthly blood drives, environmental cleanups, disaster relief projects, and multiple charitable fundraising and collection efforts. Organizing these volunteer opportunities into defined areas of social concern encourages Kean students to move from understanding the issues to making an impact.

The Kean community recognizes that we are also a part of the communities that surround us and are therefore committed to the issues that concern them. Community partners and local governments have expressed an increased need for volunteer assistance, and Kean has responded to that need by providing countless hours of volunteer service to the community through organized programs, group activities and individual student efforts.

Beginning in 2012, Kean partnered with JumpStart, an AmeriCorps program, to place Kean students in Elizabeth, New Jersey, classrooms to support early education and literacy programs. Kean students address other local concerns by working regularly with the Elizabeth Coalition to House the Homeless, Habitat for Humanity and the Community Food Bank of New Jersey. The University’s General Education curriculum requires civic engagement and service as a component of the freshman seminar. In addition, Kean was honored as the number two college or university in New Jersey for blood donations by the New York/New Jersey Blood Services for 12 consecutive years through 2019.

I. MAJOR CAPITAL PROJECTS UNDERWAY IN FISCAL YEAR 2021

Kean University’s Union and satellite campuses have transformed and expanded into locations of which students, faculty, staff and alumni can be proud. The last of the major capital projects was completed in Fiscal Year 2021. Through these projects, the University continues its commitment to new classrooms, academic laboratories, performing arts facilities and recreational facilities as part of its overall campus master plan.

1. Projects Under Construction

a. Miron Student Center Court and Exterior Upgrades

Start Date: Spring 2021
Completion Date: Summer 2021

Project Description:
- Construction of a new Multi-Purpose Turf Field as replacement to underutilized tennis court complex. Brand new, state-of-the-art outdoor basketball playing court branded in Kean Spirit Logos and colors.
- Total renovation of Outdoor Volleyball Court
- Upgrades to exterior lighting as requested by our students and Public Safety
- Excellent, ample new exterior seating solutions as requested by our students
- Beautification to all adjacent landscaping areas

b. Esports

Start Date: Spring 2021
Completion Date: Fall 2021

Project Description:
- Esports is an organized, multiplayer online video game competition. Games include Madden NFL 21, FIFA 21, NBA 2K 21, Super Smash Bros. Ultimate, Rocket League, Valorant and more.
- The team will practice and compete in a new esports arena now being built on the second floor of the Green Lane Academic Building.
- The 2,612-square-foot space will feature a large screen for competitions, an area for spectators, state-of-the-art computers built for gaming and gaming consoles, including Nintendo Switch, Sony PlayStation 5 and Xbox.

c. Miron Student Center (MSC) Upgrades

Start Date: Spring 2021
Completion Date: Fall 2021

Project Description:
- Total renovations of our high volume MSC Computer Lab and MSC Game Room to include: All new furniture, finishes and flooring to provide a sleek, modern environment for Inclusivity in the Miron Student Center.

d. Alumni Stadium

Start Date: Spring 2021
Completion Date: Fall 2021

Project Description:
Re-Investment in Kean Athletics, starting with our prized Alumni Stadium renovation project to include:
- All new Multi-Purpose Turf Field for Intercollegiate sports of Men's and Women's Lacrosse, Men's and Women's Soccer, Football and Field Hockey
- All new Synthetic Track branded specifically for Kean University
- All new surface and equipment at our Alumni Stadium Tennis Court Facility
- All new landscaping for track/field
- All new floorplan, finishes and furniture in the President's Box
- Stadium re-branding campaign

2. Pending Projects

a. Townley House Renovation

Project Description:
Create new, usable vibrant work/lounge space for visitors having business on campus

b. Wellness Center

Project Description:
Possible new home for Student Health Services

c. Miron Student Center (MSC) Cafeteria Expansion and Renovation

Project Description:
Cougars Den Renovation

d. Roof Replacement Project

Project Description:
For the Miron Student Center, Bruce Hall and Wilkins Theatre to potentially add Science and Townsend Hall for summer 2022

3. Completed Projects

a. New School of Business and Public Management (Hynes Hall)

Start Date: Fall 2018
Completion Date: Summer 2020

Project Description:
Construction of a new 94,600-square-foot, six-story academic building, positioned at the westerly edge of the Liberty Hall Campus, located in Union, New Jersey. The building will have general classrooms, a lecture hall, a virtual library, student commons space and departmental office suites.
b. **Science Building Addition Project**

   Start Date: Fall 2019  
   Completion Date: Summer 2021  

   Project Description:  
   Science Building Addition Project comprised of approximately 9,800 square feet to provide new state-of-the-art high-level laboratory space through this forward-looking project featuring a modern construction approach.

c. **New Faculty Housing Project**

   Start Date: Summer 2019  
   Completion Date: Summer 2020  

   Project Description:  
   Construction of 36 new faculty housing apartments (1- and 2-bedroom with modern open floor plan and amenities) affords Kean University the ability to attract top teaching professionals from all over the world by offering convenient living accommodations.

d. **Learning Commons Gazebo Project**

   Start Date: Summer 2020  
   Completion Date: Summer 2020  

   Project Description:  
   Construction of 2,800-square-foot, open-air gazebo-type structure to afford students shelter while utilizing the newly created Learning Commons Plaza.

e. **40 Patton Avenue Renovation**

   Start Date: Spring 2020  
   Completion Date: Spring 2021  

   Project Description:  
   Renovation of existing residential house to add classroom space on Floor 1 while converting upstairs into three suite-style apartments.
