

**To:** Institutions of Higher Education  
**From:** Cecilia Williams, Assistant Director of Communications  
**Date:** January 24, 2024  
**Subject:** Feedback Requested on NJ Department of Health's NJ Parent Link Resource Hub

---

The New Jersey Department of Health (DOH)'s [NJ Parent Link](#) serves as an information hub and resource for expectant and new parents; families with children, youth, and young adults; and professional stakeholders vested in the health, education, and well-being of New Jersey's children and families. DOH is revamping the site in 2024 and is soliciting initial feedback from a diversity of stakeholders via [this survey](#).

Many of today's college students navigate parenthood while in school. This makes the perspective of parenting students, as well as those of the colleges and universities they attend, critical to creating a helpful and comprehensive resource. To help inform the redesign of [NJ Parent Link](#), **please consider completing or sharing [this survey](#) across your campuses and with community organizations/groups** via email, social media, posters, or other frequently engaged communication channels.

**The deadline to submit feedback is January 31, 2024.**
