

## Opioid Overdose Prevention Program (OOPP)

The Division of Mental Health and Addiction Services (DMHAS) contracts with three providers to support regional (North, Central and South) Opioid Overdose Prevention Programs (OOPP) operating in all of NJ's twenty-one counties for the purpose of providing education to participants so that they can recognize an opioid overdose and subsequently be equipped to provide life-saving rescue measures to reverse the effects of an opioid overdose. Funded OOPPs provide individuals at-risk for overdose, their family members, friends, and loved ones with naloxone rescue kits and educate and train them on how to prevent, recognize and respond to an opioid overdose. In addition, the OOPP providers organize trainings at schools, jails, prisons, substance use disorder treatment programs, homeless shelters, Offices of Emergency Management, HIV primary care offices, fire departments and community health clinics. Individuals can reach out directly to the contacts below to request a training to be held in their area/location.

Morris County Prevention is Key (Northern Region)

25 West Main Street
