

**COVID-19 Response**

**Date: 06-11-2020**

**Topic: Temporary Funding for Congregate Day Services  
Related to Facility Closures**

**Congregate Division Day Services**

Congregate Division of Developmental Disabilities (Division) day services are currently unable to be delivered due to complications experienced during the COVID-19 pandemic. Specifically individuals served in these settings are subject to state stay-at-home orders and unable to participate in them.

For the two week period beginning June 15, 2020, service providers receiving the 75% retainer payment from the Division due to facility closures will continue to receive that payment.

Day providers should not submit claims to DXC for any of the following five services as these services are being funded through the DDD's retainer payment:

- Career Planning
- Community Inclusion Services
- Day Habilitation
- Prevocational Training (Group)
- Supported Employment (Group)
