MEDICAID COMMUNICATION NO. 98-14 **DATE:** June 29, 1998

TO: County Welfare Agency Directors
Tax Security Liaisons
Institutional Services Section Area Supervisors

SUBJECT: Implementation of IRS/IEVS
Matches for Tax Year 1996

The purpose of this Communication is to provide an update to the scheduling of the IRS/IEVS monthly matches for Tax Year 1996. Medicaid Communication 97-16, dated August 26, 1997, indicated that these matches would begin soon after the completion of Tax Year 1995. However, due to a delay in implementing programming changes for Tax Year 1996 and other operational issues, we were unable to keep to our original plans, resulting in the following revised schedule.

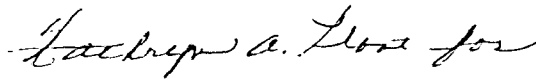

At this time, we are planning to combine new applicant months July and August 1997 for mid-July 1998 output; September and October 1997 new applicant months for early September 1998 output; and the November 1997 Annual Run, which also includes new applicant month December 1997, for output by late October 1998. We apologize for having to initiate this accelerated matching schedule and appreciate your cooperation.

Also, as a result of IRS coding additions, the FD-348 and IRS/IEVS matched records reports have been modified to include non-payment indicator fields (NP1 and NP2). The IRS document codes for Tax Year 1996, which were included with Medicaid Communication 97-16, define the various non-payment indicators relative to the corresponding document type. For your reference, attached are the two report sample formats showing where the new fields will appear.

We also previously advised that the Division was in the process of revising the LD-141 notification letter. I am happy to report that an 8 1/2" x 14" self-mailer will be used in the first scheduled match for Tax Year 1996 for those counties still utilizing the form. Attached is a sample LD-141 for your reference. You will note that the text has been changed to include language which was adopted as a result of the survey we conducted with your agencies. Hopefully, these changes will help to improve the overall efficiency of IEVS processing.

Thank you for your cooperation in this matter. Any questions concerning this Communication should be directed to Ginni Jaslar of the Division's Office of Information Systems at (609) 588-2762.

Sincerely,

A handwritten signature in cursive script, appearing to read "Karen I. Squarrell".
