

Do you have a loved one or provide care to individuals with Alzheimer's or Dementia?

Share your experiences and expertise with New Jersey Human Services

The New Jersey Alzheimer's and Dementia Care Long-Term Advisory Commission wants to hear from you. The Commission is holding two meetings to gather ideas on how to improve services for people with Alzheimer's and related dementias. Whether you have Alzheimer's or dementia yourself, care for a loved one, provide care, or work with support groups or service agencies, your feedback is valuable. Your suggestions on how to make services better, more affordable, and consistent will inform the Commission's work.

Wednesday, September 17 (5 – 7 p.m.) (Zoom)

Monday, September 29 (1 – 3 p.m.)

Mercer County Community College,
Conference Center, 1200 Old Trenton Road,
West Windsor

Deadline to Sign Up: September 13
