

Topic: Temporary Funding for Residential Providers

September 1, 2020 through September 30, 2020 (or the end of the public health emergency, whichever is first)

- IS Daily Rates will continue to be temporarily enhanced to include the previously calculated 20% funding for increased daytime staffing needs.
- Temporarily enhanced rates apply only to fee-for-service claims to DXC for IS Daily Rate services rendered to Community Care Program recipients.
- Providers will continue to claim and be reimbursed at the regular (not enhanced) daily rate for each individual who meets the reimbursement criteria outlined in Appendix M of the Community Care Program Policies and Procedures Manual.
- At the close of each month, the Division will process a supplemental payment for IS Daily Rate providers as follows: Total IS Daily Rate units multiplied by Rate Differential (difference between regular and temporarily enhanced daily rates). Taken together (claims reimbursements plus Division's supplemental payment), providers will receive the enhanced IS Daily Rates.
- The Division will perform a final reconciliation one quarter after the enhanced rate period ends to account for claims lag and ensure alignment between on-system claims and off-system financial transactions.

No Changes Needed to Individualized Service Plans (ISPs)

- Due to the temporary nature of the IS Daily Rate enhancement, there will be no change in service prior authorizations, claiming, DXC rates, or service plans.
- Support Coordinators do not need to revise ISPs.
