G. Profile of Institution

Mercer County Community College was established in 1966. It began operations in the summer of 1967 after incorporating the former Trenton Junior College and The School of Industrial Arts, an institution whose history dates from 1898. Initially housed in various rented facilities in downtown Trenton, the college moved in 1972 to a comprehensive new campus located on 290 acres adjacent to a sprawling new county park in suburban/rural West Windsor Township. Limited operations continued in Trenton until 1976, when the newly constructed Trenton Campus opened as a visible sign of the college's continuing commitment to serve the Trenton community.

Degree and Certificate Programs

Mercer's educational offerings are designed to meet the needs of our community. Through more than 90 program options, including 3 fully online options, students may earn an Associate in Arts (AA), Associate in Fine Arts (AFA), Associate in Science (AS) or Associate in Applied Science (AAS) degree or a Certificate of Proficiency. Unique programs including Funeral Service and Aviation continue to draw a large number of out-of-county students to Mercer. Noncredit offerings cover a wide spectrum, including customized corporate training, continuing professional education, personal interest courses, entry-level employment skills development, and adult basic education. There are also many youth-oriented year-round programs and summer camps.

The GED course will help students analyze their strengths and weaknesses, so they can focus their studying on the areas that they need most. They will learn the basics of what is needed to succeed on the four GED test modules: Reasoning through Language Arts, Social Studies, Science, and Mathematical Reasoning.

Mercer County Holocaust, Genocide and Human Rights Education Center

Under the leadership of the Director of Diversity, Equity, and Inclusion and with the support of the College's Diversity, Equity, and Inclusion Committee, the TRHT Campus Center goal is to prepare the next generation of leaders and thinkers to break down racialized practices and to dismantle the belief in a hierarchy of human value. The Center is structured around the pillars of the TRHT Framework, which focus on narrative change, racial healing and relationship building, separation, law and economy. Over the last two years, the TRHT Center has held several workshops, Racial Healing Circles, a Conference featuring DEI speakers, conducted a Climate Survey, community events, and worked with faculty to bring inclusive practices into their classroom.
