What you need to know about Applying for Medical Assistance for the Aged, Blind and Disabled

When you apply for medical assistance you will be asked to provide documents containing information that can verify both your personal and your financial information. The more documentation you are able to provide the easier it will be to process your application. If some documents are not available, we may be able to verify information through outside sources. **However, using outside sources may cause delays in processing your application.** The following information explains what documents you will need to apply:

Basic Information:

In order to qualify for Medicaid you must be 65 years old or blind or disabled and either a U.S. Citizen or lawfully admitted for permanent residence (or certain eligible aliens) and a resident of New Jersey. Proof of your marital status is needed along with your spouse's social security number and date of birth because the resources of your spouse will also be used in determining your financial eligibility. Listed in the columns below are examples of documentation that can assist in the processing of your application. Only one document from each column is needed. Be aware that some documents provide proof for more than one category. For example, a U.S. Passport will prove your age and citizenship and identity. Documents which should be included with your application include but are not limited to:

<u>Age</u>	<u>Citizenship*</u>	<u>Identity*</u>	<u>Marital Status</u>
US Passport	US Passport	US Passport	Marriage Certificate
Birth Certificate	Birth Certificate	Photo License	Divorce Decree
Driver's License	Naturalization Papers	School I.D.	Death Certificate
Baptismal Cert.	Alien Registration Card	US Military I.D.	Separation Papers
State issued I.D.	Final Adoption Decree		

***Consult with your County Board of Social Services to obtain a more detailed list of tiered verifications that can be accepted.**

Financial Information:

You must meet certain income criteria and be resource eligible. The income can be earned, (receiving a pay check), or unearned (receiving interest from an investment account). Listed below are examples of documents that can prove how much money you receive each month. Documents showing income include but are not limited to:

Copies of Recent Pay Stubs	Copy of Social Security Check or Award Letter
Copy of Temporary Disability Check	Copy of VA Benefits Check or Award Letter
Copy of SSI Check or Award Letter	Copy of Worker's Compensation Check or Letter

The Medically Needy Program provides limited medical coverage to disabled or aged individuals who do not qualify for other Medicaid programs due to excess income or resources. This program features a spend-down provision, in which documented medical expenses and nursing home costs can be used to reduce your monthly income and to meet the program's limits (**currently: \$367.00/month in income and \$4,000.00 in resources for an individual, and \$734.00/month in income and \$6,000.00 in resources for a couple**). For your information, a hospital bill paid by Primary Care is considered **unpaid** for the purposes of the Medically Needy Program. **Please Note: You must apply for the Medically Needy Program every six months.**
