## Support Coordination Agencies

The following agencies are Medicaid/DDD Approved to provide Support Coordination as of **12/30/2022**

**Please Note:** *Support Coordination Agency capacity fluctuates and the Division does not guarantee the availability of openings at any agency listed here. For current availability, please contact the agency directly.*

Support Coordination (SC) Agencies marked with a diamond (◆) are “released agencies,” which means they have received authorization from the Division to have their SC Supervisors approve their own service plans. This signifies that these agencies do not have to submit service plans to the Division for review and approval because they have met a minimum standard for delivering quality service plans. Please note that newer agencies and those serving a smaller number of individuals may not yet be released, which does not necessarily reflect on their quality. All SC Agencies, including released agencies, are subject to routine and, when warranted, targeted audits for quality assurance purposes. We update the SC Agency List as additional agencies receive released status, so please ensure you have the most up-to-date list when choosing an agency.
