

NJ FamilyCare/Medicaid Non-citizen Eligibility Guide

If you are an immigrant or non-citizen and a New Jersey resident, changes in federal rules under the One Big Beautiful Bill Act (OBBBA) may affect your access to health insurance, including NJ FamilyCare.

IMPORTANT: The new law **does not change** NJ FamilyCare rules for non-citizen children under 19 or pregnant individuals.

This Guide Explains:

- Who may qualify for NJ FamilyCare
- Which immigration statuses are eligible
- Eligibility changes starting **October 1, 2026**
- Documents that prove NJ FamilyCare immigration eligibility

Important:

- Eligibility depends on your individual situation.
- This guide is for general information only.
- If you believe you are still eligible for NJ FamilyCare, please respond to all requests for information.
- We encourage you to speak with a trusted community organization or legal services provider to understand your options.

Mixed Status Families: Parents who do not qualify for benefits because of their own immigration status can still apply for their children. Only the family members requesting NJ FamilyCare must provide citizenship or immigration information and their social security number (if they have one). Other family members who are not applying do *not* have to provide citizenship or immigration information.

Please respond to all NJ FamilyCare mail right away. Your application can be denied if you do not respond.

If you have questions or need help filling out the NJ FamilyCare application, call 1-800-701-0710 (TTY: 711) for assistance.

Please note: All information in this document is based on federal guidance as of June 1, 2026. Additional federal guidance may result in changes. This guide will be updated when new information is received.
