"EVERYONE HISTORY" PROGRAM REVIEWS

"My students absolutely loved the park and the two of you as their guides. They especially enjoyed the blacksmith, carpenter, store and the games...They were asking on the way home when we can go back so that tells me they loved it so. I am hoping to take students each year."

Veronica,
Special Ed. Teacher

"Speaking for myself, I loved the tour! You and John presented just enough information for our students to absorb, and the timing was good too - just enough information to keep them engaged. Both the blacksmith and the carpenter demonstrations were informative and enjoyable. We all enjoyed shopping at the General Store."

Janet,
Special Ed. Teacher

"We did love that it felt like a very personal tour for us, since there was nobody else there which was easier for them to pay attention I think, and be able to get the most experience out of it".

Dawn,
Special Needs Caregiver
