Subject: Next Steps for FY23 ‘Some College, No Degree’ Initiative: Data SME Webinar & Letter of Intent

Through the previously announced partnership with ReUp Education, the New Jersey Office of the Secretary of Higher Education (OSHE) is dedicated to serving students with some credit but no degree and remains committed to supporting their educational advancement by re-enrolling in institutions of higher education to complete their degrees.

OSHE encourages eligible institutions (senior public institutions, county colleges, and independent public-mission institutions that receive state operating aid) to review the terms of the initiative as well as the requirements of participation in the program to determine their involvement during Fiscal Year 2023 ([see January 30 Opportunity Webinar](#)).

Upcoming Webinar on Partnership Data Element: February 9, 2023 at 11:30 a.m. EST

Eligible institutions that are planning to or considering participating in the initiative are encouraged to complete the [Data Systems Survey](#) by **February 8th** which will inform the materials presented during the highly recommended **Data SME webinar on February 9th at 11:30 a.m.** This webinar is intended for data/technical subject matter experts and will provide additional details regarding the technical integration options for institutions, as well as a Q&A opportunity with ReUp.
